About the conference

The 24th Annual Pathology Congress, taking place on March 26–27, 2026, in Dubai, UAE, stands as a premier global event dedicated to advancing innovation and collaboration in diagnostic pathology, molecular medicine, and laboratory science. This international congress will bring together a distinguished gathering of pathologists, biomedical researchers, clinical laboratory professionals, academic scholars, and healthcare innovators from across the world to exchange ideas, present research, and discuss the evolving role of pathology in modern healthcare.

Under the guiding theme, “Advancing Global Health Through Next-Gen Pathology Solutions,” the congress will explore how cutting-edge technologies, precision diagnostics, and integrated laboratory systems are transforming clinical practices and public health outcomes. From molecular diagnostics and digital pathology to AI-driven lab automation and advanced histopathology techniques, the event will feature a wide spectrum of topics that reflect the ongoing evolution of the field.

Designed to promote high-level scientific dialogue and global knowledge exchange, the congress offers participants the opportunity to engage with influential voices in pathology and related disciplines. Attendees will benefit from thought-provoking keynote lectures, expert-led sessions, practical workshops, and research presentations that showcase emerging discoveries, clinical advancements, and technological innovations
