Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT LONDON

London is the capital and largest city of England and the United Kingdom. It has a rich history spanning nearly two millennia and is one of the most cosmopolitan cities in the world. As Britain's largest metropolis, it serves as the country's economic, transportation, and cultural center.

London is the capital and largest city of both England and the United Kingdom, with a population of 8,866,180 in 2022. The wider metropolitan area is the largest in Western Europe, with a population of 14.9 million. London stands on the River Thames in southeast England, at the head of a 50-mile (80 km) estuary down to the North Sea, and has been a major settlement for nearly 2,000 years. Its ancient core and financial center, the City of London, was founded by the Romans as Londinium and has retained its medieval boundaries.

London certainly doesn't disappoint when it comes to viewpoints around the city. Whether you're up for hanging out in a park watching the sun go down, or heading to the observation deck in one of Europe's tallest buildings, there are plenty of options.

Across the Thames River, the London Eye observation wheel provides panoramic views of the South Bank cultural complex, and the entire city.
