36th International Conference on Psychiatry and Psychosomatic Medicine

SEPTEMBER 16-17, 2019 ROME, ITALY

AGENDA

Title: A Neuroscience-based Blueprint for the Modern Integrated Addiction and Mental Health Treatment System.

R. Andrew Chamber
Indiana University School of Medicine, USA

R. Andrew Chambers, MD is Associate Professor of Psychiatry at the Indiana University (IU) School of Medicine in Indianapolis. Andy is a graduate of Centre College (1991), Duke University School of Medicine (1996), and Yale University Psychiatry Residency and Fellowship Programs in Neuroscience (2002). He graduated from the Addiction Psychiatry Training Program at IU in 2012, and is now the Director. Andy's basic, clinical and neuro- computational research has been supported by grants from NARSAD, the American Psychiatric Association, National Institutes on Drug Abuse, Alcohol Abuse and Alcoholism, and the Veterans Administration. Andy's research on the neurobiological and developmental basis of addiction vulnerability in mental illness has recently been translated into a new textbook of addiction psychiatry clinical care and professional training

Title: On The Nexus Of Chronic Pain, Posttraumatic Stress, And Alexithymia

Nakieta Lankster,
American School of Professional Psychology, USA

Dr. Lankster has 20 years of healthcare experience, 14 years of mental health experience, and 3 years of licensure as a clinical psychologist. She graduated from the American School of Professional Psychology and has undergraduate degrees in psychology and sociology from the University of West Alabama. She has published literature on trauma, CBT, cultural issues, and more. Dr. Lankster is also a peer reviewer for the National Institute of Justice and the Journal of Rural Mental Health. Currently, she specializes in and researches issues surrounding community and mass trauma, rural mental health, culture related issues, and child therapy.

Title: Automated Neurofeedback Brain-training as a Primary Addictions Intervention

Posson, Donald R
National University , CA, USA

Dr. Don began his career in mental health as a US Navy Substance Abuse Program manager. With over two decades in the field as a private practitioner, university professor, and innovater, he brings his understanding of psycho-physiology to bear on treatment modalities that directly address the underlying brain-rhythms that drive nearly all mental health disorders. Dr. Don is a full-time professor at National University, teaching addictions, psychology, and human behavior courses. He has recently published several articles articulating the broader application of Automated Neurofeedback Brain-Training as a primary mental health intervention. He has "brain-trained" hundreds of individuals under psychiatric/psychological care with outstanding results.

SPEAKER SLOTS AVAILABLE

Title: The growing problem of mephedrone use in Warsaw, Poland,

Ordak Michal
Medical University of Warsaw, Poland

Ordak Michal is an assistant professor at the Medical University of Warsaw, Poland. For many years he has been researching the problem of designer drugs, also called legal highs. His scientific achievements include numerous publications, with the major work published in the Lancet Psychiatry. It refers to the growing problem of mephedrone abuse. Michal Ordak is also an international expert in biostatistics.
Tadeusz Nasierowski is an associate professor in the Psychiatry Department at the Medical University of Warsaw. He is a specialist in the area of clinical aspects in psychiatry. He has been contributing at every stage of conducted clinical research.
Magdalena Bujalska-Zadrozny is an associate professor and the head of the Department of Pharmacodynamics and Pathophysiology at the Medical University of Warsaw. She is responsible for the final check of the abstract

Title: On the Nexus Of Chronic Pain, Posttraumatic Stress, And Alexithymia

Jessica Williams
University of Southern California, USA

Dr. Williams is a Clinical Psychologist. She received her Masters in Social Work from the University of Southern California, and her Bachelor of Arts in sociology from the University of California, Santa Cruz. Her experience includes psychological assessments with juvenile and adult offenders, providing individual and group therapy to severe mentally ill adults in both inpatient & outpatient settings.

Title: Setting a New Standard: Developing and Operationalizing a Trauma-Informed Delivery of Care Model

Danielle L. Milliken,
Director at CHOC Children's Hospital, California, USA

Danielle Milliken is working as a Director at CHOC Children's Hospital.

