10th International Conference on

Rare Diseases & Orphan Drug

December 23-24, 2023 | Dubai, UAE

About Conference

Conference series glad to announce our "10th International Conference on Rare Diseases & Orphan Drug" on December 23-24, 2023 in Dubai, UAE. The main theme of this conference is "Strive for the eradication of rare diseases". This is a great platform to explore your thoughts and suggestions to all the participants.

About Dubai

Dubai is surrounded by endless dunes, which you simply have to see. The desert landscape that surrounds the city is beautiful. Set out on a wild ride in the dunes as part of the morning safari, while bathed in the morning sun. If you want, you can take a solo journey around the dunes either on a quad bike or a sandboard. Of course, there'll be lots of time available for you to enjoy the desert and taking photos. On the safari, you'll be guided on quad bikes by experienced guides. To top it all off, traditional coffee and camel riding in true Bedouin style await in the end. The tour is part of the GetYourGuide Originals which, in addition to the 7% discount HI members are entitled to at each booking, also means a refund in case you're not satisfied. And that's not all you can reschedule your tour to whatever date you wish for free. Dubai, one of the seven united Arab emirates of the eponymous small country on the Arabian Peninsula, really leaves an impression with all its splendour and unique buildings. Travelling to Dubai is travelling to the city of contrasts where the vibrancy of a modern metropolis and the traditional desert life are intertwined.
