Title: The Impact of Postoperative Peritoneal Carcinomatosis Index on Survival of Patients with Peritoneal Surface Malignancy from Appendiceal Origin after CRS/HIPEC

Mecker G Möller

University of Miami, USA

Doctor Mecker G Möller is an Academic Surgical Oncologist and Associate Professor of Surgery at University of Miami. She completed her general surgery training at Michigan State University and her Surgical Oncology fellowship at University of South Florida Moffitt Cancer Center and Research Institute. Her areas of clinical practice and research include Breast Cancer, soft tissue malignancies including Melanoma and Peritoneal Carcinomatosis. She has significant experience in translational and clinical research, and an international speaker. She belongs to multiple prestigious surgical organizations and has served in several committees of the American College of Surgeons.

Title: Complications, Unfavorable Results and Critical Analysis of the Double Eyelid Procedure

Adolfo Napolez

Southern Illinois University School of Medicine, USA

Adolfo Napolez M.D. graduated from Southern Illinois University School of Medicine followed by a General Surgery Residency at West Penn Hospital in Pittsburgh, Pennsylvania, and followed that up with a Burn Surgery Chief Residency at Cook County Hospital in Chicago, Illinois and finally a two year Fellowship in General Cosmetic Surgery, highlighting Asian Cosmetic Surgery. He is a member of the American Academy of Cosmetic Surgery, American Society of Cosmetic Breast Surgery, as well as a member of the California Academy of Cosmetic Surgery. Dr. Napolez has published articles in 5 different Medical Journals, as well as a chapter Author in a textbook on Asian Facial Cosmetic Surgery. He has twice been selected as one of America's Top Surgeons in Cosmetic Surgery, as well as a Top Doctor in Plastic Surgery Practice Magazine. Dr. Napolez presented at the

Title: The General Surgery Is An Art, A Well Define Discipline And Never Die

Alberto Montori

University of Roma " Sapienza", Italy

Alberto montori md emeritus prof. Of general surgery university of roma " sapienza" italy. Facs (hon) iss/sic (hon) fasge. G.berci, sages lifetime achievement, eaes lifetime achievement. Ifses recognition. Former president of sied, sice esge, eaes, ueg. His main interets in clinical practice is surgical digestive activities, new technology applied to Surgery, minimally invasive surgery. Former professor and cherman of 3rd surgical clinic at university of roma "sapienza" visiting professor at thomas jefferson medical school college (philadelphia). He have received many awards and recognitions from scientific associations all Over the world.

Title: Hepatic Resection Versus Tace In Uicc Stage T3 Hepatocellular Carcinoma Patients: A Propensity Score Matching S

Chong Zhong

The First Affiliated Hospital of Guangzhou University of Chinese Medicine, China

Chong Zhong, M.D.,PhD. has his expertise in surgical oncology and minimally invasive surgery in hepatobiliary and pancreatic surgery in the Department of Surgery at The First Affiliated Hospital of Guangzhou University of Chinese Medicine. His clinical interest is hepatobiliary and pancreatic surgery. Dr. Zhong has been involved in cancer research for more than ten years. His researches focus on liver cancer and epithelial-mesenchymal transition and signal transduction pathway. His researches received supports from National Natural Science Foundation of China.

Title: Evaluation of simplified lymphatic microsurgical preventing healing approach (SLYMPHA) for the prevention of breast cancer-related clinical lymphedema after axillary lymph node dissection

Alicia Vinyard

Augusta University, Georgia

Dr. Alicia Vinyard is a Board Certified General Surgeon and Fellowship Trained Breast Surgical Oncologist at the Georgia Cancer Center in affiliation with the Augusta University Medical Center in Augusta, GA. She attended UNC-Chapel Hill where she completed her pre-medical degree. She completed medical school in 2011 at the Georgia Campus of PCOM. She completed general surgery training at Augusta University. She decided to specialize in breast surgical oncology to help other breast cancer survivors like herself with a special interest in young breast cancer patients and the obstacles they face. She obtained a fellowship in breast surgical oncology at the University of Miami-Miller School of Medicine in Miami, FL. She now is employed by the Georgia Cancer Center to lead the breast cancer program as the primary breast surgeon.

