"Communicating the Energy and Power Revolution, Preparing to Meet the Challenges of the Future and Delivering Energy Services around the World"

3RD INTERNATIONAL CONFERENCE ON

POWER AND ENERGY ENGINEERING

DECEMBER 03-04, 2018 | ROME, ITALY

Hosted by Conference Series llc LTD
47 Churchfield Road, London, W3 6AY

Invitation...

Conference Series extends an enthusiastic and sincere welcome to the 3rd International Conference on Power and Energy Engineering. The conference is to materialize on December 03-04, 2018 in The Eternal City - Rome, Italy.

Theme: “Communicating the Energy and Power Revolution, Preparing to Meet the Challenges of the Future and Delivering Energy Services around the World”

Anticipating to develop a close networking platform for the academic and industrial representatives from around the world, the theme of the conference is designed as such that it touches every nook and corner of the basic and advanced applications of Power and Energy.

Power Engineering 2018 aims to give a concrete base to your hi-tech visions by expecting participation of 100+ notable minds under a single roof.

Here’s where you can get thought inciting talks and exhibitions of knowledge from people having research experience worth a fortune.

Join us @ Rome for the Prestigious Conference - Power Engineering 2018!!!

Regards
Power Engineering 2018
Consolidating Board

Segments within the Congress

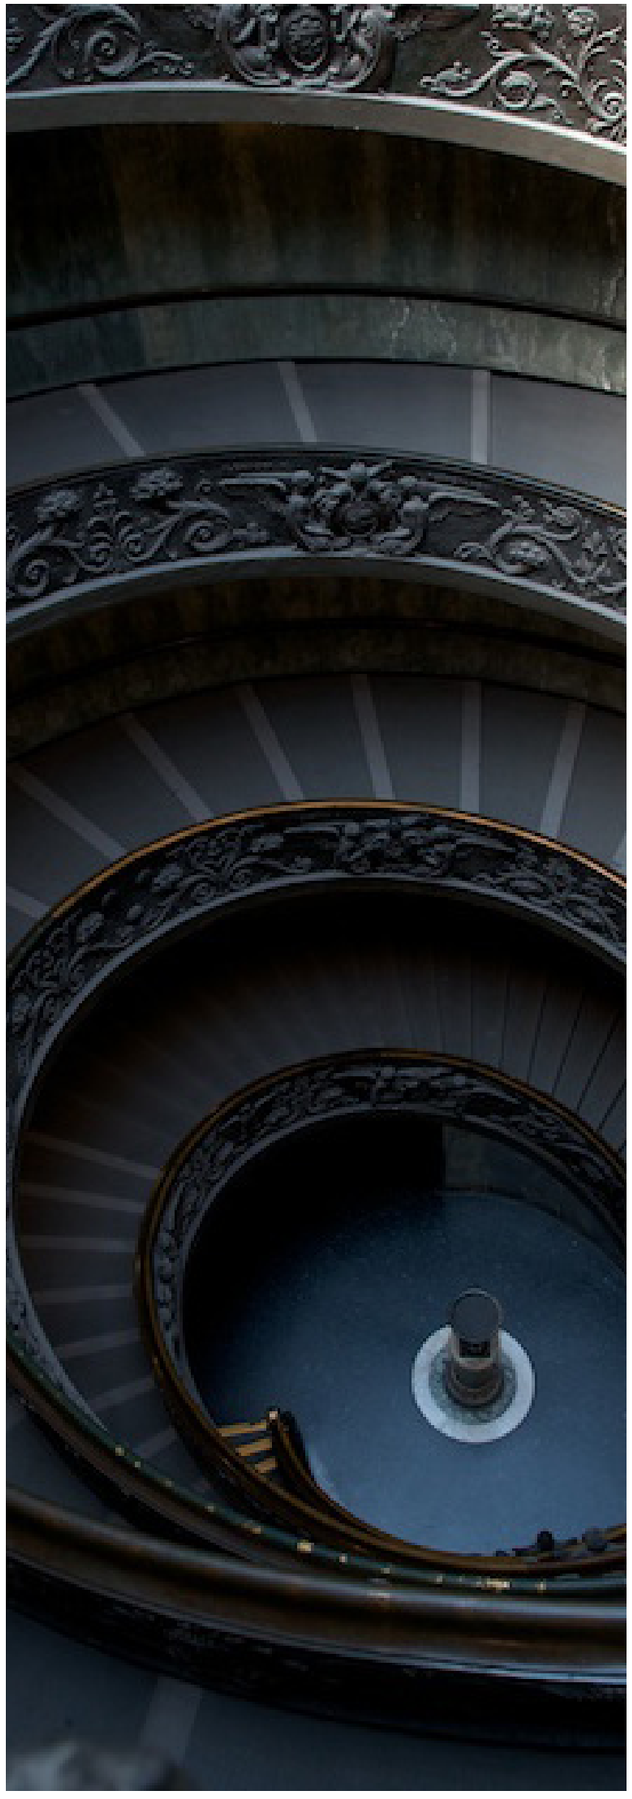

A balanced mixture of Keynote speeches, Session talks and Poster presentations along with probable Exhibitions from industries will play quite a major role in assuring the attendees of a detailed discussion and justify the cause for which they will be in Rome..

DAY 1:

The Welcome Remarks.....1
Meet the Keynotes.....2
Stretch out with Coffee.....3
Redefined Session Talks.....4
The Luncheon.....5
A Continuity to Talks.....6
Workshop Platform.....7
Young Mind Showcase.....8
Day Out..... 9

DAY 2:

Picking up from Keynotes again..... 10
Coffee and Webbing Time..... 11
The Canvas Show..... 12
Frontier Session Talks.....13
Rewarding and Awarding..... 14
Closure Comments..... 15

"To be covered" Extents

The conference theme is designed as such that it shall encourage the Power and Energy related academicians, industrialists and researchers to talk and discuss on the well-balanced mixture of the topics of these sessions. The conference discussions will include the debate and lectures on:

- Power Engineering
- Power System
- Power Transmission and Distribution
- Power Electronics
- Power and Energy Market
- Battery Technologies
- Fuel Cell and Combustion Technologies
- Smart Grid Technologies
- Alternative Energy Technologies
