Invitation

Dear Attendees,

We are pleased to announce the 11th International Conference on Quantum Physics and Mechanics, scheduled to take place on August 27–28, 2026, in Zurich, Switzerland. This in-person conference is organized by Conference Series LLC Ltd, with the valued collaboration and support of distinguished academicians, researchers, and editorial board members from across the globe.

The conference serves as a premier platform for the presentation, discussion, and exchange of cutting-edge research and practical applications in Quantum Physics and Mechanics. It aims to bring together participants from leading universities, research institutions, and industry to share insights, showcase innovations, and explore emerging trends in this rapidly advancing field.

Designed to foster meaningful face-to-face interactions, the conference program features keynote lectures, scientific sessions, panel discussions, and interactive forums led by renowned experts and industry leaders. Ample networking opportunities will enable attendees to engage directly with peers, establish collaborations, and exchange knowledge in a dynamic and intellectually stimulating environment.

Join us in Zurich to expand your professional network, gain firsthand exposure to the latest advancements, and contribute to shaping the future of Quantum Physics and Mechanics through active participation and collaboration.

We look forward to your participation at Webinar this June.

Sincerely,
Quantum Mechanics 2026
Organizing Committee

Our International Open Access Journals

- 700+Leading-edge Peer ReviewedOpenAccess Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy toSubmit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- Morethan 3000Conferences happeningacross the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-linepublicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

SpecialIssues : Allacceptedabstractswillbe
published inrespective Conference Series llc LTD Journals
Each abstract will be provided with digital Object Identifier by Crossref

About Conference

Quantum Mechanics 2026 Conference website is attracting 25000+online visitorsranging fromResearchers, Academicians and Business professionals, who are working in Quantum Physics field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Quantum Mechanics 2026 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience.

- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Medical Imaging and Clinical Research present the most recent research findings, and promote and enhance scientific collaborations around the world.

- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

About Conference

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Quantum Physics and Mechanics
- Discuss and apply recent research findings related to Quantum Physics and Mechanics
- Reflect on the place of critical distance in research of Quantum Physics and Mechanics

Who should attend

11th International Conference on Quantum Physics and Mechanics is among the World's leading Scientific Conference. The two day event on Quantum Physics and Mechanics practices will host 60+ Scientific and technical sessions and sub- sessions on cutting edge research and latest research innovations in the field of Quantum Physics and Mechanics across the globe. This year Quantum Physics and Mechanics conference will comprises of 14 major sessions designed to offer comprehensive sessions that address current issues in various fields of Quantum Physics and Mechanics. The attendees can find- Exclusive Sessions and discussions on latest innovations Quantum Physics and Mechanics. By participating in the conference, attendees will be able to study the advances in the Quantum Physics and Mechanics. This International Conference on Quantum Physics and Mechanics Webinar conference provides an opportunity to share research with Experts, professionals, academicians and researchers from all over the world. Execute new methods or revise existing methods based on best presented facts as Presented at Quantum Mechanics.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

About Conference

Major Sessions

- Quantum Mechanics
- Quantum Field Theory (QFT)
- Quantum Topology
- Quantum Spintronics
- Quantum Technology
- Quantum Sensing
- Quantum Imaging
- Atomic, Molecular and Optical Physics
- In-depth Quantum Physics
- Nuclear Engineering
- Power plant Stimulation
- Nuclear Decommissioning and Waste Management
- Nuclear Plant Chemistry
- Power Plant Technologies
