29th International Conference on
Pediatric Nursing & Healthcare

August 16-17, 2018
Madrid, Spain

SCIENTIFIC PROGRAM

DAY 1
Thursday, 16th August

08:30-09:00 **Registrations**

09:00-09:30 **Introduction**

09:30-09:50 COFFEE BREAK

09:50-11:50 Meeting Hall 01 **KEYNOTE LECTURES**

MEETING HALL 01

11:50-13:10 **Talks On:**

- Pediatric Nursing and Healthcare
- Child Right and Safety
- Pediatric Bioethics
- Pediatric Oncology

13:10-13:15 GROUP PHOTO

13:15-14:00 LUNCH BREAK

MEETING HALL 01

14:00-16:00 **Talks On:**

- Pediatric Psychology
- Pediatric Obesity & Nutrition
- Pediatric Vaccines
- Pediatric Infection & Allergy

16:00-16:20 COFFEE BREAK

MEETING HALL 01 (16:20-17:00)

Neonatology & Perinatology

DAY 2
Friday, 17th August

09:00-10:30 Meeting Hall 01 — **KEYNOTE LECTURES**

10:30-10:50 COFFEE BREAK

10:50-12:50 — **MEETING HALL 01**

Talks On:

- Neonatology and Perinatology
- Pediatric Pharmacology
- Pediatric Rheumatology
- Pediatric Diagnostic Techniques
- Pediatric Surgery
- Pediatric Radiology

12:50-13:35 LUNCH BREAK

13:35-15:55 — **MEETING HALL 01**

Talks On:

- Pediatric Allergy and Infections
- Therapeutics of Pediatric Diseases
- Adolescent Medicine

15:55-16:15 COFFEE BREAK

MEETING HALL 01 (16:15-17:00)

Poster Presentations

Awards & Closing Ceremony

29th International Conference on Pediatric Nursing & Healthcare

August 16-17, 2018 Crowne Plaza, Madrid, Spain

Advancement in the field of Exploring the Latest Technologies and Novel Pediatric Nursing & Healthcare

OPT-MOM: Oro-Pharyngeal Therapy with Mother's Own Milk to Protect Extremely Premature Infants against Infectious Morbidities.

Dr Nancy Rodriguez,
NorthShore University Health System, USA

Dr. Nancy Rodriguez is a Neonatal Nurse Practitioner at the NorthShore University Health System and a Senior Clinician Researcher at the Pritzker School of Medicine, University of Chicago. She received a BSN from Loyola University, an MS in Nursing Administration from Aurora University, an MSN in the Neonatal Nurse Practitioner specialty and also a PhD from Rush University, Chicago IL. Her dissertation introduced the concept of "oropharyngeal administration of colostrum" into the medical literature, and she is currently leading a multi-center RCT to investigate the immune effects and clinical outcomes of extremely premature infants who receive the OPT-MOM intervention.

Parental Refusal of the HPV Vaccine

Dr. Frances DiAnna-
Kinder, La Salle University, USA

Dr. Kinder graduated with her Ph.D. in nursing at Widener University. She is a practicing Pediatric nurse practitioner and has interests in Pediatric vaccines. She is currently an Assistant Professor at La Salle University. Her experience includes working in the maternal/ child health and the neonatal intensive care. She has worked as a transport team nurse, assistant nurse manager, preceptor, and supervisor. She has also practiced in the acute care and community settings and has precept nurse practitioner students, remaining active in the National Association of Pediatric Nurse Practitioners organization and American Academy of Paediatrics. In her classroom, she enjoys bringing clinical case studies and teaching the future generation of professional nurses.

The child and the child's perspective

Vedrana Vejzovic,
Malmö University, Sweden

Vedrana Vejzovic has completed her PhD from Malmö University. She is a Registered Nurse (RN), a Registered Sick Children's Nurse (RSCN) and a Senior Lecturer (PhD in Care Science) at the Department of Care Science. Her research focuses on child and the child's perspective of Pediatric care.

