CLIMATE:

October is a fairly cool time to visit London, UK, when the autumn season is well underway. During this month, the average temperature is 12°C – that's 4°C cooler than in September – which slowly changes as the month develops. On October 1st, daily highs start off at 18°C, gradually dropping down to 13°C by October 31st, rarely going over 21°C or falling under 11°C. The daily low temperatures follow a similar pattern, beginning at 12°C on October 1st and steadily falling to 9°C on October 31st, rarely exceeding 15°C or going under 5°C.In October London enjoys an average of five hours of sunshine each day – that's one hour less than in September. As the month goes on, the amount of sunshine hours and daylight hours gradually decreases. From the start to the end of the month, the day shortens by 1 hour and 54 minutes. The shortest day of the month is October 31st with 9 hours and 42 minutes of daylight and October 1st is the longest day of the month with 11 hours and 36 minutes of daylight.

CURRENCY:

The UK' s currency is the pound sterling (£ / GBP).Credit cards – especially Visa and Master card – are widely accepted in London's restaurants, bars, cafés and shops. American Express and Diners Club cards are less commonly accepted..

London Public Transport Tickets & Travel Passes

Public transport services are dominated by the executive agency for transport in London: Transport for London (TfL). TfL controls the majority of public transport, including the Underground, Buses, Tramlink, the Docklands Light Railway, London River Services and the London Overground.

Unless you are going to make just one single journey on public transport in London then you should really be looking to either purchase an Oyster card , use a contactless payment card or a London Travelcard travel pass and not pay for single tickets.

London Bus, Tram & Metro Fares & Ticketing

London has one of the largest urban transport networks in the world, with integrated bus, river and road systems spanning the city's 32 boroughs.

London's iconic double-decker buses are a quick, convenient and cheap way to travel around the city, with plenty of sightseeing opportunities along the way.

If you only use buses and trams to travel around London, you will pay a maximum of £4.50 per day, as long as you pay with the same ticket or contactless payment card every time.

To pay for your bus fare simply touch your Visitor Oyster card, Oyster card or contactless payment card on the yellow card reader as you board the bus, or show the driver your paper Travel card ticket. Remember to only use the card you wish to pay with and keep all other cards separate.

You can use a Visitor Oyster card, Oyster card or Travel card as well as contactless payment cards on all London Overground trains and most National Rail services in zones 1-9.

London Bus, Tram & Metro Ticket Prices

Pay as you go for £1.50 with contactless or Oyster on all London buses that display the red roundel shown here.

Pay as you go for £1.50 with contactless or Oyster on all trams in London.

One Day Bus & Tram Pass-£5.00

7 Day Bus & Tram Pass-£21.20

Children under the age of 11 travel free on buses and trams

Venue

One of the world's most visited cities, London has something for everyone: from history and culture to fine food and good times. London is as much about wide-open spaces and leafy escapes as it is high-density, sightpacked exploration. Central London is where you will find the major museums, galleries and most iconic sights, but visit Hampstead Heath or the new Queen Elizabeth Olympic Park to escape the crowds and view the city's greener hues up close. Or venture even further out to Kew Gardens, Richmond or Hampton Court Palace for excellent panoramas of riverside London. The United Kingdom of Great Britain and Northern Ireland, commonly known as the United Kingdom (United Kingdom) or Britain is a sovereign state located off the north-western coast of continental Europe. The country includes the island of Great Britain (a term sometimes loosely applied to the whole state), the north-eastern part of the island of Ireland, and many smaller islands. The total area of the United Kingdom is approximately 243,610 square kilometers (94,060 sq. mi). The country occupies the major part of the British Isles archipelago and includes the island of Great Britain, the north-eastern one-sixth of the island of Ireland and some smaller surrounding islands. The United Kingdom has a temperate climate, with plentiful rainfall all year round.
