WELCOME ADDRESS

Dear Attendees,

The Neuroscience 2026 Organizing Committee is absolutely delighted to welcome you to the **39th International Conference on Neuroscience and Neurochemistry** which will be held in on **October 19-20, 2026** at **Paris, France,** where we will be shining a spotlight on *"Scientific Quest to Enhance the Fascinating and Mystified Neurons"*.

We are looking forward to providing you with a superb environment in which to present, discuss and advance your Neuroscience research. The world class scientific programme will consolidate existing knowledge while at the same time increase your awareness of leading edge and forward looking advances in the field.

The congress is set to take place in one of the world's most iconic global cities—Paris, a historic hub of culture, art, science, and innovation. Situated along the picturesque banks of the Seine River, Paris has long been a center of intellectual and cultural exchange, playing a vital role in shaping Europe's heritage and global influence.

We look forward to seeing/welcoming you in 2026 for an experience of a lifetime.

With Regards
Neuroscience 2026
Organizing Committee

ABOUT US

About Hosting Organization

Conference Series is the world's leading specialist in organizing academic, scientific and business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology, Business and many more to promote scientific research.

Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 50+ countries all through the year
- Over 25 Million+ Visitors and 25000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking Add a little bit of body text.

Neuroscience 2026 salient features

- Meet academia and industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, benchmarking and networking offered at one place
- Forge connections and for global networking
- Highly organized and structured scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

ABOUT US

Goals & Objectives

- The Neuroscience 2026 aims to bring together leading world's scientific experts, academic professionals, scientists, specialists, researchers, scholars, business delegates and students to exchange and share their experiences and research results on all aspects of Neuroscience.
- It also provides an interdisciplinary platform for policy makers, community leaders, business activists, scientists and educators to present and discuss the most recent innovations, trends and concerns as well as practical challenges encountered and solutions adopted in the fields of Neuroscience.
- We aim to bring the research and innovations happening across the parts of the globe to facilitate interaction, knowledge sharing and exchange. We also aim to inspire university professors, students, researchers, clinicians and entrepreneurs.

About Conference

39th International Conference on Neuroscience and Neurochemistry is among the World's leading Scientific Conference. The two day event on Neuroscience will host Major scientific and technical sessions along with the sub-sessions on cutting edge research and latest research innovations in the field of Neuroscience & its related issues across the globe. To foster the best learning environment we have designed some of the sessions this year for Neuroscience conference which will comprises of 15 major sessions designed to offer comprehensive sessions that address current issues in various fields of Neuroscience.

Besides the attendees can find prestigious plenary and invited lectures, various shorter talks and poster sessions which will give the opportunity to most participants to present their work at the Congress. This congress on Neuroscience provides an opportunity to meet experts, professionals, academicians and researchers from all over the world. Execute new methods or revise existing methods based on best presented facts as presented at **Neuroscience 2026**.

ABOUT CONFERENCE

Who Should Attend?

Neuroscience 2026 Conference website is attracting 56000+ physicians, Neurologists, Neurosurgeons, Psychiatrists, Neurobiologists, Neuroimmunologists and Members from Neurology Organizations and Societies, Neuro & CNS drug Industries, Neuroscience associations & foundations Pharmaceutical companies, Psychologists, professionals, speakers, professors, business delegates and students.

Why to Attend?

- Find out what's new
- Meet experts & influencers face to face
- To present your ideas and work to others
- Networking for future collaborations
- The focus & energy of Like-Minded Individuals
- Fresh way of knowledge transfer
- Learn beyond your field or interest
- Meet, collaborate & get inspired
- Travel and extend your comfort zone

Conference Highlights

- Neurodegenerative Diseases and Stress
- Neurological Disorders and Stroke
- Neuropsychology and Addiction
- Alzheimers and Parkinsons Diseases
- Neuroimmunology and Neurological Infections
- Neuropharmacology and Neurochemistry
- Brain Injury and Behavioral Neuroscience
- Cognitive Neuroscience and Psychology
- Neurobiology and Behavior
- Neurosurgery and Spine
- Pediatric Neurology and Epilepsy
- Molecular Genetics and Neurobiology
- Biology of Aging and Neurogenesis
- CNS Injury, Repair and Inhibition, Excitation
- Molecular Neuroscience and Neurodegeneration
- Ophthalmology and Visual Neuroscience
- Neuroscience and Artificial Intelligence
- Neuroinformatics and Computational Neuroscience

TESTIMONIALS

The conference was exciting. I enjoyed so much meeting new colleagues at the venue. I would like to express my sincere gratitude to you for your assistance and opportunity. It was a good experience attending this conference.