Title: Ultrasound Image Analysis Using Deep Learning Algorithm for the Diagnosis of Thyroid

Young Jun Chai

Seoul National University, South Korea

"Dr. Young Jun Chai is an Assistant Professor of Surgery at Surgery, Seoul Metropolitan Government Seoul National University Boramae Medical Center since 2013. Dr. Young Jun Chai was educated and trained at Seoul National University. He is a Managing Editor of Journal of Endocrinology (JES), secretary of Korea Intraoperative Neural Monitoring Society (KINMoS), and Korean Society of Head and Neck Oncology (KSHNS). He is also an Editorial Board of Journal Clinics in Oncology- Head and Neck Oncology, an active member of International Society of Oncoplastic Endocrine Surgeons (ISOPES), and Intraoperative Neural Monitoring Study Group (IONMSG). His major interest is endocrine surgery of thyroid, parathyroid, and adrenal glands. He is also interested in molecular biology of thyroid cancer and made oral presentation at annual meeting

Title: The Strategies of Repairing the Defects or Deformities in Superficial Tissues and Organs with Skin Flaps

Jiake Chai

The First Affiliated Hospital of PLA General Hospital, Beijing, China

Jiake Chai has his expertise in diagnosis and treatment of burn sepsis, destructive tissue defects, research and applications of wound repair materials, and management of critical national and military health emergencies. He Executive Committee Member, Regional Representative of South East Asia for International Society for Burn Injuries (ISBI), and a past Chairman of the Chinese Society of Burn Surgery. He has been invited to be the associate managing editor, member editor, and reviewer of 20 respected medical journals. He was invited as keynote speaker or as an overseas faculty member at many international academic conferences, giving speeches 11 times, followed by recognition from international colleagues.

Title: The Combined Use of Acellular Urinary Bladder Matrix With Negative Pressure for Treatment of Complex Lower Extremity

Claire Dillingham

Wake Forest University Medical School, USA

Claire Dillingham is a board certified plastic and reconstructive surgeon. Currently, she is the medical director of safety and quality at her local hospital. She was the medical director of a wound care facility for five years. She teaches surgery and medicine residents advanced techniques in wound care management. The focus is on the patient as a whole for improving nutritional status, body dynamics, diabetic control, treatment of peripheral vascular disease, compression of lower extremities, and implementation of advanced wound care modalities.

Title: Early Versus Delayed Cholecystectomies In Patient With Acute Cholecystitis, A Prospect From Jersey

Muhammad Aleem

Jersey General Hospital Channel Island, UK

"Muhammad Aleem has completed his fellowship in general surgery from Royal College of Surgeons Edinburgh and Dublin(Ireland)He has completed his basic and higher surgical training in Republic of Ireland and England. He has special interest is in laparoscopic coloproctology. Currently he is working as a general surgeon at Jersey General Hospital Channel Island of U.K."

Title: Gallstone Disease: Evaluation And Management In Patients After Bariatric Surgery

L. Renee Hilton

Augusta University Medical Center,Georgia

L. Renee Hilton, MD, is a board certified general surgeon and is fellowship trained in both bariatric and minimally invasive surgery. Dr. Hilton is the Director of Bariatric Surgery and the Center of Obesity and Metabolism at Augusta University Medical Center. She is an Assistant Professor at the Medical College of Georgia. She completed her general surgery residency at Jackson Memorial Hospital and then fellowship in bariatric and minimally invasive surgery at Yale University. She has been involved in numerous research projects involving obesity and foregut motility and is currently serving as the principal investigator on two trials at Augusta University Medical Center. She specializes in laparoscopic procedures for obesity, including gastric bypass, sleeve gastrectomy, and revisions of prior bariatric surgery. She is dedicated to helping individuals with morbid obesity reach

Title: Quality Of Life And Burnout Of Surgeons

Fabiano Calixto Fortes de Arruda

State Emergency Hospital of the Northwest Region of Goiânia Governor Ot

Fabiano Calixto Fortes de Arruda has his expertise in plastic surgery, working with academic and practice. He was a MBA in health management, a master degree in Health Sciences and work in Goiania, Goias, Brazil as chief of Department of Plastic Surgery and Burn unit of HUGOL. He loves plastic surgery aesthetic and reconstructive. He have graduation in coaching to work as a leader and in financial aspects, living in the Midwest of Brazil, he is development studies about areas of Plastic Surgery. He have many chapters of books and scientific articles, and he is publishing books about financial aspects.

