B2B Meetings

Dear Attendees,

We are glad to announce the **6th World Summit on Renewable Energy and Resources** to be held in **London, UK** during **March 14-15, 2024** organized by Conference Series llc LTD, Europe in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. Renewable Energy-2024 is centered with the theme " The Role of Renewable Energy in Combiting Climate Change".

Renewable Energy-2024 is the gathering of Renewable Energy Scientists, Renewable Energy Researchers, science, Clinicians, Health Care Professionals, Speakers, Professors, Business delegates and Students all over the world to participate to discover the new novel ideas of Environmentscience, where people can get desired knowledge over future challenges in varied sorts of Renewable Energy & Resources. We are glad to invite you at **Renewable Energy-2024** where you can experience a really sumptuous information and knowledge in the field of Wind & Solar .

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts. Life is full of give and take. Make it count in your professional life. Attend the **Renewable Energy-2024** to network with your peers, exchange expertise and experiences and arm yourself with the latest information to take your field to the next level.

We look forward to personally welcoming you to Basel this March.

Sincerely
Renewable Energy-2024

About Conference

Renewable Energy-2024 Conference website is attracting Solar energy, Science, pharmaceutical Chemistry, Health Care Professionals, Professors, Research fellows, Directors, Deans, Post-graduates in Renewable Energyresearchers, chemical science, Organic Renewable Energy, Inorganic Renewable Energyand Renewable Energystudents. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after conference.

Renewable Energy-2024 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students

Special Issues : All accepted abstracts will be published inrespective Conference Series llc LTD Journals
Each abstract will be provided with digital Object Identifier by Crossref

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Renewable energy present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address Impact of COVID-19 Challenges for Nano Chemistry.

Objectives

After participating in this meeting, attendees should be able to

- COVID-19 Challenges for Renewable Energy
- Discuss emerging issues in about Renewable Energy
- Discuss and apply recent research findings related to Renewable Energy

Who Should Attend?

6th World Summit on Renewable Energy and Resources. The two day event on Renewable Energywill host 60+ Scientific and technical sessions and sub-sessions on cutting edge research and latest research innovations in the field of Nano Technology & Renewable Energy& its related issues. This year will comprises of 17 major sessions designed to offer comprehensive sessions that address current issues in various fields of Chemistry. The attendees can find- Exclusive Sessions and Panel discussions on Impact of COVID-19 Challenges for Chemistry. By participating in the conference, attendees will be able to get desired knowledge over future challenges in varied sorts of Renewable Energy and Resources. Renewable Energy-2024 provides an opportunity to meet Experts, professionals, academicians and researchers from all over the world. Execute new methods or revise existing methods based on best presented facts as Presented at Renewable Energy-2024.

About Conference

About hosting organization

Conference Series llc LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

Major Sessions

- Advancements in Solar Energy Technology
- Harnessing the Power of Wind: Innovations in Wind Energy
- Sustainable Bioenergy: Exploring Biomass
- The Role of Hydropower in Renewable Energy Mix
- Unlocking the Potential of Geothermal Energy: Geothermal Power
- Energy Storage Solutions: Battery Technologies, Grid-Scale Storage
- Electrification of Transportation: Accelerating the Shift to Electric Vehicles
- Decentralized Energy Systems: Microgrids, Off-Grid Solutions
- Green Hydrogen: Production, Storage, and Integration
- RenewableAnd Non-Renewable Energy
- Environmental Microbiology & Bioremediation
- Climate Change And Health
- Biodiversity

About London

London, the United Kingdom's sprawling capital, stands as an enduring symbol of history, culture, and modernity. Nestled along the meandering River Thames, this dynamic metropolis is a tapestry of diverse neighbourhoods, iconic landmarks, and a relentless pursuit of innovation. London's skyline is a harmonious blend of old-world charm and contemporary skyscrapers. Stroll through its historic streets, and you'll encounter architectural marvels like the Tower of London, Westminster Abbey, and the majestic St. Paul's Cathedral. Buckingham Palace, the official residence of the British monarch, adds an air of regal elegance to the city.

London's cultural diversity is celebrated in its neighborhoods, from the vibrant markets of Camden to the refined lanes of Kensington. World-class museums, including the British Museum and the Victoria and Albert Museum, house treasures spanning civilizations and centuries. The West End's theaters bring the magic of live performances to life, with renowned shows enchanting audiences nightly. London's culinary scene is a gastronomic adventure. .
