About the conference

The Orphan Drugs Conferences Committee is pleased to announce the “4th World Congress on Rare Diseases & Orphan Drugs,” which will be held in Paris, France from September 25-26, 2024.

Orphan Drugs 2024 represents an international conference dedicated to rare diseases, encompassing genetically caused rare conditions and cutting-edge research and development in various fields. This event serves as a global platform that addresses rare conditions worldwide and focuses on the exploration and development of new treatments.

Theme: “Pioneering Innovation for Rare Diseases: Bridging Science, Hope, and Care”.

Why to attend the conference

Join us and connect with a global audience focused on Orphan Medicines and related advancements. This exclusive event provides a unique opportunity to engage with the largest gathering of stakeholders in the Orphan Medicines community. You can showcase your innovations, share valuable insights, network with current and potential professionals, host a cutting-edge research workshop, and elevate your brand visibility during this two-day conference. With renowned speakers, the latest research findings, breakthroughs, and the most recent updates in Orphan Medicines, this conference is an exceptional platform.

Sessions of the conference

- Orphan Drug Therapeutics
- Rare Genetic Diseases/Disorder
- Challenges in Rare Diseases
- Orphan Drugs Clinical Research
- Global Rare Diseases and Orphan Drug Market
- Advancing Research for rare diseases
- Living with a Rare Disease
