ABOUT VENUE

Rome is in the Lazio region of central Italy on the Tiber River. Rome is the national capital of Italy and is the seat of the Italian Government. Rome was also ranked in 2014 as 32nd in the Global Cities Index, being the highest-ranking city in Italy. Rome is a nationwide and major international Centre for higher education, containing numerous academies, colleges and universities. It boasts a large variety of academies and colleges, and has always been a major worldwide intellectual and educational Centre, especially during Ancient Rome and the Renaissance, along with Florence. According to the City Brands Index, Rome is considered the world's second most historically, educationally and culturally interesting and beautiful city. Being the capital city of Italy, Rome hosts all the principal institutions of the nation. Rome enjoys a Mediterranean climate with cool, humid winters and warm, dry summers.

Rome was called the "Eternal City" by the ancient Romans because they believed that no matter what happened in the rest of the world, the city of Rome would always remain standing. Exploring the city centre by foot surrounded by glorious monuments and colossal remains takes you back in time to the "glory that was Rome".

Italy is known for its architecture, great food, amazing landscapes, and beautiful cities such as Rome was built 753 BC and was the capital of the Roman Empire during its reign over the European Continent. Nowadays, Rome is one of the most visited cities in Italy and the world.