- Energy Storage
- Sustainable Energy Technologies
- Solar Power
- Wind Energy
- Energy Economics and Policy
- Bio Energy
- Hydropower Technology
- Green Energy
- Photovoltaic System
- Energy Materials
- Electromagnetism
- Clean Energy
- Nuclear Energy

Audience Measurement

As power and energy is required for each and every industry as well as it should be conserved for the future use, the research on the same has increased in the academic field.

Thus, the conference targets the larger portion of industrial sector and the academic sectors where the developmental work and the applications of the power and energy are happening.

Power Engineering 2018 projects its audience to be part of universities, industries, research groups, manufacturers and distributors.

Conference series participants hail from around the globe including the America, Europe, Middle East and Asia Pacific.

Few of those many participating countries that Conference Series has covered in its 10 years of dominance are listed below

- USA
- Canada
- Mexico
- Brazil
- Argentina
- Colombia
- Bolivia
- Spain
- Italy
- France
- Czech Republic
- Belgium
- Slovenia
- Greece
- Malaysia
- Australia
- South Korea
- China
- India
- Russia
- Japan

Young Researchers Forum

This segment has been instituted by the Power Engineering 2018 Conference on behalf of Conference Series to recognize the budding scientists and researchers with an outstanding track record in the Power and Energy related study and technology.

This segment shall serve the purpose of being a pivotal step towards association and networking among Young Scientist Minds.

Who can be in YRF?

Any fledgling and budding scientists/researchers below the age of 33 years

Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculties

What can they achieve?

A platform to showcase their innovative ideas

An opportunity to interact with speakers with high research experience and established industrialists

Award will be presented to the best YRF talk

Exhibiting With Us

We, in the conference, are providing the perfect business platform to promote your products and services as well, which will help in taking and generating new leads.

Why exhibit with us?

- A continuous non-competitive show
- One complimentary registration valued up to 799 USD
- Discounted registrations for all other additional booth personnels
- Access to the conference attendees
- Discounted hotel rates
- Promotional and sponsorship opportunities galore
- Standard booth setup
- Best platform to develop new conglomerate & alliances
- Best site to hustle up your route into the business territory in the World
- Network development with both Academia and Business

"Make it... Take it..."

