PAST CONFERENCE REPORT

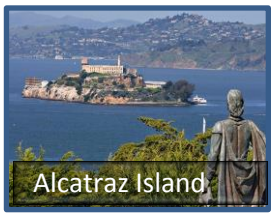

SAN FRANCISCO, CALIFORNIA, USA - ATTRACTIONS

About San Francisco, California, USA:

San Francisco officially the City and County of San Francisco, is the cultural, commercial, and financial center of Northern California. San Francisco is about 47.9 square miles (124 km2) in area, making it the smallest county within the state of California. With a density of about 18,451 people per square mile, San Francisco is the most densely settled large city in California and the second most densely populated major city in the United States. San Francisco is the fourth-most populous city in California and the 13th-most populous city in the United States.

A popular tourist destination, San Francisco is known for its cool summers, fog, steep rolling hills, eclectic mix of architecture, and landmarks, including the Golden Gate Bridge, cable cars, the former Alcatraz Federal Penitentiary, Fisherman's Wharf, and its Chinatown district.

The University of California, San Francisco is the sole campus of the University of California system entirely dedicated to graduate education in health and biomedical sciences. It is ranked among the top five medical schools in the United States and operates the UCSF Medical Center, which ranks among the top 15 hospitals in the country.
