ABOUT CONFERENCE

Protein Engg Meet 2021 cordially welcomes all the participants and contributors from worldwide to attend "5th International Conference on Protein Engineering " on September 29th, 2021 .The conference will be organized around the theme "Moving forward to the future of life sciences."

A scientific program which is well organized to the audience which includes symposiums, workshops, keynote lectures, plenary talks, oral talks, panel discussions and poster sessions on latest research, new methodologies and technological developments in the arena of proteomics as well as bioinformatics aspects. The main aim is to engage participants on wider issues, such as teaching in the proteomics as well as bioinformatics research.

5TH INTERNATIONAL CONFERENCE ON PROTEIN ENGINEERING

September 29th, 2021 | webinar

PROTEIN ENGG MEET 2021

Theme: Moving forward to the future of life sciences

Sessions/Tracks:

- ·Protein Engineering
- ·Genetic Engineering
- ·Enzyme Engineering
- ·Structure and Function of Proteins
- ·Genomics & Structural Genomics
- ·Protein Engineered Biomaterials
- ·Proteomics in Plant & Animal
- ·Pharmacogenomics & Pharmacoproteomics
- ·Mass Spectrometry in Proteome Research
- ·Transcriptome analysis & Gene Expression
- ·Protein Biochemistry
- ·Antibody Drug Therapy
- ·Protein Therapeutics & Market Analysis
- ·Molecular Modelling and Drug Designing
- ·Bioinformatics and Computational Biology
- ·Applications of Genetic and Protein Engineering
- ·Machine Learning Applications in Bioinformatics

Target Audience

- Protein and Genetic Research laboratory Heads
- Researchers
- Practitioners
- Doctors