Amur Margaryan
National Science Laboratory, USA

The conference was very successful and staff members were very helpful. Workflow was good. Thank you for organizing the conference for us people.

Kuang-Hui Chi
National Yunlin University of Science & Technology, Taiwan

That is excellent. This time, I will encourage my friends and colleagues to attend. I will submit abstracts for the conference too.

Sudhanshu Sekhar Panda
University of North Georgia, USA

The organization of the conference was perfect and I was very glad of the warm welcome, of the scientific and human relationships among participants.

Ida PucciMinafra
University of Palermo, Italy

The conference was well organized and the committee was outstanding in keeping the whole event lively.

MouradTayebi
University of Surrey, England

It was wonderful event. I enjoyed presenting my talk. There were questions, comments, and interests in what I presented.

Ram Shanmugam
Texas State University, USA

ABOUT PARIS

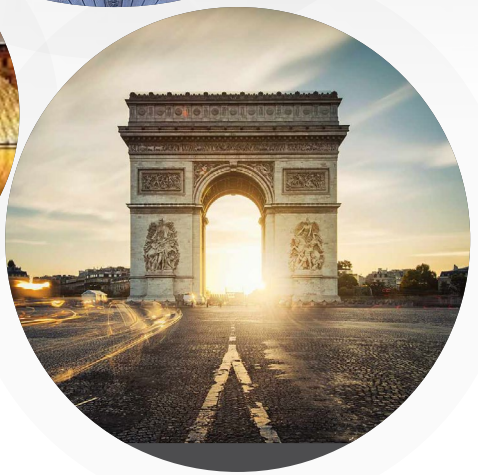

Paris is the capital and largest city of France, positioned in north-central Europe along the banks of the Seine River. With a population of over 2 million in the city and more than 12 million in the greater metropolitan region, it stands as one of Europe's most influential urban centers. Paris is a major transportation hub, featuring extensive railway networks, well-connected road systems, and major international airports such as Charles de Gaulle Airport, making it easily accessible from across the globe.

Historically rich, Paris dates back to ancient times when it was known as Lutetia under Roman rule. Over centuries, it developed into a powerful center of politics, education, and culture, playing a crucial role in events such as the French Revolution. The city has long been a focal point for intellectual and artistic movements, contributing significantly to global advancements in science, philosophy, and the arts.

The official language is French, and Paris is celebrated for its exceptional cultural landscape, including world-renowned museums, galleries, and theaters. It is also one of the leading global centers for finance, fashion, and tourism, hosting numerous international institutions and businesses. Blending historical elegance with modern innovation, Paris offers a dynamic environment that perfectly complements international conferences and professional gatherings.

REGISTRATIONS

Registration Payment Method:

Payment of registration fees (in EUR, USD & GBP) can be done by the following methods:

- By Credit Card: Visa, MasterCard or American Express
- By Bank Transfer
- By Pay-pal

For group registrations please contact/email us at:
neuroscience@global-meets.com

Academic

Speaker Registration: € 891
Delegate Registration: € 691

Business

Speaker Registration: € 921
Delegate Registration: € 740

Student

Student Delegate: € 499
Young Researcher Forum: € 699

Important Dates

Abstract submission opens: August 10, 2026
Registration opens: August 10, 2026
On spot registration: October 19, 2026

Registration Benefits:

- ✓Access to all Sessions
- ✓Handbook & Conference Kit
- ✓Certificate Accreditation from the Organizing Committee
- ✓Abstracts will be published in the conference souvenir and respective international journal
- ✓Each registrant will get 50% abatement on manuscript publication fee
- ✓2 Coffee breaks (Refreshments and snacks) during the conference
- ✓Lunch during the conference
- ✓Wi-Fi access

To register online, please visit:
