30th International Conference on Neurology: Neurochemistry, Neuropharmacology and Neurosciences

JULY 07-08, 2025

VANCOUVER, CANADA

Theme: Advancements and Breakthroughs in Neurology & Neurosciences

INVITATION

Dear Attendees,

We are glad to announce the **"30th International Conference on Neurology: Neurochemistry, Neuropharmacology and Neurosciences"** to be held in **Vancouver, Canada** on **July 07-08, 2025** organized in collaboration with generous support and cooperation from enthusiastic academicians and Editorial Board Members. 30th International Conference on Neurology: Neurochemistry, Neuropharmacology and Neurosciences aims at sharing new ideas and technologies amongst the healthare professionals, nurses and students from research areas of Neuroscience Congress 2025 and it's Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

30th International Conference on Neurology: Neurochemistry, Neuropharmacology and Neurosciences amid **July 07-08, 2025** at **Vancouver, Canada**. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,
Neuroscience Congress 2025
Organizing Committee

Neuroscience Congress 2025

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

Neuroscience Congress 2025 Scientific Committee is honored to welcome you all to attend 30th International Conference on Neurology: Neurochemistry, Neuropharmacology and Neurosciences which will be held during July 07-08, 2025 at Vancouver, Canada. Neuroscience Congress will raise the most dynamic and latest issues in the field of Neurology. The Congress will highlight the discussion around the theme "Advancements and Breakthroughs in Neurology & Neurosciences" by bridging the gaps between the intellectuals from across the globe to enlighten their research and findings at Neuroscience Congress 2025. The highlights of the conference Neuroscience Congress 2025 – The expeditious growth in the research & development in Neurology 2024 has revolutionized the efficacy and sensitivity of analytical devices across Healthcare Management Sectors. However numerous difficulties remain for such devices and competing forms of the assay are still relevant, with some still outperforming and providing better value than biosensor-based technologies..

Neuroscience Congress 2025 salient features

- Meet Academia and Healthcare visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Neuroscience, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCES

- After participating in this meeting, attendees should be able to
- Discuss Psychology issues in Industrial Organization
- Discuss and apply recent research findings related to Industrial Organization.
- Reflect on the place of critical distance in Industrial Organization.

Who should attend?

Academicians including Professors, PhD. Scholars, Students carrying out Clinical Cardiology and field studies, General Internist Pharmaceutical companies Research Scholars Doctors & Physicians Directors / Managers Cardiology Professionals Clinical Researchers Healthcare Professionals Professors and students from colleges and universities Business delegates and Intelligence experts Vice Presidents of Medical institutions and Hospitals

Neuroscience Congress 2025 salient features

- Neurology and Neuroscience
- Neurochemistry and Neuropharmacology
- Brain Tumors and Neurosurgery
- Alzheimers and Parkinsons disease
- Dementia and Vascular Dementia
- Cognitive Neuroscience and Behavioral neuroscience
- Epilepsy
- Stroke and Neurological Disorders
- Neuro Cardiology
- Neuro-Oncology
- Cardiac Nursing
- Pediatric Neurology
- Spine and Spinal disorders
- Neuro Opthamology
- Neurophysiology, Neuroimaging and Radiology
- Robotic Neurosurgery
- Neuroplasticity and NeurorehabilitationCurrent research in Cardiology
- Neurological and Neurological Nursing

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT Vancouver

Vancouver is a vibrant city located on the west coast of Canada, in the province of British Columbia. It's known for its stunning natural beauty, surrounded by mountains and ocean, making it a hub for outdoor activities like hiking, skiing, and water sports.

The city is culturally diverse, with a rich tapestry of communities and a thriving arts scene. You'll find everything from world-class museums to eclectic street art. Vancouver also boasts a variety of culinary experiences, reflecting its multicultural population, with an abundance of fresh seafood and farm-to-table dining.

Vancouver covers an area of about 115 square kilometers (approximately 44 square miles). It's situated on the Pacific coast, bordered by the Strait of Georgia to the west, the Coast Mountains to the north, and the Fraser River to the south.
