ABOUT ZURICH

Switzerland, federated country of central Europe. Switzerland's administrative capital is Bern, while Lausanne serves as its judicial centre. Switzerland's small size—its total area is about half that of Scotland—and its modest population give little indication of its international significance. A landlocked country of towering mountains, deep Alpine lakes, grassy valleys dotted with neat farms and small villages, and thriving cities that blend the old and the new, Switzerland is the nexus of the diverse physical and cultural geography of western Europe, renowned for both its natural beauty and its way of life.

Zürich is the largest city in Switzerland and the capital of the canton of Zürich. It is located in north-central Switzerland at the north western tip of Lake Zürich. Both Zurich Airport and its main railway station are the largest and busiest in the country. The official language of Zürich is German, but the main spoken language is the local variant of the Alemannic Swiss German dialect, Zürich German.
