

25th World Congress on Neurology & Neuroscience

Dublin, Ireland **June 18-19, 2018**

Neuroscience Congress 2018
Jun 18-20, 2018 Dublin, Ireland

Theme: "*Novel Therapies in Neurosciences & Neurological Disorders*"

www.neuroscience.neurologyconference.com

Holy grail of NeurscienceCongress 2018

Accelerate the development and application of new technologies to produce dynamic pictures of the brain that show how individual brain cells and complex neural circuits interact at the speed of thought.

Promoting technologies will open new doors to explore how the brain encodes, stores, and retrieves vast quantities of information, and shed light on the complex links between brain function and behavior.

Emerging insights about the human brain have implications for all aspects of human endeavor. This subject matter can capture the imagination of academic thinkers and the general public as well.

Conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.

Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Neurology and Neurophysiology that is present abundantly and to scrutinize its incredible findings from all over the
world.

How our Conferences differs from others ?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Neuroscience Congress 2018

Jun 18-20, 2018 Dublin, Ireland

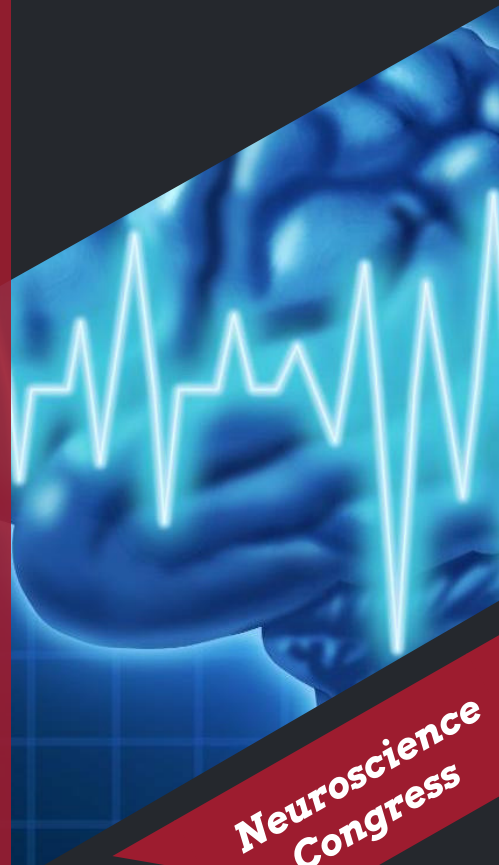

TESTIMONIALS

Hans Von Holst

Royal Institute of Technology, Sweden

"Thank you for a well-organized Brain Disorders Conference"

Neuroscience Congress 2018

Neuroscience Congress 2018 conference website is attracting 25000+ Neuro minds and thus in especial designed for the Neurologists, Neurophysiologists, Psychiatrists, Pharmacists, Research scientists, Neurology organizations and societies, Pharmaceutical companies, Neuro and CNS drug Industries, Neuroscience associations & foundations, Professors and Students of all over the world under one roof to make the platform reach its confines. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Neuroscience Congress 2018 provides an opportunity to discuss the innovative research and improvements in the field of Neurology and furthermore about the new treatment strategies which are conceived by researchers to treat different ailments in less demanding way.

This meeting goes about as a best stage for participants to find out about the current patterns in Neuroscience innovative work.You will have the opportunity to find out more from distinguished professors with great research experience and probably have a chance to be in their networks.

Salient Attributes

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking, and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

Neuroscience Congress 2018

Jun 18-20, 2018 Dublin, Ireland

Testimonials

Boris Johnson

Mayor of London, UK

"As Mayor of London I am delighted to welcome you to the Neurology Conferences organized by Conference Series LLC"

Conference Highlights

- Neurology
- Dementia: A special Focus
- Neurosurgery
- Brain Disorders & TBI
- Neurological disorders
- Neurodegenerative disorders
- Pediatric Neurology
- Cognitive & Behavioral Neuroscience
- Neurobiology of CNS
- Neuro-Oncology
- Neuroradiology and Imaging
- Neuroimmunology
- Neurotoxicology
- Neural Addiction
- Neuro-psychiatry
- Neurochemistry
- Neuropharmaceutics
- Nursing and Neuroscience
- Neurocritical Care
- Novel Therapeutics
- Neurorehabilitation
- Clinical Trials and Case Reports

Neuroscience Congress 2018

Jun 18-20, 2018 Dublin, Ireland

Testimonials

Arvid Carlsson

Nobel Prize in Medicine for 2000

"I wish to welcome all researchers from the fields of basic neuroscience, neurology, and neurosurgery to contribute with your valuable expertise, and to stimulate interdisciplinary endeavor"

Neuroscience Congress

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration

Goals of the conference is to provide a transformative professional development experience through bringing together the world's scientific experts to catalyze and advance scientific knowledge about Neurology and Neurophysiology

Present the most recent research findings, and promote and enhance scientific collaborations around the world.

Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to the world and overcome barriers that limit access to cure

Objectives

After participating in this meeting, attendees should be able to discuss emerging issues in Neurology and Neurophysiology

Discuss and apply recent research findings related to Neurology and Neurophysiology

Reflect on the place of critical distance in Neurology and Neurophysiology

Who should attend ?

Neurologists, Neurosurgeons, Neurophysiologists, Psychiatrists, Pharmacists, Research Scientists, Neurology Organizations & societies, Pharmaceutical companies, Neuro and CNS drug Industries, Neuroscience associations & foundations, Professors and Students.

"The meeting was very interesting and I met with very nice people"

Past Conference Report

Neurology Series has started from the year 2012. **Neurology Congress 2012** was held at May 14-16, 2012, Las Vegas, USA. The conference was marked with the attendance of young and brilliant researchers, business delegates and talented student communities representing more than 15 countries, who have driven this event into the path of success.

Neurology Congress 2013 was held in Hilton Chicago/Northbrook, Chicago, USA. The conference was an unforgettable event that left a lasting impression on everyone.

Neurology Congress 2014 was held during September 08-10, 2014, Philadelphia, USA. This annual conference brought together eminent scientists, Neurologist, Neuroscience researchers, health care professionals, University professors, Neuroscience professionals in which many issues in Neuroscience research were discussed in depth to provide up-to-date information to the world. On the other hand, the meeting provided an opportunity for an open and animated sharing of ideas and experiences.

Neurology Congress 2015 was held during July 27-29, 2015, Rome, Italy. Neurology-2015 has received a benevolent response from all over the world. This has been conducted with the aim and the categorical intent of promoting the developments of new perceptions and ideas for exploring the high level of knowledge reached by scientific community on Neuroscience. The eminent personalities at the conference were Harish C Pant, National Institute of Health, USA, Jennifer DeFeo, Chicago school of professional psychology, USA, Hamed Benghuzzi, University of Mississippi Medical Center, USA, Alessandro Morelli, University of Genova, Italy.

Neurology Congress 2016 was held during March 14-16, 2016 London, UK. The conference witnessed an amalgamation of peerless speakers, who enlightened the crowd with their enviable research knowledge and on various alluring topics related to the field of Neuroscience. The eminent personalities at the conference were Amir Tamiz, National Institute of Health, USA, Geoffrey Burnstock, University College Medical School, UK, Guy Fontaine, Hôpital de la Salpêtrière, France, Shao-Jun Tang, University of Texas Medical Branch, USA. From the year 2016 the Neurology Congress has been organised bi yearly.

Neurology Congress 2017 was held during March 27-29, 2017 Madrid, Spain. The eminent personalities at the conference were Harish C Pant, National Institutes of Health, USA, Evelyn M Garcia, Carilion Clinic, USA, Anthony E Kline, University of Pittsburgh, USA, David E Vance, University of Alabama at Birmingham, USA

TESTIMONIALS

Heinz Reichmann

University of Dresden, Germany

"This conferences is really timely and informed about symptoms, diagnosis and modern treatment of neuro patients"

About City

Dublin is Ireland's capital city and was established by the Vikings in 841. The city is saturated with history and humming with energy.A clamoring city with a populace of more than 1.7 million and home to more than 100 distinct nationalities every one of whom add to the texture of Dublin. It is at present one of Europe's real urban areas for industry and sciences and Dublin had the lofty respect of being the European City of Science in 2012.

Climate:

The climate of Dublin is cool, oceanic and humid throughout the year. The best time to visit Dublin is in the summertime (June- August) when temperatures are warm and festivals fill the streets.

Guide for International Participants:

Dublin is one of the most established urban communities in Europe and with antiquated chapels, great structures and fine galleries, social wealth flourish. From the antiquated to the vanguard, from history, engineering, writing, workmanship and paleontology to the performing expressions Dublin has it, with the genuine favorable position to the guest being that everything is contained inside a little zone. The city's attractions incorporate museums,castles, art galleries and bistros. Inside 30 minutes of the city are mountain strolls, stately homes and gardens, various greens, sandy shorelines and angling towns.

Dublin has a substantial number of embassies offering an extensive variety of administrations to travellers. At the most recent tally, Dublin had an aggregate of 53 embassies.

At the point when the congress is finished, there is an abundance of activities and culture for you to explore!!
