Email: neuroophthalmology@annualcongress.net
neuroophthalmology@conferencesworld.org

Conference Highlights

- Neuro Ophthalmology
- Perception and Visual Cognition
- Pediatric Ophthalmology
- Infant Vision
- Clinical Ophthalmology
- Retinal Care
- Scrutiny of Visual Sensory System
- Eye Health
- Ocular and Neurologic Evaluation
- Cosmetic /Aesthetic ophthalmology
- Optometry and Vision science
- Vision Science and Technologies of Ophthalmology
- Neuroscience of Visual Impairment
- Recent Researches in Vision Science and Ophthalmology

** Speaker Slots are Available **

Tentative Program

DAY 1 JUNE 04, 2018

MORNING SESSIONS	RECEPTION/REGISTRATION	08.00-09.00	
		TIME	GENERAL SESSION
		09.00-09.15	INAUGURAL ADDRESS
	LEAST OF 3 KEYNOTE/ PLENARY TALKS	09.15-09.45	KEYNOTE/PLENARY TALK 1
		09.45-10.15	KEYNOTE/PLENARY TALK 2
		10.15-10.45	KEYNOTE/PLENARY TALK 3
PANEL DISCUSSIONS/GROUP PHOTO			
COFFEE/TEA BREAK 10.45-11.00 (NETWORKING)			
EVENING SESSIONS	11.05-13.30	5 SPEAKERS (20 MINS EACH)	
	LUNCH BREAK 12.40-13.30		
	13.30-15.30	6 SPEAKERS (20 MINS EACH)	
	COFFEE/TEA BREAK 15.30-15.45 (NETWORKING)		
	15.45-17.25	5SPEAKERS (20 MINS EACH)	

DAY 2 JUNE 05, 2018			
	TIME	SESSION 1	SESSION 2
	09.00-10.40	5 SPEAKERS (20 MINS EACH)	5 SPEAKERS (20 MINS EACH)
COFFEE/TEA BREAK 10.40-10.55 (NETWORKING)			
	10.55-12.35	5 SPEAKERS (20 MINS EACH)	5 SPEAKERS (20 MINS EACH)
LUNCH BREAK 12.35-13.25			
EVENING SESSIONS	13.25-15.05	5 SPEAKERS (20 MINS EACH)	5 SPEAKERS (20 MINS EACH)
	AWARDS & CLOSING CEREMONY		

Poster Guidelines

The poster exhibition will be located on the exhibition area of the congress centre. The area will be clearly signposted from the registration area.

Technical Instructions:

- Posters must be prepared in Portrait style.
- Please DO NOT prepare a landscape poster
- The dimensions should be 100 cm high by 70 cm wide
- Posters should be attached to the boards with stickers, which you will be supplied to the organizers.
- Poster session schedule Posters will be displayed and presented in session.

Please plan to be at your poster and available to answer questions from delegates at the time of your assigned poster session. Posters will be displayed according to the POSTER numbers given by the organizers and will be grouped by sub topic.

Young Researchers Forum

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

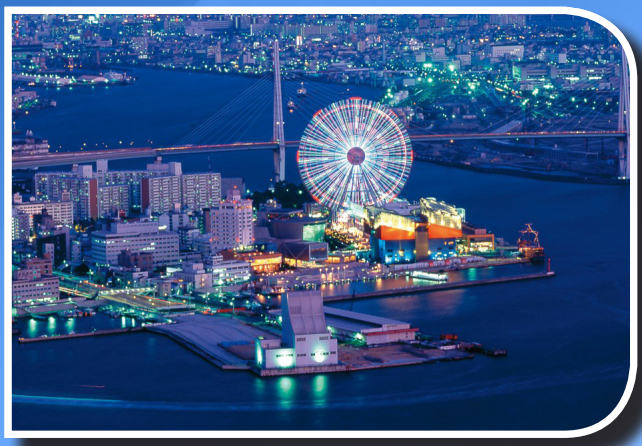

Young Researcher Sessions are organized to provide a unique platform for Young Researchers/Investigators for presenting latest research projects with an in-depth analysis. Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event. Participants should be below the age of 33 years. All submissions must be in English.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

For further information please contact: neuroophthalmology@annualcongress.net, neuroophthalmology@conferencesworld.org

Plan your Trip to Osaka

About Osaka

Osaka is the most populous city in the Japan which is developed very rapidly and become the attraction for all kinds of investments. It is the tourist hub and known for the luxury and comfort and thus it makes the perfect destination for Haematology & Neuro Ophthalmology 2018.

A booming population, growing prevalence of lifestyle diseases and mandatory health insurance policies are fuelling the growth of private sector firms in the Japan's healthcare industry.

Japan's private hospitals were valued at $1.75 billion in 2013 but are expected to reach $3.23 billion by 2020, according to a new report by research firm Colliers International.

The report revealed that population growth, prevalence of lifestyle diseases, introduction of compulsory health insurance along with the emirate's push to become a medical tourism hub are expected to drive the growth of the private sector in Japan's healthcare industry.

Osaka is the second largest metropolitan area in Japan and serves a major economic hub. Historically a merchant city, Osaka has also been known as the "Nation's Kitchen". With a population of 2.5 million, Osaka is Japan's third largest and second most important city. It has been the economic powerhouse of the Kansai region for many centuries. The city's west side has the main port as well as a tourist destination with attractions such as Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka castle, Umeda sky building and the Tempozan Harbour Village. Osaka is known for its food, both in Japan and abroad. Author Michael Booth and food critic François Simon of Le Figaro have both suggested that Osaka is the food capital of the world. Osaka's culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and close proximity to the ocean and waterway trade.
