WELCOME ADDRESS

Dear Attendees,

The Structural Biology 2025 Organizing Committee is absolutely delighted to welcome you to the **23rd International Conference on Structural Biology** which will be held in **Frankfurt, Germany** on **September 08-09, 2025,** where we will be shining a spotlight on *"Innovative Approaches in Structural Biology for Disease Solutions"*.

We are looking forward to providing you with a superb environment in which to present, discuss and advance your infectious diseases research. The world class scientific programme will consolidate existing knowledge while at the same time increase your awareness of leading edge and forward looking advances in the field.

The congress is to be held in Frankfurt, Germany, often referred to as the financial capital of Europe, is a vibrant city known for its unique blend of modernity and tradition.. It exerts considerable influence on the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transportation. What better place to combine leading edge science with an unsurpassed personal experience.

We look forward to seeing/welcoming you in 2025 for an experience of a lifetime.

With Regards
Structural Biology 2025

ABOUT US

About Hosting Organization

Conference Series is the world's leading specialist in organizing academic, scientific and business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology, Business and many more to promote scientific research.

Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 50+ countries all through the year
- Over 25 Million+ Visitors and 25000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking Add a little bit of body text.

Structural Biology 2025 salient features

- Meet academia and industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, benchmarking and networking offered at one place
- Forge connections and for global networking
- Highly organized and structured scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

ABOUT US

Goals & Objectives

- The Structural Biology 2025 aims to bring together leading world's scientific experts, academic professionals, scientists, specialists, researchers, scholars, business delegates and students to exchange and share their experiences and research results on all aspects of Structural Biology.
- It also provides an interdisciplinary platform for policy makers, community leaders, business activists, scientists and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Structural Biology.
- We aim to bring the research and innovations happening across the parts of the globe to facilitate interaction, knowledge sharing and exchange. We also aim to inspire university professors, students, researchers, clinicians and entrepreneurs

About Conference

On behalf of Scientific Organising Committee we are overwhelmed to welcome all the interested participants to attend **23rd International Conference on Structural Biology** during **September 08-09, 2025 in Frankfurt, Germany**

The conference is going to be organized on the theme:An Insight into Every Dimension of Advanced Structural Biology Research. This Biochemistry Congress goes to be the most important and most promising international conference that specifically focuses on the Structural Biology by bringing all renowned researchers under one roof. this is often a 2 day multidisciplinary meeting covering all aspects of novel research and contributions within the field of structural biology and biophysics.

ABOUT CONFERENCE

Who Should Attend?

Structural Biology 2025 Conference website is attracting 56000+ experts, researchers, scholars and students from all areas of Diagnostic Laboratories, Clinical Fellows, Research Scholars, scholars, Biomedical Research companies, specialists, researchers, professionals, speakers, professors, business delegates and students.

Why to Attend?

- Find out what's new
- Meet experts & influencers face to face
- To present your ideas and work to others
- Networking for future collaborations
- The focus & Structural Biology of Like-Minded Individuals
- Fresh way of knowledge transfer
- Learn beyond your field or interest
- Meet, collaborate & get inspired
- Travel and extend your comfort zone

Conference Highlights

- Structural biology
- Proteomics and Genomics
- Biochemistry and Biophysics
- Molecular Biology
- 3D Structure Determination
- Computational Approach in Structural Biology
- Molucular Modelling and Dynamics
- Drug Designing and Biomarkers
- Gene regullation and cell signalling
- Structural Enzymology
- Sequencing Analysis
- Hybrid approaches in structure prediction
- Structural Bioinformatucs
- Molecular biology and techniques
- Structural biology and Databases

TESTIMONIALS

The conference was exciting. I enjoyed so much meeting new colleagues at the venue. I would like to express my sincere gratitude to you for your assistance and opportunity. It was a good experience attending this conference.

Amur Margaryan
National Science Laboratory, USA

The conference was very successful and staff members were very helpful. Workflow was good. Thank you for organizing the conference for us people.

Kuang-Hui Chi
National Yunlin University of Science & Technology, Taiwan

That is excellent. This time, I will encourage my friends and colleagues to attend. I will submit abstracts for the conference too.

Sudhanshu Sekhar Panda
University of North Georgia, USA

The organization of the conference was perfect and I was very glad of the warm welcome, of the scientific and human relationships among participants.

Ida PucciMinafra
University of Palermo, Italy

The conference was well organized and the committee was outstanding in keeping the whole event lively.

MouradTayebi
University of Surrey, England

It was wonderful event. I enjoyed presenting my talk. There were questions, comments, and interests in what I presented.

ABOUT FRANKFURT

Frankfurt, Germany, often referred to as the financial capital of Europe, is a vibrant city known for its unique blend of modernity and tradition. Nestled on the banks of the River Main, Frankfurt boasts a skyline dominated by striking skyscrapers, which house the headquarters of numerous banks, including the European Central Bank. This city is not only a financial hub but also a cultural hotspot, rich in history and diversity. The Römer, a medieval building that has served as the city hall for over 600 years, stands as a testament to Frankfurt's historical significance. The surrounding Römerberg square, with its charming half-timbered houses and cobblestone streets, attracts tourists and locals alike, offering a glimpse into the city's past. Frankfurt is also home to the Städel Museum, one of Germany's most important art institutions, showcasing an impressive collection of European masterpieces from the Middle Ages to contemporary art. Beyond its cultural offerings, the city is renowned for its vibrant culinary scene, where traditional German cuisine meets international flavors. The famous Frankfurt sausages, or "Frankfurter," are a must-try, often enjoyed with a side of apple wine, a local specialty. The city's diverse population contributes to a rich tapestry of cultures, making it a melting pot of traditions and customs. This multicultural environment is particularly evident in neighborhoods like Sachsenhausen, known for its lively atmosphere and numerous restaurants and bars. Frankfurt hosts several annual events that celebrate its cultural diversity, including the Frankfurt Book Fair, the largest of its kind in the world, attracting publishers, authors, and literary enthusiasts from across the globe.
