9TH GLOBAL SUMMIT ON ARTIFICIAL INTELLIGENCE AND NEURAL NETWORKS

SEPTEMBER 6, 2021

WEBINAR

About Conference

ME Conferences cordially invites all participants from all over the world to attend the conference, the “9th Global Summit on Artificial Intelligence and Neural Networks” will take place on September 6, 2021. This is a fantastic opportunity to share your ideas and suggestions with the other participants.

SESSIONS & TRACKS

- The Next Generation of Artificial Intelligence
- Smarter Big Data, Data Analytics and Insights
- Deep learning system to track human motion
- Artificial Intelligence in Music
- Artificial Neural Networks
- AI for Cyber Security Applications
- Biometric security solutions
- Virtual reality and Augmented reality
- Robotics and Mechatronics
- Artificial intelligence in gaming
- Machine Learning
- Block chain for IOT Security
- Convolutional Neural Networks
- Enterprise Artificial Intelligence
- Natural Language Processing
- ML Platforms With Cloud Services
- Deep Reinforcement Learning
- Autonomous Robots
- Data Mining for Robotics and Intelligence Software Agents
- Support Vector Machines

TARGET AUDIENCE

- Researchers and Scientists
- Professors, Engineers and Students
- Smart Innovators
- Software Developers
- Robotic Technologist
- Gaming Professionals
- Computer vision engineers
- Artificial Intelligence hardware specialists
- Data labelling professionals
- Data protection specialists
- Architectures
- Automation Industry Leaders
- Defence Research Professionals
- Managers & Business Intelligence Experts
- Advertising and Promotion Agency Executives

UPGRADING THE SMART GENERATION BY USING ARTIFICIAL INTELLIGENCE