Title: Evaluation of VASER's Employment Safety in Liposuction Surgery to Omprove Body Contouring

Felipe Massignan

Sociedade Brasileira de Cirurgia Plástica, Brazil

Felipe Massignan is a plastic surgeon member of Sociedade Brasileira de Cirurgia Plástica (SBCP) and American Society of Plastic Surgeons (ASPS). He is an enthusiastic medical doctor in his expertise, adding current technical concepts with artistic skills that have been developed since the beginning of his career. He especially distinguishes himself in body contouring plastic surgeries. He has been seeking to improve his professional development in major centers around the world. Currently, he has virtually become a reference in his field by using ultrasound liposuction in high definition.

Title: Surgeon-Centered Design: The Future of Surgical Robotics

David P. Moore

Zero Nine Design, LLC, San Francisco, California

David is a Guest Lecturer and Guest Instructor at Stanford University Engineering Program's Design Program. David holds a BFA in Graphic Design and Corporate ID and a BSc in Induastrial Design from the prestigious Art Center College of Design, Pasadena, CA. He has delivered keynote talks at conferences in the US and abroad and completed the prestigious Courage & Spark Executive Leadership Program, Oxford, 2017.David is the creator and publisher of WHEN Magazine (www.when-magazine.com) an artifact of the future, WHEN magazine takes a calculated look at where our ideas about design, art, style and our love of objects is taking us.

Title: Is Primary Breast Melanoma A True Pathological Entity?

Mecker G Möller

University of Miami, USA

Doctor Mecker G Möller is an Academic Surgical Oncologist and Associate Professor of Surgery at University of Miami. She completed her general surgery training at Michigan State University and her Surgical Oncology fellowship at University of South Florida Moffitt Cancer Center and Research Institute. Her areas of clinical practice and research include Breast Cancer, soft tissue malignancies including Melanoma and Peritoneal Carcinomatosis. She has significant experience in translational and clinical research, and an international speaker. She belongs to multiple prestigious surgical organizations and has served in several committees of the American College of Surgeons.

Title: Retained foreign bodies - A rare case of removal of surgical blade as retained foreign body from abdomen 5 years after surgery

Juliet June Ray

University of Miami, USA

Juliet June Ray, MD, MSPH is in her 6th year of General Surgery training at the University of Miami/Jackson Memorial Hospital Program in Miami Florida. She completed a two year research fellowship from 2014-2016 focusing on modulating inflammatory cytokines with hypothermia in addition to clinical outcomes research in trauma/burn, vascular, and general surgery. Her passion lies in surgical innovation in training for residents and medical students. She has over 30 publications in peer-reviewed journals and has presented her research at dozens of national meetings. She will be pursuing fellowship training in Colon and Rectal Surgery after completing her last year of residency.

Title: Degloving Injury

Ashok Puranik

All India Institute of Medical Sciences Jodhpur, India

Vast experiences in general and trauma surgery along with added skills of advanced lapaorscopic surgery,Almighty has bestowed me the power and magic to save life. I carry tremendous compassion for injured,weak,needy and elderly.Looking forward to work in a busy surgical centre and emergency care hospital.I have been an academic mentor and surgical innovator for my postgraduate students but primarily a soldiers doctor.consultant general surgeon and clinical researcher with special interest in Trauma, Laparoscopic advanced including Bariatric and general surgery, Colo rectal Surgery and Abdominal surgery, my special interests include acute care surgeries,trauma and Surgical critical care beside laparoscopic surgeries.including laparoscopic inguinal, femoral, incision hernia repair, laparoscopic cholecystectomy, appendicectomy and laparoscopic colorectal surgery.

Title: Primary Sigmoid Vaginoplasty in Transwomen: A Single Institution Experience

Heidi Bahna

University of Miami Health System, USA

Dr. Heidi Bahna, MD is a general surgery specialist in Miami, FL and has been practicing for 14 years. She graduated from New York Med Coll in 2004 and specializes in general surgery and colon & rectal surgery.

Title: Relationship Between The Resected Stomach Volume And Early Postoperative Weight Loss Following Laparoscopic Sleeve

Mohammed Abd Allah Salman

Cairo University,Egypt

Mohammed Abd Allah Salman MD MRCS Associate FACS , Lecturer in Department of General surgery, Faculty of Medicine, Cairo University,Egypt

Title: Log Odds of Positive Lymph Nodes (LODDS) stratification: What is the prognostic role in Colorectal Cancer Patients (CRC)?

