World Summit on

Genetics and Genomics

July 27-28, 2020 | Madrid, Spain

https://pharmacogenomics.pharmaceuticalconferences.com/

Invitation

Dear Attendees,

Conference Series LLC Ltd welcomes you to attend the **World Summit on Genetics and Genomics during at July 27-28, 2020 | Madrid, Spain.** We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Genetics and Genomics Research.

Genetics and Genomics 2020 anticipates more than 100 participants around the globe with thought provoking keynote lectures, oral and poster presentations. The attending delegates include editorial board members of related open access journals. This is an excellent opportunity for the delegates from universities, institutes and industries to interact with the world class scientists. The intending participants can con irm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is **"Exploring Novel Therapies in Genetics and Genomics Research".**

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Genetics and Genomics Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level. We look forward to personally welcoming you to Madrid this July.

Sincerely,

Genetics and Genomics 2020

Organizing Committee

About Us

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be
published inrespective UK: Conference Series LLC Ltd Journals
Each abstract will be provided with digital Object Identifier by Crossref

About Conference

Genetics and Genomics 2020 Conference website is attracting 25000+ Geneticist, Genomics Scientists, Pharmacology Scientists, Pharmacology Health Professionals, Genetics Associations and Societies, Genetic Counselors, Bio pharmacists, academicians, scientists, researchers, students and experts of application fields online visitors ranging from Researchers, Academicians and Business professionals, who are working in this ield. This unique opportunity that we extend to our speakers and attendees is not being œred by any other conerence organizers. Through this the abstracts and research proiles o our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Genetics and Genomics 2020 salient features

- Meet academia and industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly organized and structured scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 million+ visitors and 20000+unique visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for global networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goal of the conference is to provide a transformative professional development experience.
- Bringing together the world's scientific experts to catalyse and advance scientific knowledge about genomics, genetics and regulatory measures present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to elderly population around the world and overcome barriers that limit access to care and services.

About Conference

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in the field of Genetics and Genomics Science
- Discuss and apply recent research findings related to Genetics and Genomics Science
- Reflect on the place of critical distance in Genetics and Genomics Science

Who should attend

World Summit on Genetics and Genomics is exclusively designed for Geneticist, Genomics Scientists, Pharmacology Scientists, Pharmacology Health Professionals, Genetics Associations and Societies, Genetic Counselors, Bio pharmacists, academicians, scientists, researchers, students and experts of application fields, Research scholars, Students, Academicians, Business professionals and others engaged in endeavours related to Genetics and Genomics research and business.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive o 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000 + Scientific Societies. All the conerence proceedings are published in the special issues o our 700+ Open Access International Journals with the DOI provided by Crossref

2020

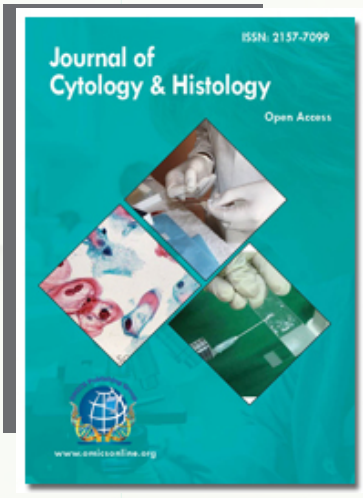

Major Sessions

- Plant Genomics
- Pharmacogenomics
- DNA Sequencing
- Animal genetics
- Immuno genetics
- Genetic Engineering
- Cell Biology
- Genetically Modified Organisms
- Genetic Fingerprinting
- Genome Medicine
- Molecular Genetics and Molecular Evaluation
- Tissue Engineering and Bio banking
- Functional Genomics
- Genome Sequencing and Annotation
- Stem Cell Research and Therapy
- Breeding and Germplasm Development
- Clinical Genetic research
- Cancer Genetics
- Epigenomics
- Genomic and Biofuels Development
- Comparative Genomic Hybridization
- Microbial Genomics
- Human Genetics and Genomics
- Gene Therapy and Genetic Counseling
- Proteomics and Metagenomics

Supporting Journals

- Journal of Cytology & Histology
- Journal of Pharmacogenomics and Pharmacoproteomics
- Journal of Genetic Syndromes and Gene Therapy

About Madrid

Why Madrid? : Madrid favourite City of Europe!

Madrid is a city so full of life and culture. It is the capital and largest city of Spain, as well as the capital of the autonomous community of the same name. Artistically the city holds its own against any in Europe, with the of the best art museums on the continent where renaissance masterworks and seminal 20th-century pieces are waiting to captivate you.

The climate of Madrid is continental; mainly dry and quite extreme at times. Madrid sees perpetual sunshine, a characteristically hot and dry summer, and a fairly cold winter with frequent frosts during the night and the occasional snowfall. Spring and autumn are definitely the best times to visit, especially the months of April, May, June, September and October.

The culture of Madrid is largely influenced by its royal history, as the center of the Spanish Empire. The Royal Palace, big places and buildings used by the Spanish Monarchy, enormous cathedrals and churches are plentiful in Madrid, as well as medieval architecture, although nowadays Madrid is just as much a cosmopolitan city as Berlin or London, full of new architecture, lifestyle and culture

Take in all the historic sights and get the background on the Spanish Empire that spanned the globe in the 16th and 17th-centuries. Nearly all of the most famous tourist areas are located in the center of the city including Puerta del Sol, Plaza Mayor, Palacio Real, and Plaza de Colón. The major streets in Madrid include the Gran Via, Alcalá Street, and Paseo de la Castellana. There are also countless little things that make Madrid memorable, whether that's a café con leche in a stately square, drinks at a rooftop bar or a wander through the Retiro or Casa de Campo on a sunny day.
