Obesity 2017

16th International Conference on Obesity and Weight Management

November 13-15, 2017 Atlanta, USA

Program

Our aim is to develop an understanding among the active researchers working on or studying about how to balance Obesity, our event will offer a platform where researchers can widen their network under a same roof while enjoying their time in a beautiful place ,Atlanta, USA .

Main objective of this event is to promote awareness about proper nutrition and risk associated with improper diet along with obesity and its impact on health, event will educate and strengthen recent research on the several causes, results, treatment, and prevention of obesity, Event like ours is important to encourage the involvement of researchers and to highlight their role, this will help to Connect active researchers and practitioners from diverse disciplines.

Learn the Latest Treatment Approaches

Program highlights include sessions focused on the areas important to you. Network with peers and make new connections outside of your specialty. Obesity 2017 is the one conference where you' ll find everything you need, for your research, and for your patients.

Why should YOU attend?

- Increase your knowledge via the scientific program
- Collect "take home" tools and information from workshop sessions
- Gain exposure by submitting an abstract of your work
- Increase your connections through networking opportunities
- Develop and join research collaborations
- Take advantage of a competitive price structure

Don't wait to Register

The early registration period ends and prices increase after May 31, 2017. Save up to $300 by registering before May 31, 2017.

Important Dates:

Abstract Submission Deadline: July 30 2017 | Early Bird Registration: May 31, 2017

Delegate participation

Participate in the program, where we pair experienced clinicians (mentors) with a small group of mentees to meet with throughout the conference. This exclusive benefit of delegates allows clinicians newer to obesity to ask questions, get advice, and build their network. Many delegates and speakers even stay in touch after the conference.

Networking

At Overcoming Obesity 2017, attendees enjoy unique access to a welcoming community of clinicians. Spend time at the conference networking and getting to know your colleagues, whose passion for obesity and endocrinology will leave you feeling inspired, confident, and energized in your abilities to make a difference in the lives of patients affected by obesity.

Lunch - arounds

We' ll provide you the delicious lunch in the hotel so you can spend an enjoyable afternoon out getting to know your colleagues. (Dinner costs are the individual' s responsibility).

Abstract Submission

Each Plenary lecture is 25 minutes in length and comprises one presentation. We recommend you plan to present for approximately 20 minutes with 5 minutes for questions/discussion.

Poster Session

Learn about the latest clinical research happening in the field of obesity by attending the poster session and visiting with the authors of each study. Or, submit your own abstract for consideration and share your research with the foremost experts in the field. The poster exhibition will be located on the exhibition area of the congress center. The area will be clearly

Exhibit Hall

Learn about the cutting-edge technologies, products, and services available to you as an obesity clinician. Talk with exhibitors, try samples, and discover new products and services to use in yo

Breakfast with the Experts

During this attendee-favorite event, choose a table with a topic you're interested in and spend breakfast discussing that topic with an expert and a small group of other clinicians. This is a great opportunity to follow up on any questions you may have from the sessions you've already attended.

Young Researchers Forum

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers. Young Researcher Sessions are organized at the Obesity 2017, to provide a unique platform for Young Researchers/Investigators for presenting latest research projects with an in-depth analysis. Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event Participants should be below the age of 33 years. All submissions must be in English.
The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

About Atlanta

Atlanta is the capital of and the most populous city in the U.S. state of Georgia, with an estimated population of 447,841. Atlanta is the cultural and economic center of the Atlanta metropolitan area and is the ninth largest metropolitan area in the United States. Atlanta is considered an "alpha-" or "world city", ranking 15th among world cities and sixth in the nation with a gross domestic product of $270 billion. Although Atlanta's economy is considered diverse, dominant sectors include logistics, professional and business services, media operations, and information technology

Encompassing $304 billion, the Atlanta metropolitan area is the eighth-largest economy in the country and 17th-largest in the world. Corporate operations comprise a large portion of the Atlanta's economy, with the city serving as the regional, national, or global headquarters for many corporations. Atlanta contains the country's third largest concentration of Fortune 500 companies, and the city is the global headquarters of corporations such as The Coca-Cola Company, The Home Depot, Delta Air Lines, AT&T Mobility, UPS, and Newell-Rubbermaid. Over 75 percent of Fortune 1000 companies conduct business operations in the Atlanta metropolitan area, and the region hosts offices of about 1,250 multinational corporations. Many corporations are drawn to Atlanta on account of the city's educated workforce; as of 2010, nearly 43% of adults in the city of Atlanta have college degrees, compared to 27% in the nation as a whole.

Due to the more than 30 colleges and universities located in the city, Atlanta is considered a center for higher education. Georgia State University, a public research university located in Downtown Atlanta, is the second largest of the 35 colleges and universities in the University System of Georgia and a major contributor to the revitalization of the city's central business district. Atlanta is also home to nationally renowned private colleges and universities, most notably Emory University, a leading liberal arts and research institution that ranks among the top 20 schools in the United States and operates Emory Healthcare, the largest healthcare system in Georgia.

Venue: Atlanta

Important Dates

First round of Abstract Submission deadline: May 30, 2017

Second round of Abstract Submission deadline: July 30, 2017