Perceptions of Pediatric Hospital Safety culture in the U.S: A Secondary data analysis of the 2016 hospital survey on patient safety culture

Pamela Gampetro, UIC College of Nursing, USA

Pamela Gampetro is a native of Illinois and was raised just outside of Chicago. She first attended St. Francis School of Nursing in Evanston, IL and in 1995 went on to earn a Bachelor of Science in Nursing from Barat College, Lake Forest, IL. After years of working as an RN, Dr. Gampetro went on and earned a Master of Science in 2001 from DePaul University, Chicago, IL and became certified by the American Nurses Credentialing Center as an Advanced Practice Nurse. Dr. Gampetro has worked in the specialty of pediatrics for over two decades specializing in both inpatient and outpatient settings, in the clinical role and within management.

Cultural Competence Pre-Requisites for Foreign Pediatric Nurses Serving in Africa

Dr. Linda Govere, Penn State College of Nursing, USA

Linda Govere is an Assistant Professor of Teaching in the College of Nursing, Pennsylvania State University, USA. She obtained her Doctor of Nursing Practice (DNP) degree from University of Pittsburgh, and MS and BS from Pennsylvania State University. She has over 15 years of nursing practice and currently teaches Pediatric and obstetric nursing. Her interests include developing cultural competence training approaches and assessment tools to improve patient satisfaction. Her current research project looks at the effectiveness of the US Office of Minority Health's Culturally Competent Nursing Modules on Improving the Cultural Competence of Maternal and Child Health Nurses.

Minimum requirements for physical assessment of patients conducted by nurses newly assigned to NICUs".

Chizu Matsumoto, Sanyo Gakuen University, Okayama-shi, Japan

C. Matsumoto works as a regular nurse for 20 years from 1989. In 2007, she completed her Master's degree in Nursing Science, Graduate School of Medicine, Kochi University. And since 2008 she has been involved in basic nursing education as an assistant professor of pediatric nursing at the university. Become a lecture in 2010 and work as a lecture at Sanyo Gakuen University, Which is an incumbent post since 2014. 2017 she entered Doctoral School of Nursing Studies

Use of an early warning score to evaluate clinical deterioration in pediatric oncology patients

Silvana Daniela, Boston Children´s Hospital, Mexico

Silvana Daniela Espinoza Manjarrez has the vocation to improve the care of children with cancer. Together with a great team at the Hospital Infantil Teletón de Oncología and the support of Children's Hospital Boston, she started this project. She received intensive training with a group of nurses at the Dana Farber to replicate this in Mexico with the staff of HITO. She is an active member of the Steering Committee of EVAT in the multisite implementation of EVAT lead by St. Jude Children's Research Hospital in Memphis, TN. She has trained staff at numerous centers in Honduras, Culiacan, Morelos, San Luis Potosí and Tijuana. Seeking to provide the best care for pediatric patients with cancer, she is continuing this project to share this score with many more hospital.

WORKSHOP ON: Pediatric Complex Care: Establishing a "HUB" for High Quality Care

Judith Cullinane,

Tufts Medical Centre & The Floating Hospital for Children, USA

Judith Cullinane completed her graduate degree from Graceland University, Independence, MO, USA and is currently a PhD candidate at Simmons College, Boston, MA., USA. She is the executive director of nursing research, innovation, professional development and quality at Tufts Medical Centre and The Floating Hospital for Children. Her research includes studying Bisphenol A in neonates, teaching baccalaureate nursing students root cause analysis and pain management in neonates. She also participated in the writing of the Nurse of the Future Core Competencies and the Nurse of the Future Competency Toolkit in collaboration with the MA Action Coalition.

Electron microscopic studies of brain tissue in fetuses from schizophrenic mothers

Dr. Segundo Mesa,
Psychiatric Hospital of Havana, Cuba

Segundo Mesa Castillo. As Specialist in Neurology, he worked for 10 years in the Institute of Neurology of Havana, Cuba. He has worked in Electron Microscopic Studies on Schizophrenia for 32 years. He was awarded with the International Price of the Stanley Foundation Award Program and for the Professional Committee to work as a fellowship position in the Laboratory of the Central Nervous System Studies, National Institute of Neurological Diseases and Stroke under Dr. Joseph Gibbs for a period of 6 months, National Institute of Health, Bethesda, Maryland, Washington D.C. USA, June 5, 1990. At present he is member of the Scientific Board of the Psychiatric Hospital of Havana and give lectures to residents in psychiatry.

Relational Practice, Innovation and the Ethics of Hope: End of Life Care in the PICU/NICU

Dr. Philip Cowell,
