Invitation

Dear Collegues,

Conference Series LLC Ltd. is delighted to welcome you to Rome, Italy for Tissue Science 2020.

The conference will focus on “Redefining Health Care through Tissue Engineering”. We are confident that you will enjoy the scientific sessions of this upcoming conference.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Tissue Science Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to see you in Rome, Italy this November

Sincerely,

Tissue Science 2020

Organizing Committee

What is Tissue Science 2020 ?

Tissue Science 2020 | November 02-03, 2020 in Rome, Italy.

Theme of the Conference is ''Redefining Health Care through Tissue Engineering.''

With the amalgamation of speakers of tissue research, Tissue Science Conferences Scientific Meetings is privileged to announce its "12th International Conference on Tissue Science and Regenerative Medicine". Which will be held during November 02-03, 2020 in Rome, Italy. We cordially welcome all the eminent researchers, students and delegates to take part in this upcoming tissue research conference, to witness valuable scientific discussions and contribute to the future innovations in the field of tissue Science, regenerative medicine and its allied areas

This Conference is a platform for tissue Science students, faculty, deans, researchers, and leaders tocollaborate on topics affecting tissue engineering education. Attendees can take advantage of opportunitiesto learn about tissue Science education research from a variety of oral and poster presentations. Meet and network with tissue Science professionals ranging from students to deans, faculty, and researchers. Take advantage of opportunities to collaborate with Tissue Science from around the world. Attend prominent plenary sessions about relevant issues affecting

Who are Attending

Tissue Science Conferences brings together individuals who have an interest in different fields of like tissue Science, regenerative medicine, biomaterials, stem cells, bio medicine, cell gene therapy, 3D bioprinting, artificial organs, anti aging etc

Major Sessions

Tissue Engineering
Gene and Immunotherapy
Biomaterials and Bioengineering
Cell and Organ Regeneration
Biotechnology and nanotechnology in stem cells
Soft Tissue Replacement
Stem Cell Bioprocessing
Regenerative Rehabilitation
Anti-Aging, Regenerative and functional Medicine
Biomedical Engineering Techniques
Artificial Organs
Applications of Tissue Engineering
Tissue Repair and Regeneration
Stem Cell Treatments
Cellular and gene Therapies
Bone Tissue Engineering
Bio Banking
Regenerative Medicine Market

Supporting Journals

Journal of Biotechnology & Biomaterials
Journal of Regenerative Medicine

Host City

Rome is the capital and biggest city of Italy. Rome is situated in the focal bit of the Italian promontory, on the Tiber River around 24 km inland from the Tyrrhenian Sea. cosmopolitan city with almost 3,000 years of comprehensively powerful craftsmanship, engineering and culture in plain view. Antiquated demolishes, for example, the Forum and the Colosseum bring out the intensity of the previous Roman Empire. It is the fourth most crowded city in the European Union by populace inside city limits. Rome has the status of a worldwide city. In 2016, Rome positioned as the fourteenth most-visited city on the planet, third most visited in the European Union, and the most prevalent vacation spot in Italy. Its memorable focus is recorded by UNESCO as a World Heritage Site. The acclaimed Vatican Museums are among the world's most visited exhibition halls while the Colosseum was the most prominent vacation spot in world with 7.4 million guests in 2018. As indicated by the GaWC investigation of world urban communities, Rome is a beta + city, positioning underneath Milan.

Vision & Plan

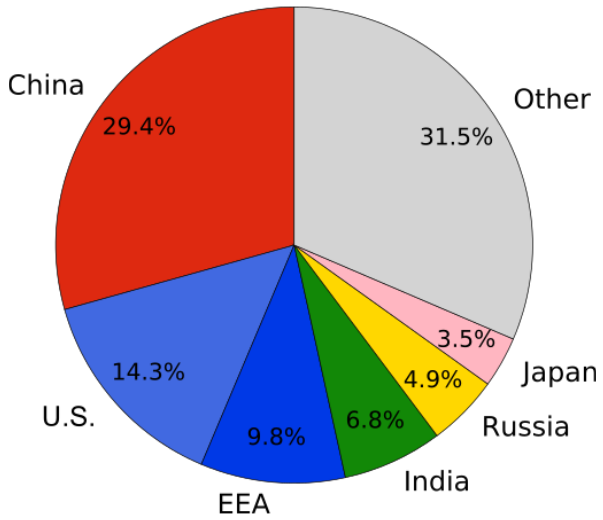

International Market Approach

The markets of technologies and therapeutic applications are analyzed in terms of USD. Global market for Tissue Science, estimated at US$23 billion in 2015, forecast to reach US$27.3 billion in 2015, and is further expected to register a CAGR of about 23% between 2016 and 2022 to touch a projected US$94.2 billion by 2022.

The contribution of the European region was 43.3% of the market in 2010, a value of $24.2 billion. The market is expected to reach $25.5 billion by 2011 and will further grow to $36.1 billion by 2016 at a CAGR of 7.2%. It grows to $65 billion to 2024

Visitors by Main activity

Sponsorship and Exposure

Diamond

- Three workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Four complimentary registrations
- Logo recognition on congress website front page with link, sponsorship page
- One A4 color advertisement in the congress souvenir
- Three inserts provided by the sponsor in the congress delegate bags

Platinum

- Two corporate sponsored workshop slots
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Three complimentary congress registrations
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page
- One A4 color advertisement in the congress souvenir
- Two inserts provided by the sponsor in the congress delegate bags.

Gold

- Two complimentary congress registrations
- One corporate sponsored workshop slot
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
