# INVITATION

Dear Attendees,

The organizer of the Global Conference Series LLC Ltd invites all participants from all over the world to join the famous scientific International Conference on "Quantum Physics," which will take place in Amsterdam, Netherlands on May 23-24, 2022. It is one of the world's most prestigious scientific conferences, hosting scientific sessions and sub-sessions on cutting-edge research and the most recent innovations in the fields of quantum physics and quantum technology from all over the world. Attendees will get access to certain unique workshops and panel discussions on the most recent developments in physics.

Theme: Emphasizing Novel Researches and Frontline Advances of Quantum Physics.

This is your finest opportunity to access the largest assemblage of participants from universities, colleges, research centers, societies, organizations, labs, groups, communities, and enterprises, etc., with members from all over the world focused on Quantum physics and Quantum technology. We wish to organize a global meeting where researchers from various controls may successfully trade data. The purpose of bringing the general public to the meetings is to catalyze empowering trades and connections between professionals in various sectors, ranging from physical science to engineering. It will create new multidisciplinary systems and allow participants to share their knowledge and data in order to achieve faster and better results.

Quantum physics and quantum technology have not only aided in the advancement of several disciplines of research and technology, but have also contributed to the betterment of human life quality. The main goal of the Quantum Physics 2022 conference is to allow attendees to connect, interact, and exchange creative ideas in diverse areas of quantum physics and technology. The pleasure of attending Quantum Physics 2022 entails progressive improvement and growth in your way to doing things, as well as a broader perspective on things in international diversity.

We look forward to personally welcoming you to our conference!

Sincerely,
Quantum Physics 2022
Organizing Committee

| 15:30 - 16:00 | Sessions |
| 16:00 – 16:30 | Sessions |

# CONFERENCE HIGHLIGHTS

- Quantum Mechanics
- Quantum Magnetism
- Quantum Technology
- Quantum Materials
- Quantum Optics
- Quantum States
- Quantum Metrology
- Quantum Simulation
- Quantum Computing
- Quantum Gravity
- Quantum Imaging
- Quantum Field theory
- Quantum Information Science
- Matter waves and Particle beams
- Qubits
- Single photons and Quantum effects
- Quantum Sensing
- Quantum Topology
- Quantum Chemistry
- In-depth Quantum Physics

# CITY ATTRACTIONS

## DAY 1 | MONDAY | MAY 23,2022

| | |
|---|---|
| 08:00-09:00 | REGISTRATION |
| 09:00-09:15 | INAUGURAL ADDRESS |
| 09:15-09:45 | KEYNOTE/PLENARY TALK 1 |

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

## Salient Features

Cognizance of leading Cutting-Edge Technologies

Exposure to the upcoming business trends

Publication of Abstracts in preeminent supported journals

New Accomplishments with Edu-tech ideas

Professional Worldview

Certificate of presentation with International signatories

Free access to our forthcoming International events

International Recognition

Meet Experts & Influencers Face to Face

Gain Targeted Knowledge

New Tips & Tactics

## Our International Scientific Conferences

- More than 5000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

## Salient Features

- Robust publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

# ABOUT VENUE

## AMSTERDAM, NETHERLANDS

Amsterdam is a city and port in the western Netherlands on the IJsselmeer, which is connected to the North Sea. It is the Netherlands' capital as well as the country's principal business and financial centre.

Amsterdam is the titular capital of the Netherlands, although The Hague is the seat of government. The royal family only visits the Royal Palace in Amsterdam, which is located on the Dam Square. The city lacks the colossal architecture that other capitals have. There are no large squares for large exhibitions, no commemorative curves, and no towering statues.

Tourism:-

Tourism, in all forms, is a significant and growing source of revenue. Many tourists travel to the city for business or to attend conferences, which are primarily held in the RAI Demonstration and Assembly Centre. Day tours to Amsterdam are quite popular because many of the sights can be seen on foot in a single day.

The Netherlands' capital city has unquestionably one of the most laid-back feel of any European city. If you're planning a trip to Amsterdam, you can rest assured that it will be one of the most memorable experiences of your life. The city has it all, from a vibrant nightlife to picnic areas and world-class museums. You're going to have to settle for second best!

Experience Amsterdam:-

Come to Amsterdam to view the world-famous inner city from the 17th century. The charming Jordaan neighbourhood boasts small alleyways, bustling cafés, and elegant commercial buildings that line the famed canals. Visit one of the main department shops or go shopping in little boutiques and art arcades in de 9 straatjes (9 streets).
