

ABOUT CONFERENCE:

After the success of last year's event, we're ramping the activity up for the 2022 "4th International Conference on Pediatrics, Primary Care and Healthcare' which will take place in Zurich, Switzerland from August 25-26 with the theme of "Advancements and Medication in Nursing and Healthcare'. Join colleagues from across the pediatric and child health community at our flagship event to explore the latest in best practice and cutting-edge research.

The Pediatric Congress 2022 is proposed to assemble all experts associated with the care of kids' coronary heart disease and congenital heart disease of all ages, from the embryo to the matured. The Congress will orchestrate an exceptional chance to meet the masters of specialties around the world to find out about the happened advancements and emerging trends. Through the research accomplishment and well-versed profile, our respected speakers and Organizing Committee Members get global visibility which is an additional feature that our attendees would receive neonatology.
