9TH INTERNATIONAL CONFERENCE ON

PHYSICAL MEDICINE & REHABILITATION

July 10-11, 2023 | Dubai, UAE

About Conference

The "9th International Conference on Physical Medicine & Rehabilitation" will take place from July 10–11, 2023, in Dubai, United Arab Emirates, with the theme "Exploring New Perspectives in Physical Medicine & Rehabilitation" and will feature keynote addresses, oral presentations, and poster presentations. Conference Series has the honour of welcoming participants from all over the world to attend.

Innovative technologies are a main emphasis in physical medicine and rehabilitation. A global forum for discussion of current and next difficulties in physical medicine and rehabilitation will be provided by keynote speakers and compelling logical introductions at Physical Medicine 2023. This worldwide forum offers the chance to talk about cutting-edge scientific advancements and breakthroughs in health and wellness. It is a wonderful chance to network with well-known people from across the globe and learn about the newest technology advancements.
