Tentative Program

8th World Congress on Toxicology and Pharmacology

April 13-15, 2017 Dubai, UAE

Interactive Sessions | Keynote Lectures | Plenary Lectures | Workshops | Exhibitors | B2B Meetings

For available speaker slots

toxicologycongress@toxicologyconferences.org

Tentative Program

Special Sessions

Title: Current status and Challenges for Toxicology and Risk Analysis in 21st Century: Intergrating Epidemiology Experimental and Computational Data in Real Life Exposures

Aristidis M. Tsatsakis, University of Crete Medical School, Greece

Title: Selenium and human health. Interactions with heavy metals

Wojciech Wasowicz, Institute of Occupational Medicine, Poland

Title: Endocrine disruption and antimicrobials

Jírová Dagmar, National Institute of Public Health, Czech Republic

Title: Psychoactive Substances: From ancient to Novelty?

Sahar Y. Issa, Dammam Poison Control Center, Saudi Arabia

Title: Strategies to identify and mitigate risks for first-in-human and early clinical trials with investigational medicinal products

David Jones, MHRA, UK

Speaker Presentation's

Title: Rate of Interaction between Antibiotics and Nonsteroidal Anti-Inflammatory Drugs in a District Hospital in Palestine

Yasin Tayem, Arabian Gulf University, Kingdom of Bahrain

Title: The River Nile Pollution and its Effects on Water Quality (Overview)

Khaled Abdou, Beni Suef University, Egypt

Title: Reconstructed skin models and methods for hazard and risk assessment of chemicals and cosmetics

Christian Pellevoisin, EPISKIN Academy, France

Title: Role of reactive metabolites in the circulation in nephrotoxicity

Adnan A Elfarra, University of Wisconsin-Madison, USA

Title: Possible neuroprotective mechanisms of ginseng and rutin in experimental model of head injury induced cognitive dysfunction

Anil Kumar, Panjab University, India

Title: Toxicology two-faced Janus Thallium

Sergey M Korotkov, The Russian Academy of Sciences, Russian Federation

Title: Laser Techniques in Toxicology Sciences, LTTS

Jesús Anzano, University of Zaragoza, Spain

Title: Assessment of the impact of air pollutants on the inflammatory response of the airway epithelium using an in vitro approach

Achard S, Paris Descartes University, France

Title: Effects of Combined Treatment with Tithonia diversifolia and Chloroquine on Chloroquine-Resistant Malaria in Mice

Damilola Alex Omoboyowa, Akanu Ibiam Federal Polytechnic, Nigeria

Title: Assessment of in vivo antimalarial activity of arteether and garlic oil combination therapy

Vathsala PG, Indian Institute of Science, India

Title: Nano-antioxidants as novel therapeuticall strategies for intervention against oxidative stress related conditions

Aziz Eftekhari, Tabriz University of medical sciences, IRAN

Title: Enhanced anti-cancer efficacy of Bromelain nanoparticles against Ehrlich ascites carcinoma upon oral administration

Priyanka Bhatnagar, All India Institute of Medical Sciences, India

Title: Nano-antioxidants as novel therapeuticall strategies for intervention against oxidative stress related conditions

Aziz Eftekhari, Tabriz University of medical sciences, IRAN

Title: Enhanced anti-cancer efficacy of Bromelain nanoparticles against Ehrlich ascites carcinoma upon oral administration

Priyanka Bhatnagar, All India Institute of Medical Sciences, India

Title: Autopsies Based Study of Cause of Death in District Lakki Marwat

Hamzullah Khan, Nowshera Medical College, Pakistan

Title: Patients Treated with Antidepressants and the Relative Risk of Suicide Attempt

R. A. Mandour, Mansoura University, Egypt

Young Researchers Forum

Title: Quantitative Detection of the Conformational Transitions between Open and Closed Forms of Cytochrome P450 Oxidoreductase (CYPOR) at the Membrane Surface in Different Functional States

Arafeh Sara, Marquette University, Milwaukee, USA

Title: Multi-Residue Analysis (Gc-Ecd) Of Some Organochlorine Pesticides In Commercial Broiler Meat Marketed In Shivamogga City , Karnataka State

Lokesha. L.V, Veterinary College, India

Title: Could be used diagnostic biomarkers to predict the response to biologic therapy in Rheumatoid Arthitis?

Gavrila Bogdan Ion, University of Medicine and Pharmacy, Romania

Title: Evaluation of in-vitro degradation rate of hyaluronic acid-based hydrogel cross-linked with 1, 4-butanediol diglycidyl ether (BDDE) using RP-HPLC and UV-Vis spectroscopy

Mohammed Al-Sibani, University Halle-Wittenberg, Germany

Title: 3, 3 - Diindolylmethane Inhibits Ras/Pi3k/Akt Signalling Through Gpr30 Abrogate Cell Proliferation by BPA Induced Female Sprague Dawley Rats

Thilagavathi subbaiyan, Annamalai University, India

Title: Size dependent toxicity and risk assessment of Titanium-dioxide nanoparticles (TiO2 NPs) in the soil nematode, Caenorhabditis elegans

Priyanka Khare, All India Institute of Medical Sciences, India

Title: Stem-cell-based, tissue engineered tracheal transplantation in mustard gas exposed patients suffering from tracheal malacia

Seyedehparvin Khazraei, Shiraz University of Medical Science, Iran

Title: Heavy Metals exposure in Nigeria: Health risk and public health implications

Nnaemeka Arinze Udowelle, University of Port-Harcourt, Nigeria.