Andrea Scarinci

Regina Apostolorum Hospital, Italy

Andrea Scarinci has completed his MD degree and residency program from La sapienza University. As surgery resident, he worked in HBP Surgery department at National Cancer Institute (Rome, Italy, Chairman: Prof. Grazi) and in HBP Surgery department (Chairman: Prof. Troisi) and Liver Trasplantation Unit (Chairman: Prof. Rogiers) at University Hospital Ghent (Belgium). Now, he is a permanent staff surgeon at surgery department of Regina Apostolorum Hospital (Albano Laziale, Rome), and an experimental surgery tutor at Bioscience department of Rome (Consorzio Tecnopolo di Castel Romano - Director: Prof. Caruso). He has published some papers, as first name, in reputed journals.

Title:The Importance of Sentinel Lymph Node Biopsy in Tumour Surgery

Maria Nicola

Semmelwis University, Hungary

Dr. Maria Nicola has completed her Primary Medical Qualification at Semmelweis University in Budapest, Hungary for which she graduated with honours. During her time at Semmelweis, she completed her Master of Science in Medicine as well as her MD on the Impostance of the Sentinel Lymph Node Biopsy, with a particular focus on Breast Surgery, a field she wants to subspecialise in after General Surgical Training. She is currently an FY2 trainee in the NHS and an aspiring surgeon.

Title:Reconstruction Salvage Following Complications Of Skin-Sparing Mastectomy And Immediate Implant Insertion

William Heseltine-Carp

Cardiff University Medical School, UK

William Heseltine-Carp is a 4th year medical student at Cardiff University, currently completing an intercalation year in Neuroscience BSc. This project was completed with the help of Consultant General surgeon, Mr. Rhodri Williams and the Department of Surgery, Royal Glamorgan Hospital, Llantrisant.

Title: To Assess How Clearly, Accurately and Legibly Operation Notes are Documented in Paediatric Surgery

Sowrav Barman

Blackpool Victoria Hospital, UK

Dr Sowrav Barman has completed his MBBS from Chittagong Medical College, Bangladesh. He moved to United Kingdom in 2015. He has done core surgical training in different surgical specialities and passed MRCS from Royal college of Surgeons of England. He is currently working as a Speciality Registrar in General Surgery at Blackpool Victoria Hospital in United Kingdom.

Title: Percutaneous Management of Patients with Malignant Biliary Obstruction: Assessment of Catheter/Stent Patency and Survival

Tezbir Singh

All India Institute of Medical Sciences, India

Dr. Tezbir Singh has completed his MD (Radiodiagnosis) at the age of 27 years from All India Institute of Medical Sciences, India and fellowship in Neuroradiology from NNI, Singapore. He is currently working as a Specialist Radiologist in Dubai Government, UAE a premier medical providing organization. He has published more than 5 papers in reputed journals and has been involved in many Academic Activities and presented Papers in many reputed Conferences.

Title: The Use of Extracorporeal Membrane Oxygenation for Acute Respiratory Distress Syndrome in Severe Burns without Inhalation

Valerie J Hart

Jackson Memorial Hospital, USA

Valerie J. Hart, DO is Assistant Professor of Clinical Surgery and Assistant Program Director for the Trauma/Critical Care Fellowship program at Jackson Memorial Hospital/Ryder Trauma Center. She completed her General Surgery training at Kanas City University of Medicine and Biosciences. Her interests include expanding ECMO access in the Trauma Intensive Care Unit and innovation in post-operative management of Critical Care patients.

Title: Perioperative Period is Critical Gap for Minimal Residual Cancer Cells Progression and Therapy

Anwar Tawfik Amin

Assiut University, Egypt

Anwar Tawfik Amin, is associate professor of surgical oncology at Assiut University, Egypt. He has his MD/PhD from Oita University, Japan. He is interested in laparoscopic gastrectomy and laparoscopic colectomy for GIT cancer. He published some articles in his clinical field as well as some other articles to demonstrate the impact of surgical trauma on the residual cancer cells after surgery. He is interested in findings solutions to propagate laparoscopic surgery for cancer towards low to middle income countries.

Title: Pain Caused By Chronic Compartment Syndrome Of The Leg. Results From A Multidisiplinary Cooperation

André Didriksen

Førde kiropraktorsenter, Førde, Norway

André Didriksen graduated from Angelo European College of Chiropractic in 1995. Chiropractor of the year in Norway in 2013. Most published chiropractor in Norway 2014. Practicing straight chiropractic.

Title: Calcifying Cystic Odontogenic Tumor a Rare EntityTitle: Calcifying Cystic Odontogenic Tumor a Rare Entity

Muhammad Zeeshan Baig

Medical and Dental College Islamabad, Pakistan

Muhammad Zeeshan Baig is an Oral surgeon and Assistant professor Oral and maxillofacial surgery department Islamabad medical and dental college Islamabad Pakistan.

