42nd Global Conference on

Smart Materials and Nanotechnology

December 01-02, 2022 | Amsterdam, Netherlands

Theme: "Emerging Trends In The Fields Of Smart Materials And Nanotechnology"

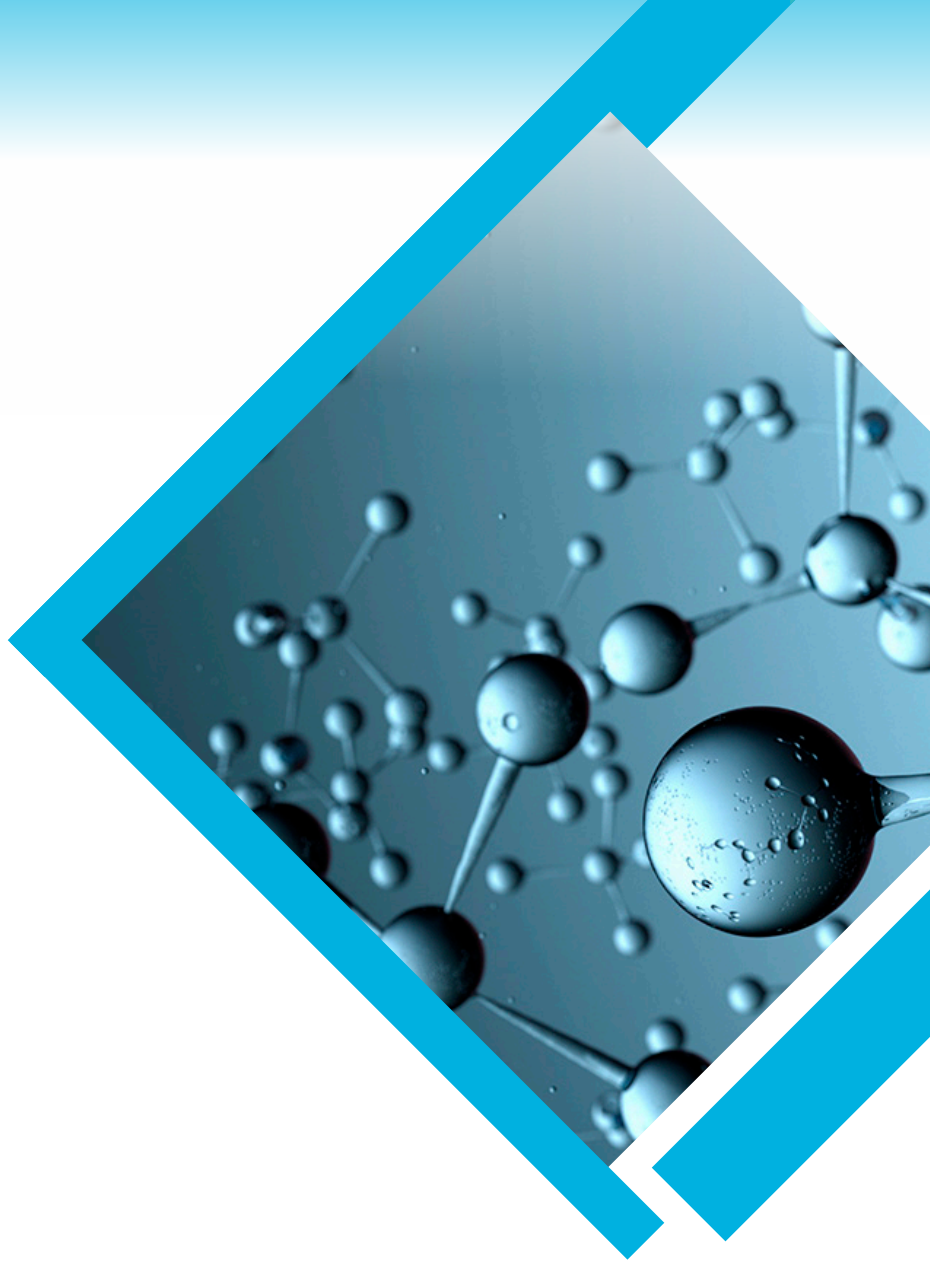

https://www.conferenceseries.com

https://smartmaterials.conferenceseries.com/

INVITATION

Dear Attendees,

We are glad to announce the "42nd Global Conference on Smart Materials and Nanotechnology" to be held in Amsterdam, Netherlands city on Smart Materials on December 01-02, 2022 organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. Smart Materials-2022 aimsat sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Smart Materials and it's Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Sincerely,

SMART MATERIALS-2022

Organizing Committee

Sincerely,

SMART MATERIALS-2022

Organizing Committee

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

In the Interdisciplinary field, We proudly confess you to attend a Webinar for 42nd Global Conference on Smart Materials And Nano Technology scheduled in November 24-25, 2022. Our Conference covers the new designs and researches of Nano Technology and Material Science. It reaches to the stage of new Scholars, Scientists, Educationalists, and Industrialists. It offers new thoughts among the experts and presenters and get certified by our prestigious world class sorting out with advisory group. The scientific programme Smart Materials 2022 Conference will highlight the newest advances in Materials research at a world level, with a robust emphasis on Interdisciplinary research in both fundamental and applied areas. It provides an opportunity to learn about the complexity of the health issues, discuss interventional procedures, look at new and advances in Nanotechnology and their efficiency and efficacy in diagnosing and treating various diseases and also in Healthcare treatments.

This Conference" SMART MATERIALS-NANO 2022" will focus on Healthcare and Medicine. World-renowned speakers, the most recent techniques, tactics, and the newest updates in fields Nanotechnology and Engineering, Medical Nanotechnology, Material Science, Tissue Engineering are hallmarks of this conference.

