Young Research Forum

Come Let's Bring a Transformation in the Scientific Society

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

Young Researcher Sessions are organized at the Rheumatology 2018, to provide a unique platform for Young Researchers/Investigators for presenting latest research projects with an in-depth analysis. Conferenceseries Ltd cordially invites Young Researchers from Universities/Institutes/Industries to present a short oral presentation during the forum. These oral presentations should be of 10 minutes duration in related scientific track followed by 5 minutes question hour. Therefore, presenters are encouraged to give comprehensive and dynamic talks. Applications will be selected based on past research productivity and future promise.

- Showcase your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.
- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.
- Actively distribute information and promote the benefits of education and career matters.

Abstract Submission deadline: August 20, 2018
