Invitation

Dear Colleagues,

ConferenceSeries Ltd extends its welcome to"2nd International Conference on Thyroid and Pregnancy " during September 03-04, 2018 in Auckland, New Zealand.

The conference is an international event, particularly devoted to Thyroid and pregnancy. This exciting event will give all participants a platform to exchange novel ideas, discover unique opportunities, reacquaint with colleagues, meet new friends, and broaden knowledge in Thyroid and pregnancy.

The theme of Thyroid 2018 is "Thyroid Therapy: Promising the dream of offspring", which will underpin the need for collaboration and cooperation of individuals from a wide range of professional backgrounds to create awareness on all aspects of Thyroid and pregnancy.

We sincerely hope that you all will not only join us for a symphony of outstanding science, but also take a little extra time to enjoy the spectacular and unique beauty of this region.

GLIMPSES OF PAST CONFERENCE

Thyorid 2018

City Attractions

Venue

Auckland is a city in New Zealand's North Island. Auckland is the largest urban area in the country. Auckland is home to over 1.2 million people, which represents a third of New Zealand's total population and is the fastest growing area in the country.

A coastal city, set amidst beautiful harbours, Auckland is a perfect blend of sophisticated city living and outdoor beauty that makes it one of the most desirable destinations in the world. This allows you to live where you choose – close to one of the beautiful north shore or eastern beaches, in the west near native bush, or in the city itself.

The largest city in New Zealand and the world's biggest Polynesian centre, Auckland is a diverse mix of contemporary lifestyle, cultural heritage, sporting achievements, economic vibrancy and colourful multi-cultural uniqueness, set in pristine marine-based environment.

Located in an 11 km-wide isthmus surrounded by the Pacific Ocean and Tasman Sea, the city enjoys a mild, sub-tropical climate and diverse landscape ranging from golden beaches, bush-clad hills, native forest and 50 beautiful Hauraki Gulf Islands. The city is liberally scattered with dormant or extinct volcanoes and if you climb to the top of any one of them, chances are, you will be able to pick out at least half a dozen others. One Tree Hill being one of the most famous. Rangitoto, guarding the entrance to the Waitemata Harbour, is the biggest and very hard to miss.

Venue:
Auckland, New Zealand
