https://neuroscience.neurologyconference.com/

Invitation

Dear Attendees,

Conference Series LLC Ltd welcomes you to attend the 33rd World Neuroscience and Neurology Conferences during November 02-03, 2020 | Rome, Italy. We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Neuroscience

Neuroscience 2020 anticipates more than 100 participants around the globe with thought providing keynote lectures, oral and poster presentations. The attending delegates include editorial board members of related open access journals. This is an excellent opportunity for the delegates from universities, institutes and industries to interact with the world class scientists. The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is "Breakthroughs and Achievements in Neurocognitive Research"

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts. Life is full of give and take. Make it count in your professional life. Attend the Neuroscience 2020 to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level. We look forward to personally welcoming you to this November.

Sincerely,
Neuroscience 2020
Organizing Committee

About Us

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be
published inrespective UK: Conference Series LLC Ltd Journals
Each abstract will be provided with digital Object Identifier by Crossref

About Conference

Neuroscience 2020 Conference website is attracting 25000+ Neuro Scientists, Doctors, Neurologists, Consultants, Physicians online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Neuroscience 2020 salient features

- Meet academia and industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly organized and structured scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 million+ visitors and 20000+unique visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for global networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goal of the conference is to provide a transformative professional development experience.
- Bringing together the world's scientific experts to catalyse and advance scientific knowledge about Neuroscience and Neurology and regulatory measures present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to elderly population around the world and overcome barriers that limit access to care and services.

About Conference

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in the field of Neuroscience and Neurology
- Discuss and apply recent research findings related to Neuroscience and Neurology
- Reflect on the place of critical distance in Neuroscience and Neurology

Who should attend

33rd World Neuroscience and Neurology Conferences is exclusively designed for Neuro Scientists, Neurologists, Physicians, Doctors, Consultants, Research scholars, Students, Academicians, Business professionals and others engaged in endeavours related to Neuroscience and Neurology research and business.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000 + Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

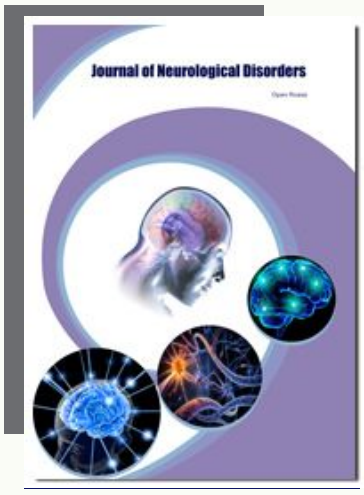

Major Sessions

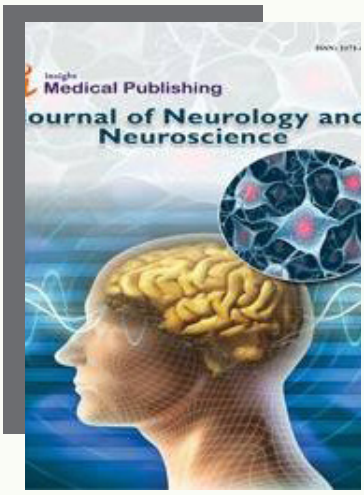

- Neurology
- Neurons
- Neurological disorders
- Central Nervous System
- Spine and Spinal Disorders
- Neuro-Degenerative Disorders
- Pediatric Neurology
- Neuro Epigenetics
- Neuro Oncology
- Clinical Neurology
- Dementia
- Parkinson's Disease
- Spinal Bulber Muscular Atrophy (SBMA)
- Neuronal Development and Regeneration
- Molecular and Cellular Neurobiology
- Neurogenomics
- Neuropsychiatry and Behavioral Science
- Diagnosis and Imaging Techniques
- Neuro-chemistry
- Nursing and Neuroscience
- Neurosurgery
- Pharmaceuticals and Therapies
- Clinical Trails & Case Reports

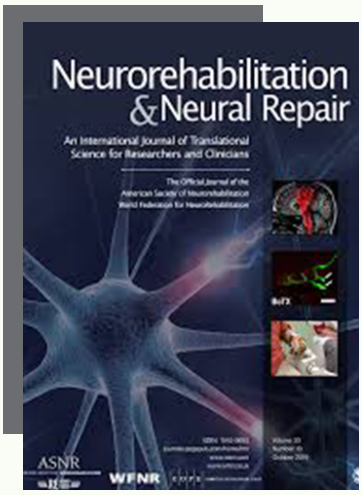

Supporting Journals

- Journal of Neurological Disorders
- International Journal of Neurorehabilitation
- Journal of Neurology and Neuroscience

About

Rome is the capital city and unique commune of Italy Rome likewise fills in as the capital of the Lazio locale. With 2,872,800 occupants in 1,285 km, it is additionally the nation's most populated commune. It is the fourth most crowded city in the European Union by populace inside city limits. It is the focal point of the Metropolitan City of Rome, which has a populace of 4,355,725 occupants, accordingly making it the most crowded metropolitan city in Italy. Rome is situated in the focal western segment of the Italian Peninsula, inside Lazio, along the shores of the Tiber. The Vatican City is a free nation inside the city limits of Rome, the main existing case of a nation inside a city: consequently Rome has been regularly characterized as capital of two states. Rome is the capital city and an extraordinary commune of Italy .Rome likewise fills in as the capital of the Lazio district. With 2,872,800 occupants in 1,285 km2. It is additionally the nation's most populated commune. It is the fourth most crowded city in the European Union by populace inside city limits. It is the focal point of the Metropolitan City of Rome, which has a populace of 4,355,725 inhabitants, in this manner making it the most crowded metropolitan city in Italy. Rome is situated in the focal western bit of the Italian Peninsula, inside Lazio, along the shores of the Tiber. The Vatican City is a free nation inside the city limits of Rome, the main existing case of a nation inside a city: thus Rome has been frequently characterized as capital of two states.
Rome was established in 753 BC by Romulus. Roman legend says that Romulus had a twin sibling called Remus. As children they were deserted in the territory which later moved toward becoming Rome. A she-wolf found and raised them; however when they grew up Romulus battled and murdered Remus and turned into the principal leader of Rome. The number of inhabitants in the city of Rome is around 2.7 million. The whole metropolitan zone of Rome has an expected 3.7 million individuals. By the mid fourth century, the Romans had constructed a street system of 53,000 miles all through the domain. Every Roman mile was around 1,000 paces and was set apart by an achievement. Palace originates from the Palatine Hill, where Augustus built up the sovereigns custom of structure their royal residences.

Rome remains as one of the best and most established urban communities on the planet. The historical backdrop of Rome ranges more than 2500 years and it has been a focal point of intensity, governmental issues, culture and improvement since its beginning. Production of the city is saturated with legend and folklore and there are different various records of how this superb spot was constructed. Different Roman heads and Casers have controlled forceful Rome and this is where the huge Roman Empire developed from.
