Who Should Attend?

This activity has been designed to meet the educational needs of CEOs, CMOs, physicians, physician assistants, surgeons, psychologists, nurses, behaviorists, program administrators, and other professionals from hospitals, ACOs, private practices, large group practices and clinics. Those who are currently involved in the care and management of obese and overweight individuals or exploring opportunities that provide a total wellness solution are encouraged to attend.

Abstract Information: Oral Presentation Guidelines

Each Plenary lecture is 25 minutes in length and comprises one presentation. We recommend you plan to present for approximately 20 minutes with 5 minutes for questions/discussion.

A technician is available in every session room to provide assistance when needed. Due to the online presentation system, all speakers are kindly requested to use provided PC onsite. Please be present in the session room 15 minutes prior the start of your session and follow the instructions from the Chairs and/or technician. During your presentation a remote control will be available for controlling your presentation. Please observe the time allotted to you as you will not be permitted to speak for longer time. At the end of the Congress, all presentations will be deleted from the presentation system and computers on-site.

Speaker Preview Room

All speakers are asked to upload their presentation at the Speaker Preview Room (located in the Registration area) at least one hour before the beginning of the session or the day before in case of a morning session.

Poster Guidelines

The poster exhibition will be an integral part of Otolaryngology 2017.

The poster exhibition will be located on the exhibition area of the congress centre. The area will be clearly signposted from the registration area.

Technical Instructions:

- Posters must be prepared in Portrait style.
- Please DO NOT prepare a landscape poster
- The dimensions should be 100 cm high by 70 cm wide
- Posters should be attached to the boards with stickers, which you will be supplied to the organizers.
- Poster session schedule Posters will be displayed and presented in session.

Please plan to be at your poster and available to answer questions from delegates at the time of your assigned poster session. Posters will be displayed according to the POSTER numbers given by the organizers and will be grouped by sub topic.

Young Researchers Forum

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

Young Researcher Sessions are organized at the Otolaryngology 2017, to provide a unique platform for Young Researchers/Investigators for presenting latest research projects with an in-depth analysis. Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event. Participants should be below the age of 33 years. All submissions must be in English.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

For further information please contact: otolaryngology@surgeryconferences.org

Registration Information

How To Register

Website: http://otolaryngology.conferenceseries.com/registration.php

Registration Fees

- Early Registration Fee: $699.00
  (SAVE $100.00 — DEADLINE: June 30, 2017)
- Regular Registration Fee: $799.00
  (SAVE $100.00 — June 30, 2017 through August 19, 2017)

Session 19: Head, Neck and Oral Oncology
Session 20: Anesthesia and Pain Relief in ENT Surgery
Chair's Introduction
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
Certificates Felicitation by the organizing Committee

Closing Ceremony

About Dubai

Dubai is a city in the United Arab Emirates, located within the emirate. The emirate of Dubai is located on the southeast coast of the Persian Gulf and is one of the seven emirates that make up the country. It has the largest population in the UAE (2,106,177) and the second-largest land territory by area (4,114 km2) after Abu Dhabi. Is one of the few cities in the world that has undergone such a rapid transformation - from a humble beginning as a pearl-diving centre - to one of the fastest growing cities on earth. Dubai today is a tourism, trade and logistics hub and has earned itself the reputation of being the 'gateway between the east and the west'. It is also considered as the dynamic nucleus of the Arabian Gulf region.

Dubai is without a doubt a destination of the 21st century. Read any article about the fastest growing city in the region and it's almost guaranteed you'll see the words 'ambitious', 'record-breaking' and 'staggering'. This meteoric growth has not gone unnoticed, and each year thousands of expats arrive to claim a slice of the action.

Dubai is already renowned as the business capital of the Middle East Region. It is now fast becoming the regional capital for healthcare as well. Through its various ENT healthcare projects and with help of ministry of health, Dubai is set to become the hub for specialized Otolaryngologist and a center for medical education and research, covering more than 30 countries including the Middle East, North Africa and the Indian Subcontinent.
