Who Should Attend?

This activity has been designed to meet the educational needs of CEOs, CMOs, physicians, physician assistants,

Neurosurgeons, Medical Assistants, program administrators, and other professionals from hospitals, ACOs, private practices, large group practices & clinics and University Deans, Proffesors, Assistant Professors, PhD Scholars&their assistants and Students those who are currently involved in the live projects encouraged to attend.

Abstract Information: Oral / Poster Presentation Guidelines

Oral Presentations are generally split into TWO categories, as follows:

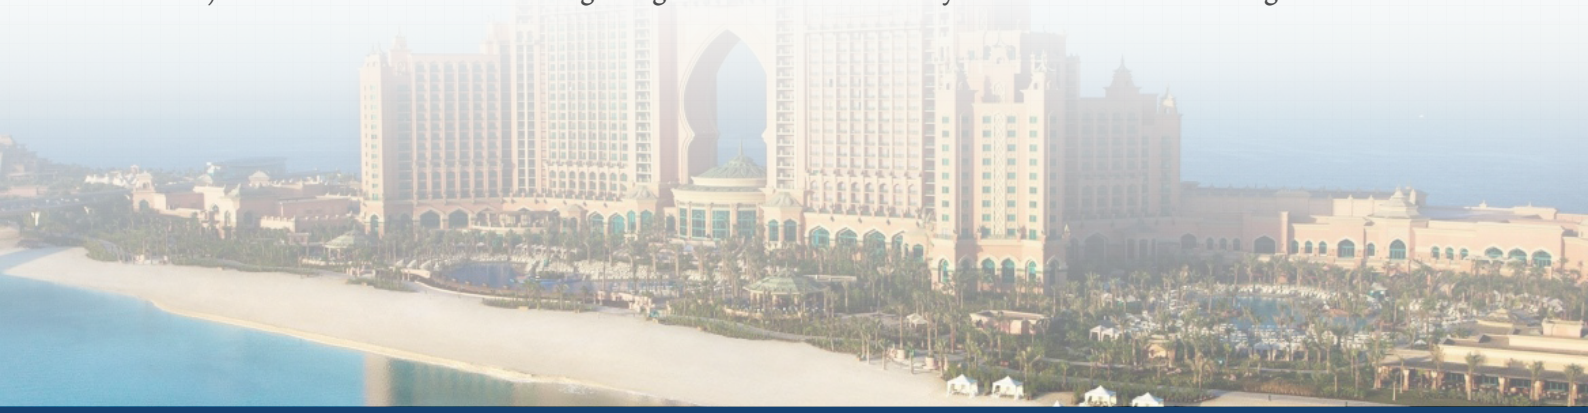

1. Plenary Lectures
   - Each Plenary lecture is 25 minutes in length and comprises one presentation. We recommend you plan to present for approximately 20 minutes with 5 minutes for questions/discussion.
   - Where Plenary Lectures are presented as debates, each of two speakers should plan to present for 20 minutes, allowing five minutes for closing questions and conclusions. We recommend that invited speakers communicate in advance of the Moderator so that presentations may be coordinated.
2. Oral Sessions
   - Each Oral Session is 60 minutes in length and comprises two presentations, of 30 minutes each. We recommend that you plan to present for approximately 15 minutes, allowing time for questions/discussion at the end of the presentation.

Please prepare you presentation in 16:9 format (screen are in format 16:9). We recommend you to save your PowerPoint presentation using PPT(X) format instead of PPS.

A technician is available in every session room to provide assistance when needed. Due to the online presentation system, all speakers are kindly requested to use provided PC onsite. Please be present in the session room 15 minutes prior the start of your session and follow the instructions from the Chairs and/or technician. During your presentation a remote control will be available for controlling your presentation. Please observe the time allotted to you as you will not be permitted to speak for longer time. At the end of the Congress, all presentations will be deleted from the presentation system and computers on-site.

Speaker Preview Room

All speakers are asked to upload their presentation at the Speaker Preview Room (located in the Registration area) at least one hour before the beginning of the session or the day before in case of a morning session.

Poster Guidelines

The poster exhibition will be an integral part of Neurologists 2017.

The poster exhibition will be located on the exhibition area of the congress centre. The area will be clearly signposted from the registration area.

Technical Instructions:

- Posters must be prepared in Portrait style.
- Please DO NOT prepare a landscape poster
- The dimensions should be 100 cm high by 70 cm wide
- Posters should be attached to the boards with stickers, which you will be supplied to the organizers.
- Poster session schedule Posters will be displayed and presented in session.

Please plan to be at your poster and available to answer questions from delegates at the time of your assigned poster session. Posters will be displayed according to the POSTER numbers given by the organizers and will be grouped by sub topic.

Young Researchers Forum

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

Young Researcher Sessions are organized at the Neurologists 2017, to provide a unique platform for Young Researchers/Investigators for presenting latest research projects with an in-depth analysis. Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event. Participants should be below the age of 33 years. All submissions must be in English.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

Certificates Felicitation by the organizing Committee

Closing Ceremony

About Dubai

Dubai is the most populated city in the UAE with residents of 2.2 million. Dubai is global business city and cultural hub of the Middle East and the Persian Gulf region. It is one of the countries of MENA which has international network of research with higher-education institutions, transport, business, communication, events and conference hub bridging healthcare professionals from the seven continents annually to collaborate and exchange knowledge and research.

Dubai's attraction lies in the contrast between the ultra-modern and the enchantingly traditional, which gives the city a personality like no other and visitors a variety of experiences to choose from. From desert oases and unspoiled beaches, camel races and old wind towers, to top-class shopping opportunities, avant-garde architecture and the finest international cuisine, Dubai has more than enough depth to satisfy even the most seasoned of travelers.Dubai is essentially a desert city with superb infrastructure, liberal policies that became popular for its excellent tourist amenities. Air flights take 5hours from Europe and 3hours from most parts of the Middle East, the Near East, and the subcontinent of India, Dubai makes a great short break for shopping, partying, sunbathing, fine dining, sporting events, and even a few sinful pleasures. It is a city of superlatives: for the fastest, biggest, tallest, largest and highest, Dubai is the destination. It has the largest immigrant population in the world. Recently Dubai won the bid to host EXPO 2020, a Universal scale Registered Exposition approved by the Bureau of International Expositions (BIE), Paris.
