Conference Venue
Vancouver, Canada

Vancouver, a bustling west coast seaport in British Columbia, is among Canada's densest, most ethnically diverse cities. A popular filming location, it's surrounded by mountains, and also has thriving art, theater and music scenes. Vancouver Art Gallery is known for its works by regional artists, while the Museum of Anthropology houses preeminent First Nations collections. Vancouver has a moderate, oceanic climate. Protected by the mountains and warmed by the Pacific ocean currents, Vancouver is one of the warmest cities in Canada. Vancouver is consistently rated as one of the top cities in the world to live. The combination of economic opportunity and the beautiful, natural environment draws people from around the world. These newcomers - like you - contribute to Vancouver's diversity and live ability. Vancouver is made up of a number of smaller neighborhoods and communities. Neighbourhood boundaries provide a way to break up the city's large geographical area for delivering services and resources and identify the the distinct culture and character of different areas of our diverse population.