Poster Presentations

Title: Microbiological efficacy of food contact materials

Bendová Hana, National Institute of Public Health, Czech Republic

Title: Hazard identification in newly developed antimicrobials

Kejlová Kristina, National Institute of Public Health, Czech Republic

Title: Prescription Guideline of Antibiotics in Geriatric Patients

Tambe Daniel Atem, East West College of College, India

Title: Activities and isoform patterns of trypsin and leucin aminopeptidase of Lymantria dispar larvae as potential bioindicators of chronic dietary cadmium exposure

Milena Vlahovic, University of Belgrade, Serbia

Title: Exposure to excess phenobarbital negatively influences the osteogenesis of chick embryos

Yu Yan, Jinan University, China

Title: The efficacy of Doxocycline, Rousovastatine and Spironolactone on cardiotoxic effect of Doxorubicin in female albino rats

Ansam j. Altelchy, Hawler medical university, Iraq

Title: Drug Utilization Evaluation and Adverse Drug Reaction Monitoring of Angiotensin Converting Enzyme Inhibitors and Angiotensin Receptor Blockers in Patients suffering from Systemic Hypertension with Diabetes mellitus

Gulnaz Bano, Jamia Hamdard, India

Title: Molecular Docking Study of an Anti-hyperlipidemia Drug Rosuvastatin as Nuclear Factor KappaB Inhibitor: Implication for Alzheimer's Disease-Hyperlipidemia Dual Therapy

Ibraheem Husain, Jamia Hamdard, India

Title: Protective effect of betulinic acid against intracerebroventricular streptozotocin induced cognitive impairment and neuronal damage in rats

Madhu Kaundal, Jamia Hamdard, India

Title: Cytotoxic effects of Androctonus australis hector venom on the isolated liver

Nadjia BEKKARI, USTHB University, Algeria

Title: Anastrozole, an aromatase inhibitor aggravate kainic acid induced seizures in mice

Ramsha Iqbal, Jamia Hamdard, India

Title: Effect of escitalopram and carbidopa on bone markers in Wistar rats: A preliminary experimental study

Ravisha Wadhwa, Jamia Hamdard, India

Conference Highlights

- Toxicology
- Toxicology and Risk Assessment
- Analytical Toxicology
- Genotoxicity
- Forensic Toxicology
- Food Safety and Environmental Toxicology
- Toxicology Applications
- Pharmacology
- Applied Pharmacology
- Environmental Pharmacology
- Pharmacological Testing
- Medicine Development and Safety Testing
- Experimental and Toxicologic Pathology
- Medical and Clinical Toxicology
- Toxicology Testing

Organizing Committee Members 2017

Hanan Ghantous
American College of Toxicology
USA

Aristidis M. Tsatsakis
EUROTOX
Greece

Wojciech Wąsowicz
Polish Society of Toxicology
Poland

Songsak Srianujat
Asian Society of Toxicology
Thailand

Khaled Abbas Helmy Abdou
Beni Suef University
Egypt

Medani P. Bhandari
Arabian Gulf University
Kingdom of Bahrain

Dagmar Jírová
National Institute of Public Health
Czech Republic

Sahar Y. Ibrahim Issa
Dammam Poison Control Centre
Saudi Arabia

Plan Your Trip to Dubai

About Dubai

Dubai is the most populous city in the United Arab Emirates (UAE). It is located on the southeast coast of the Persian Gulf and is one of the seven emirates that make up the country. The city of Dubai is located on the emirate's northern coastline and heads up the Dubai-Sharjah-Ajman metropolitan area. Dubai is to host World Expo 2020.

Dubai has emerged as a global city and business hub of the Middle East. It is also a major transport hub for passengers and cargo. By the 1960s, Dubai's economy was based on revenues from trade and, to a smaller extent, oil exploration concessions, but oil was not discovered until 1966. Oil revenue first started to flow in 1969. Dubai's oil revenue helped accelerate the early development of the city, but its reserves are limited and production levels are low: today, less than 5% of the emirate's revenue comes from oil. The emirate's Western-style model of business drives its economy with the main revenues now coming from tourism, aviation, real estate, and financial services. Dubai has recently attracted world attention through many innovative large construction projects and sports events. The city has become iconic for its skyscrapers and high-rise buildings, in particular the world's tallest building, the Burj Khalifa.

Dubai delivers a world class education and also immense job opportunities for well-educated students. The most well-known medical universities in Dubai are Gulf Medical University, RAK Medical and Health Sciences University, Royal College of Surgeons in Ireland (Dubai), Harvard Medical School Dubai Center, Dubai Medical College offering courses in Toxicology, Pharmacology, Public Health, Clinical Pathology, Community Medicine, Pathology, Histology, Biochemistry, Surgery.
