Dear Attendees,

We are glad to announce the 28th International Ophthalmology Summit to be held in Rome, Italy from February 25 - 26, 2019 organized by Conference Series llc LTD, in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Ophthalmology Summit is the one Platform where u can meet many ophthalmology Organizations across the globe and can share their interest and research work regarding ophthalmology.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Ophthalmology Summit 2019 to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Rome this February.

Sincerely,
Ophthalmology Summit 2019

About Rome

Rome, Italy's capital, is a sprawling, cosmopolitan city with about 3,000 years of internationally powerful workmanship, design and culture in plain view. Old demolishes, for example, the Forum and the Colosseum inspire the energy of the previous Roman Empire. Vatican City, base camp of the Roman Catholic Church, has St. Diminish's Basilica and the Vatican Museums, which house perfect works of art, for example, Michelangelo's Sistine Chapel frescoes.

Rome has the status of a global city. In 2016, Rome positioned as the fourteenth most-went to city on the planet, third most went by in the European Association, and the most mainstream vacation spot in Italy. Its notable focus is recorded by UNESCO as a World Legacy Site. Landmarks and historical centers, for example, the Vatican Exhibition halls and the Colosseum are among the world's most gone to traveler goals with the two areas getting a large number of visitors a year, and the city facilitated the 1960 Summer Olympics. Rome is the seat of a few specific offices of the Assembled Countries, for example, the Sustenance and Agribusiness Association (FAO), the World Nourishment Program (WFP) and the Worldwide Reserve for Horticultural Improvement (IFAD). The city has the home office of numerous global business organizations, for example, Eni, Enel, TIM and national and universal banks, for example, Unicredit and BNL. Its business locale, called EUR, is the base of numerous organizations associated with the oil business, the pharmaceutical business and money related administrations. Rome is additionally an essential mold and configuration focus because of prestigious universal brands focused in the city. Rome's Cinecittà Studios have been the arrangement of numerous Institute Award– winning motion pictures.