Charged with the responsibility of opening and operationalizing brand new 16-bed child/adolescent inpatient psychiatric unit. Assisted in the design and development of unit environment, as well as created and operationalized unique unit policies and procedures. Strategized the concept of therapeutic, trauma informed care delivery to patients and families.

SPEAKER SLOTS AVAILABLE

Title: Humor and Emotion Regulation in Remitted Depression: Differential Effects of Humor Related to Distress versus Humor Unrelated to Distress

Anna Braniecka
University of Social Sciences and Humanities, Poland

Anna Braniecka is an assistant professor at the Institute of Clinical Psychology (Faculty of Positive Psychology) at SWPS University and has 14 years' experience as a clinical psychologist. Her research combines clinical studies with positive psychology and thus goes beyond the traditional symptom-focused approach to mental disorders by investigating psychiatric patients' wellbeing, strengths and resilience. Together with her team, she is currently implementing a research grant on self-regulation in recurrent depression. She is a founding member of the Positive Psychology Society (Poland)—involved in many campaigns aimed at improving the state of mentally ill people (e.g., the Mental Health Protection Programme, Faces of Depression, Forum Against Depression).

Title: Service provision for people with substance use disorders in a rural district, South Africa.

December Mpanza
University of KwaZulu-Natal, South Africa

Mr December Mpanza, is an Occupational Therapist and a lecturer at the University of KwaZulu-Natal, South Africa and a PhD candidate for Public Health Medicine. He is an executive board member and secretary of South African National Council on Alcoholism and Drug Dependence based in Durban. He is also a therapist for the First Episode Psychosis Clinic at King Edward Hospital, South Africa

Title: Mu Opioid Receptor Gene (OPRM 1) Polymorphism in Patients with Opiate Use disorder

Nehal Mostafa Ahmed Attia
Cairo University, Egypt

Nehal Mostafa Ahmed Attia has completed her Master degree at age of 28 and her PhD at the age of 32 years from Cairo University and postdoctoral studies from Cairo University School of Medicine. She is a lecturer at Cairo Univeristy School of Medicine. She is also a member of the Egyptian Psychiatric Association. She has published one paper in reputed journal

SPEAKER SLOTS AVAILABLE

Title: Childhood Trauma and Dissociative Experiences in Female Borderline Disorder with and without Substance Dependence

Somaya Hassan Shaheen
Cairo University, Egypt

Somaya Hassan Shaheen has completed her Master degree at age of 28 and her PhD at the age of 32 years from Cairo University and postdoctoral studies from Cairo University School of Medicine. She is a lecturer at Cairo Univeristy School of Medicine. She has published one paper in reputed journal.

Title: Criminal law and Forensic psychiatry: Worldwide diversities

Alhem Houidi
University of KwaZulu Natal, South Africa

Dr, Alhem Houidi is a senior psychiatrist at Fort Napier Hospital, Pietermaritzurg. She holds a MBChB (1996), MMed Psych (2002), and Post Diploma in Forensic Psychiatry(2007). Dr Houidi is an Honorary Lecture in Psychiatry with the University of KZN and was the Convener for Diploma of Mental Health (2015).

Title: Pragmatic Psychology - What abilities are hiding

Susanna Mittermaier
University clinic of Lund, Austria

Susanna Mittermaier is a psychologist and author of the #1 international bestselling book, Pragmatic Psychology: Practical Tools for Being Crazy Happy. As a global speaker, Susanna offers a new paradigm on psychology and therapy called Pragmatic Psychology. Susanna Mittermaier from Vienna, Austria, educated in Sweden at the university clinic of Lund, where she was mentoring the hospital staff, conducted neuropsychological testing and psychotherapy with patients and developed a new approach to psychology.

SPEAKER SLOTS AVAILABLE

Title: The Role of Predictor Variables of Mental Health and Personality Subscales in Internet Addiction among Medical and non-Medical Students of Sanandaj Universities

Hassan Gharibi
Payame-nour University, Iran

Hassan Gharibi was born in Saghez, Kurdistan, Iran, at 23/06/1976. He was graduated from Tabriz university. He has Ph.D. in educational psychology. He is a scientific member and assistant professor of educational psychology in department of psychology at Payam-nour University since 2012 to now.
