Opening Ceremony

Keynote Forum

Title: The use of the SeDeM expert system to characterise and compare each Vivapur grade and to verify the batches with the manufacturer's specification

Dina El-Deeb, University College London, UK

2 Keynote Speaker Slots Available

Session Introduction

Title: Determination of microorganisms using biolumix rapid microbiology system and neogens validation methodology

Sherajul I Shelley, California, USA

Title: Calcium-mediated KRAS allosteric modulation: Implications in cancer drug discovery

Patrick DePaolo, Stevens Institute of Technology, USA

Title: Yield stability and prospect of anthocyanin's corn in Indonesia

M Yasin HG, ICERI, Indonesia

Title: Applying open innovation to drive collaborative drug research

Niclas Nilsson, LEO Pharma, Denmark

Lunch Break

Title: Prediction of BBB permeability using PAMPA assay

Jana Janockova, Biomedical Research Center, Czech Republic

Title: Trace heavy metal contents of herbal products available in UAE pharmaceutical markets

Fazilatun Nessa, Dubai Pharmacy College for Girls, Dubai, UAE

Title : Modification of the insulin signalling by nigella Sativa oil and antidiabetic drugs in Streptozotocin-induced diabetic rats

Mahmoud Balbaa, Alexandria University, Egypt

Networking & Refreshment Break

Day 2 December 11, 2018

Keynote Forum

Title: Antimicrobial activities of 12-crown-4-polyiodides

Zehra Edis, Ajman University, UAE

2 Keynote Speaker Slots Available

Session Introduction

Title: Organic Chemistry: An indispensable tool for pharmaceutical drugs

Nadeem Sadiq Sheikh, Saudi Arabia

Title: Using hydropathic molecular modelling tools to enhance understanding of protein-ligand interactions in biological systems

Ahmad J Obaidullah, King Saud University, Riyadh, Saudi Arabia

Title: Hepatic stellate cell-targeted Imatinib nanomedicine versus conventional Imatinib: A novel strategy with potent efficacy in experimental liver fibrosis

Wessam Fahmy El-Hadidy, Alexandria University, Egypt

Title: Personalized Medicine; Reducing the cost and improving the effectiveness of drug therapy and healthcare

J Golbahar, Newbern Screening Laboratory, Shiraz, Iran

Lunch Break

Title: Using green chemistry application to improve structure based drug design

Chidimma, Nigeria

Title: Transition metal complexes/organometallic compounds as anticancer/anti HIV drugs or in pharmaceutical industry

Prakash Kinthada, Sri Vidyanikethan Engineering college, India

Title: Dendrimer-Based drug delivery system-focus on Indian visceral leishmaniasis

Pradeep Kumar, Amity University Rajasthan, India
