About Toronto

Toronto is the most populous city in Canada and the provincial capital of Ontario. It is located in Southern Ontario on the north western shore of Lake Ontario. The earlier name of Toronto is York during late 18th century; the city was ransacked in the Battle of York during the War of 1812. In 1834, York became a city and renamed to Toronto. Toronto is a clean, safe cosmopolitan city with a wonderful network of parks, recreational, and cultural facilities. Toronto is the home of four professional sports teams and the third largest English-speaking theatre district in the world, behind New York and London. One of the world's most ethnically diverse cities, it is home to more than 80 ethnic communities from Africa, Asia, and Europe. Toronto is also the business centre of Canada.