SMART MATERIALS-2022salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Smart Materials and Nanotechnology , present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in nanotechnology
- Discuss and apply recent research findings related to smart materials.
- Reflect on the place of critical distance in smart materials Research.

Who should attend?

With members from around the world focused on learning about Smart Materials and Nanotechnologyand its advances in making a better health;this is your best opportunity to reach the largest assemblage of participants from the Smart Materials community. Conduct presentations, distribute information, meet with current and potential scientists, make a splash with new Nano developments, new treatment techniques and receive name recognition at this 2-day event. World-renowned speakers, the most recent techniques, developments, and the newest updates in Smart Materials are hallmarks of this conference.

- Nanotechnology
- Nanotechnology & Advanced Materials
- Medical Nanotechnology in Cancer Therapy
- Smart Therapeutic Nano systems
- Pharmaceutical Nanotechnology
- Nano medicine and Nanotechnology
- Pharmaceutical Microbiology & Drug Safety
- Nanotechnology in Energy
- Nanotechnology in Polymers
- Cancer and Nanotechnology
- Nano toxicology
- Nano biotechnology
- Applications of Nanotechnology
- Bio-hybrid polymer Nano fibers
- Nanotechnology in Water Treatment

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT AMSTERDAM, NETHERLANDS

The River Amstel deposited banks of clay where it flowed into the IJ bay: the Wallen embankments of Amsterdam. This is where the first settlers built a small chapel in the 13th century. They chose to site it on a mound that also served as a burial ground. Over the centuries that followed the small church evolved into one of Amsterdam's most impressive monuments.

The Church of Saint Nicholas becomes the Old Church

On 17 September 1306 the Bishop of Utrecht dedicated the church to Saint Nicholas, so the church acquired the name of this patron saint of sailors. About a century later the city's population had expanded hugely and a new church rose skyward overlooking Dam Square: the Nieuwe Kerk or New Church. In common parlance the Church of Saint Nicholas naturally came to be known as the Oude Kerk or Old Church.
