Welcome Message

Dear participants,

It is my great pleasure to welcome you to the 17th International Expo on Recycling and Waste Management which will take place June 24-25 2022 in Toronto, Canada. This year, the focus is on “Reduce and Recycle Waste for a Green Planet”

I am very excited that the conference will include several topics such as materials recycling via chemical, mechanical, thermal and biological processes. You will have the opportunity to meet and discuss with experts in waste management coming from all over the planet. The Recycling Expo - 2022 will present several keynote and general sessions on the latest development related to research and development in the field of environmental aspects and issues from sustainable development and circular economy. Current data and regulations will be also presented to get a general overview of the current situation.

We are looking forward to meet all of you in Toronto for a successful event. Sincerely,

Prof. Denis Rodrigue
Department of chemical engineering
Université Laval
Quebec City, Canada
