USA

About Us

Our International Open Access Journals

- **700+ Leading**-edge Peer Reviewed Open Access Journals
- **21 Day** Rapid Review Process
- **50000+** Editorial Board Team, **35000+** Reviewers team
- **30 Million Readers** and High Visibility
- **1000+ Scientific Associations** Collaborations
- **100000+** facebook fans Likes
- **Publication** immediately after acceptance
- **Quality and Quick** editorial, review processing

Salient Features

- **Easy to Submit** and Review Systems
- **High Quality** and Fast Publishing Guaranteed
- **Unbiased, quality-oriented,** and transparent reviews
- **Truly impartial recognition** of the best papers
- **Feedback** on the impact of every article
- **Enhanced feature:** Audio version of published paper
- **Digital articles** to share and explore
- **Sharing option:** Social networking enabled
- Authors, reviewers and editors are provided with **scientific credits**
- User friendly/feasible website articles **translations** across more than **50 world languages**

Our International Scientific Conferences

- More than **3000 Conferences** happening across the globe
- Conferences organized in **Medical, Pharma, Engineering, Science, Technology and Business.**
- **CME/CPD Accredited** Conferences fostering professional and Personal development
- **Continuum of education** through organized scientific program
- **Renowned speakers** and scientists representing from **40 countries**
- **Highly Interactive sessions** and Panel Discussions
- **B2B Meetings** offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be published inrespective Conference Series LLC Journals

Each abstract will be provided with digital Object Identifier by crossref

About Conference

- **STD AIDS 2017** The field of HIV research, Infectious diseases and Immunology is growing rapidly and its development is making tremendous impacts n Material Sciences. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

STD AIDS 2017 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

Tentative Program

Day 1, November 13, 2017

Opening Ceremony

Honorable Guests Speech

Keynote Forum

Panel Discussion

Group Photo

Coffee Break

Workshops/Special sessions

Speaker Forum

Track 1: AIDS stigma and discrimination

Track 2: Viral, Bacterial, Fungal & Protozoan STDs

Track 3: Lived experience of HIV

Lunch Break

Speaker Forum (Cont...)

Track 4: Pediatric HIV AIDS

Track 5: HIV and Retroviral Diseases Affecting Afro-Asian Continents

Track 6: HIV Drug Discovery and Research

Track 7: Understanding and identifying HIV: HIV Related Infections, Co-Infections and Cancers

Track 8: HIV and cardiovascular disease

Track 9: HIV and bone damage

Panel Discussion

*Young Researcher Forum

Awards Ceremony

Day 2, November 14, 2017

Keynote Forum

Panel Discussion

Coffee Break

Speaker Forum

Track 10: HIV and aging

Track 11: HIV in women

Track 12: Global Epidemiology of HIV/AIDS, STDs, & STIs

Track 13: HIV Diagnosis and Therapy

Lunch Break

Speaker Forum (Cont...)

Track 14: Emerging Technologies towards HIV/AIDS

Track 15: Awareness and knowledge on HIV/AIDS, STDs and STIs

Track 16: Global report on AIDS statistics, Information and Facts about HIV AIDS

Track 17: HIV & Vaccines

Track 18: Current Focus in Virology Research

Track 19: Viral Immunology and Vaccines development

Panel Discussion

*Young Researcher Forum

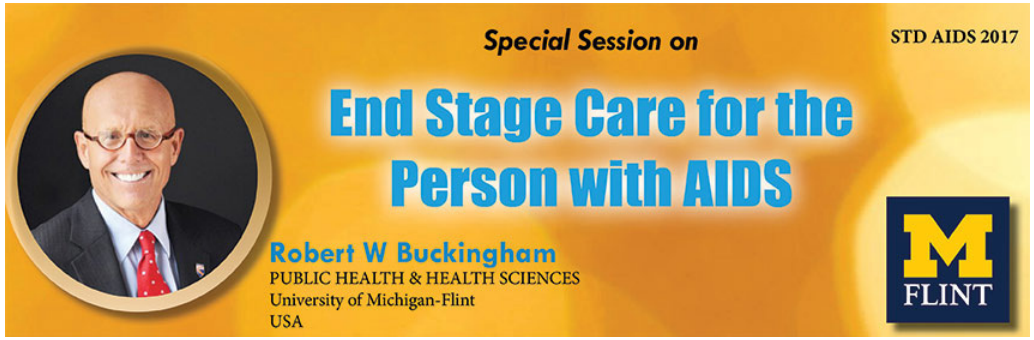

Poster Session & Coffee Break

Best Poster Evaluation

Awards Ceremony

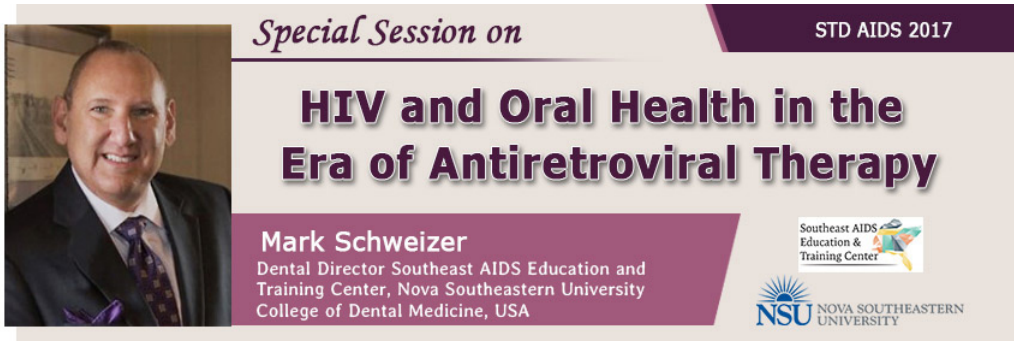

Closing Ceremony

About Las Vegas

Las Vegas is the most populous city in Nevada, the seat of Clark County, and an internationally renowned major resort city for gambling, shopping and fine dining. Las Vegas, which bills itself as The Entertainment Capital of the World, is famous for the number of casino resorts and associated entertainment. A growing retirement and family city, it is the 31st most populous city in the United States.

It is situated within Clark County in an arid basin on the desert floor, surrounded by dry mountains. The Spring Mountains lie to the west. Much of the landscape is rocky and dusty; the environment is dominated by desert vegetation and some wildlife, and the area is subject to torrential flash floods. Within the city there are many lawns, trees, and other greenery. Due to water resource issues, there is now a movement to encourage xeriscapes. Another part of the water conservation efforts include scheduled watering groups for watering residential landscaping. Las Vegas' climate is a subtropical, hot desert climate typical of the Mojave Desert in which it lies. The city enjoys abundant sunshine year-round: it has an average of about 300 sunny days per year with more than 3,800 hours of sunshine.

The city is home to several museums including the Neon Museum home to many of the historical signs from the valley, The Las Vegas Museum of Organized Crime and Law Enforcement, the Las Vegas Natural History Museum, Lied Discovery Children's Museum National Atomic Testing Museum, and the Old Las Vegas Mormon State Historic Park.

Las Vegas' climate is a subtropical, hot desert climate typical of the Mojave Desert in which it lies. The city enjoys abundant sunshine year-round; it has an average of about 310 sunny days per year. It is virtually free of tornadoes and ice storms.