Opening Ceremony

Keynote Forum

Title: New treatments for spinal cord injuries
Harry S Goldsmith, University of California, USA

Group Photo & Networking and Refreshments Break

Title: Complex hybrid procedure of a type 1 TAAA with retroperitoneal chimney approach for TEVAR and carotid-subclavian bypass
Justus Gross, UKSH-Campus Kiel, Germany
Title: Pearls from 1000 robotic femtosecond bladeless laser-assisted cataract procedures
John S Jarstad, University of Missouri, USA

Sessions: Orthopaedic Surgery | Oral & Maxillofacial surgery | Perioperative Care and Anaesthesiology | Otorhinolaryngology Surgery | Advancements in Surgery | Plastic Surgery

Session Chair: John S Jarstad, University of Missouri School of Medicine, USA

Session Introduction

Title: The chondral tissue and PRP: Theory to support the use
Marcus Vinicius Danieli, Botucatu Medical School, Brazil
Title: Retained foreign bodies - A rare case of removal of surgical blade as retained foreign body from abdomen 5 years after surgery
Rajneesh Kumar, Punjab Institute of Medical Sciences, India
Title: Tongue--tied: Management in pierre robin sequence, a case report
Nikitha Rajaraman, University of Glasgow, Scotland

Panel Discussion

Lunch Break @ Steak and Lobster Restaurant

Title: Anesthesia and neurodevelopment in children
Yaacov Gozal, Hebrew University of Jerusalem, Israel
Title: Thyroid surgery, *IONM* and *sugammadex sodium* relationships: Benefits in sugammadex Sodium using for IONM
Turgut Donmez, Lutfiye Nuri Burat State Hospital, Turkey
Title: The role of robotic-Assisted pancreatic surgery: Lessons learned from our initial experience
Emilio Vicente, San Pablo University, Spain
Title: Surgery in septic patient with acute aortic endocarditis - Case report
Tanja Anguseva, The Special Hospital for Surgical Diseases "Filip Vtori", Macedonia

Networking and Refreshments Break

Workshop @ Private room 12

Title: Are our health care systems "patient-centered"? How to run a quality improvement study of the health care system?
Nahla Gomaa, University of Alberta, Canada

Panel Discussion

Day 2 September 08, 2017

Hall Name : Private room 12

Keynote Forum

Registrations

Title: Stem cells and iPS cells: Far and beyond in surgical science
Ahmad Faried, Padjadjaran University, Indonesia

Title: The treatment of acetabular bone loss with associated pelvic discontinuity in revision total hip arthroplasty: Acetabular distraction technique
Neil Sheth, University of Pennsylvania, USA

Title: Awake intubation using a combination of rigid video laryngoscope – Flexible bronchoscope as a multimodal airway management
Ashraf Mohamed Ibrahim EL-Molla, Prince Sultan Military Medical City, Saudi Arabia

Networking and Refreshments Break

Sessions: Anesthesia Awareness | Anesthesia |Pediatric Anesthesia |Surgical Anesthesia | Anesthetic Pharmacology | Orthopaedic Surgery

Session Chair: Robert Farrar, Summit Anesthesia Associates, USA

Session Introduction

Title: Change of the paradigm: From absolute contraindication to extension of indication – "When appropriate"
Giovanna Panarello, UPMC Palermo, Italy

Title: The impaired provider
Robert Farrar, Summit Anesthesia Associates, USA

Title: Procedural sedation and analgesia for pediatric endoscopy procedures: The good, the bad and the ugly
Nadia Najafi, University Hospital Brussels, Belgium

Title: Pediatric anesthesia lagging behind in comparison to other subspecialty in anesthesiology
Abdulaleem Alatassi, King Abdullah Specialized Children Hospital, Saudi Arabia

Lunch Break

Poster Presentations

A1 **Title: Change of the paradigm: from absolute contraindication to extension of indication – "When appropriate"**
Giovanna Occhipinti, UPMC Palermo, Italy

A2 **Title: Effects of different frequencies of TEAS on perioperative anesthetic dosage, recovery, complications and prognosis in patients who underwent VATS lobectomy: a randomized, double-blinded, placebo-controlled trial**
Shun Huang, National Center of Gerontology, China

A3 **Title: A mixed methods systems approach to the implementation of new neuromuscular blockade monitoring technology to anesthetic practice during laparoscopic colorectal surgery**
Laura Meney, University of Dundee, UK