This is what exhibiting with us means. Make a place at Power Engineering 2018 as an exhibitor and take the International recognition with you.

Getting Around Rome

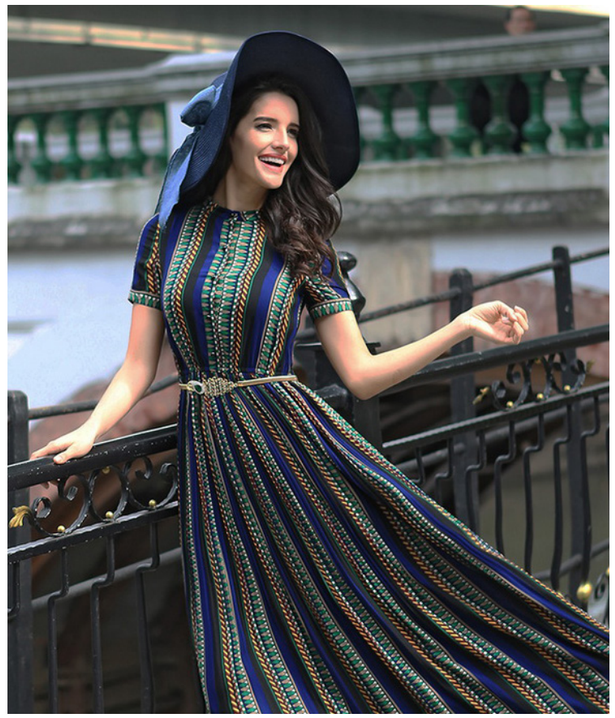

Without any doubt, Rome is one of the most beautiful cities in the world. Every year millions of tourists are coming to admire the treasuries and masterpieces of Roman art and sculpture. Rome is such a huge tourist appeal that you have to mark your date wisely. And in early December, the scenic beauty of Rome would be unputdownable. If you can plan to stay as long as a week, you won't run out of things to do and you'll still feel like you're leaving too soon. But if your time is limited, allow at least four days to see all of Rome's major attractions.

Rome is divided into several districts with its center, the Colosseo district, containing the most ancient attractions like the Colosseum, Capitoline Hill and the Roman Forum. On the outskirts of the center is Old Rome, featuring the Pantheon, stunning cathedrals, plazas and Renaissance architecture. It is a city that is proud of its ancient glorious heritage, a city that once expanded its empire throughout Europe, Africa and Asia. Rome is a city drenched in history.

Glorious Food

Gorgeous Italy draws travelers keen on exploring her stunning scenery, unique culture, and gastronomical delights. With its rich cuisine, this beautiful Mediterranean land offers countless famous and traditional must-eat foods. As Romans who are wildly passionate about Italian food. Italian food is recognised around the world for its delicious flavours, exquisite dishes and world class ingredients. You can have the taste of the most delicious and yummiest of the Roman dishes. This tour takes you into the heart of Rome, by historical monuments, in picturesque markets, inside beautiful restaurants and secret places off the tourist trail city.

Pasta types vary significantly depending where you go in Italy. Be sure to try the regional specialties in the cities that you are visiting. If you are exploring beautiful Rome, order a serving of the pasta alla carbonara, prepared with ingredients such as eggs, Pecorino cheese, guanciale (a type of Italian cured meat made from pork cheeks) and black pepper..

Stylish Shopping

Italy is an amazing destination to visit for so many reasons history, architecture, cuisine, wine. While you'll find beautiful, one-of-a-kind, handmade goods in every single city. You'll find great Italian wine in the states, but it's hard to find limoncello that's comparable to what you'd find in Italy. Florence is known for its vineyards, sure, but one thing you might not realize until you visit is the fact that Florence is also famous for its leather working. Leather can be found nearly anywhere in the country, but Florence is the absolute mecca for high-quality, authentic, buttery Italian leather. Handmade Venetian paper goods and stationery you'll find nowhere else in the world. Shopping in one of the most vibrant cities in Italy, i.e. Naples is a delight. The top shopping street here is Via Toledo which has one of the longest shopping streets in the city. There are numerous big chain stores, department stores and boutiques here to shop from.
