Scientific Program

3rd International Conference on

Transcriptomics

October 30 -31, 2017 Bangkok, Thailand

Hosting Organization: Conference Series LLC
One Commerce Center-1201, Orange St. #600, Wilmington, Zip-19899, Delaware, USA
Ph: +1-702-508-5200, Fax: +1-650-618-1417, Toll free: +1-800-216-6499
Email: transcriptomics@biochemconferences.org | transcriptomics@conferenceseries.net

Day 1 October 30, 2017

09:00-10:00 Registrations

Busarakam 3

conferenceseries.com **10:00-10:25** Opening Ceremony

Keynote Forum

10:25-10:30 Introduction

10:30-11:30 Title: RNA-seq based transcriptome analysis of thymus tissues of MMTV-TGF- α mice in calorie restriction fed

Nehir Ozdemir Ozgenturk, Yildiz Technical University, Turkey

Group Photo

Networking & Refreshments Break 11:30-11:50 @ Foyer

11:50-12:50 Title: Transcriptomics analysis of chicken spleen cells to highly pathogenic genotype 7 of Newcastle disease virus

Farhid Hemmatzadeh, The University of Adelaide, Australia

Lunch Break 12:50-13:50 @ PUBLIC Restaurant

Sessions:
Transcriptomics | Transcriptomics and Proteomics of Microorganisms | Transcriptome Analysis and Gene Expression | Next Generation Sequencing (NGS) Technologies

Session Introduction

Session Chair: Nehir Ozdemir Ozgenturk, Yildiz Technical University, Turkey

13:50-14:20 Title: Cataloguing of novel miRNAs during thermal stress in cattle

Gyanendra Singh Sengar, Sam Higginbottom Institute of Agriculture, Technology and Sciences, India

14:20-14:50 Title: Women, trauma and alcohol dependency: Connections and disconnections in alcohol treatment for women

Binod Kumar Yadav, Nepal Association For Medical Laboratory Sciences, Nepal

14:50-15:20 Title: Preparation of *de novo* transcriptome analysis from turkish filbert (*Corylus colurna* L.) and tombul hazelnut (*Corylus avellana* L. Tombul)

Nehir Ozdemir Ozgenturk, Yildiz Technical University, Turkey

15:20-15:50 Title: Transcriptome analysis of oral samples

Nandlal Bhojraj, Jagadguru Sri Shivarathreeshwara University, India

Networking and Refreshments Break 15:50-16:10 @ Foyer

16:10-16:40 Title: Transcriptomics data analysis: gene alternative splicing events in glioma cells

Yuriy L Orlov, Novosibirsk State University, Russia

16:40-17:10 Title: Reference ranges of standard amino acids in disease free neonatal population of northern pakistan

Asif Khan, Rawalpindi Medical College, Pakistan

Panel Discussions

Day 2 October 31, 2017

Busarakam 1

B2B Meetings and Panel Discussions

Lunch Break 13:00-14:00 @ PUBLIC Restaurant

Award & Closing Ceremony

Next in Series

4th International Conference on

Transcriptomics

May 17-18, 2018 Singapore