S1 **Title: Facial trauma with pneumomediastinum: A case report**
Theadora Forster-Anderson, Fiona Stanley Hospital, Australia

S2 **Title: Association between the time of length since smoking cessation and insulin resistance in asymptomatic Korean male ex-smokers**
Ko-Woon Kim, The Catholic University of Korea, South Korea

S3 **Title: Associations between serum zinc levels and mental health: findings from the 2010 Korean national health and nutrition examination survey**
Na-Rae Kim, The Catholic University of Korea, South Korea

S4 **Title: Attitude, knowledge, and information sources towards organ donation among Kuwaitis: A socio-cultural perspective**
Maha M Al-Sejari, Kuwait University, Kuwait

S5 **Title: Is bilateral thyroidectomy necessary during total parathyroidectomy with auto-transplantation for secondary hyperparathyroidism?**
Shun-Yu Chi, Kaohsiung Chang Gung Memorial Hospital, Taiwan

S6 **Title: Spontaneous intra-abdominal haemorrhage from peri-splenic vessels in an atraumatic patient: A case report**
Theadora Forster-Anderson, Fiona Stanley Hospital, Australia

Session Continues

Title: What makes anaesthesia successful and safe
Ray Murtagh, Australian Anaesthesia Allied Health Practitioners, Australia
Title: WHO surgical safety checklist use in the operating theatres – Effectiveness and sustainability
Arvid Steinar Haugen, Haukeland University Hospital, Norway

Networking and Refreshments Break

Title: Ethical, general and technical issue in anaesthesia for awake thoracic surgery in high risk patients
Gabor Kiss, University Hospital Felix Guyon, France
Title: Role of BK channels in anesthesia
Ghassem Attarzadeh Yazdi, Hormozgan University of Medical Sciences, Iran

Video Presentations

Video1 **Title: Does obstructive sleep apnea patients be available for ambulatory surgery?**
Belia Garduno, Universidad Autonoma De Nuevo Leon, Mexico

Video2 **Title: Assessment of anesthesiologist pre-operative visits on patient anxiety**
Kathy D Schlecht, Oakland University, USA

Panel Discussion

Day 3 September 09, 2017

Hall Name : Private room 12

Keynote Forum

Title: Spontaneous inguinal enterocutaneous fistula as a complication of incarcerated Richter's hernia - Report of two cases
Ranendra Hajong, NEIGRIHMS, India
Title: A snapshot on the competency-based medical education in surgical specialties at Faculty of Medicine, University of Alberta, Canada; Where to start?
Nahla Gomaa, University of Alberta, Canada

Sessions: Transplantation Surgery | Cardiothoracic Surgery | General Surgery and its Specialties | Oral & Maxillofacial Surgery

Session Chair: Nahla Gomaa, University of Alberta, Canada

Session Introduction

Title: Issues with renal transplantation in lower-middle-income countries like Sri-Lanka
Chamila Pilimatalawwe Wijekoon, Sri Jayewardenepura General Hospital, Sri Lanka
Title: A proposed strategy for enhanced recovery after cardiac surgery
Kanishka Indraratna, Sri Jayewardenepura General Hospital, Sri Lanka

Networking and Refreshments Break

Title: Methodological evaluation of in-hospital mortality as an indicator of treatment effectiveness
Rosalee Zackula, Kansas School of Medicine-Wichita, USA
Title: A new technique for dissecting the pulmonary vessels and handling scissors
Sadanori Takeo, Kyushu University, Japan
Title: The influence of the obesity-Related stereotypes on evaluations of different body shapes in high school girls
Mein-Woei Suen, Asia University, Taiwan
Title: Biomechanical evaluation of different angle-Stable locking plate systems for mandibular surgery
Olivier Lieger, University of Bern, Switzerland

Lunch Break @ Steak and Lobster Restaurant

Title: Success of mental transposition to the brain of Alzheimer patients
Harry S Goldsmith, University of California, USA
Title: Intraoperative 3D transoesophageal valvular evaluation
Tanja Anguseva, The Special Hospital for Surgical Diseases "Filip Vtori", Macedonia

Panel Discussion

Video Presentations @ Private room 12

Video	**Title: Role of mitochondrial dysfunction in primary graft non-function after transplantation of marginal liver grafts: Study with novel intra vital confocal/multi-photon microscopy** **Zhi Zhong,** Medical University of South Carolina, USA

Networking and Refreshments Break @ Meeting Halls
