About the conference

Conference Series Ltd takes tremendous delight and feels regarded in welcoming the benefactors over the globe to “9th International Congress on Trauma, Critical Care and Emergency Medicine” to be held during July 20-21, 2023 Amsterdam, Netherlands.

Trauma, Critical Care and Emergency Medicine 2023 has been intended to address Trauma and basic care related established researchers to join supportability into each part of crisis and Health care division and uncover the best procedures and medications to settle the seriously sick patients and enhancing the survival of injury casualties around the world. The fundamental subject of Trauma, Critical Care and Emergency Medicine 2023 is “Exploring latest Innovations in Traumatic & Emergency Care”

In support of improving patient care, this Trauma 2023 has been planned and implemented by Conference Series, Ltd and Center for Education Development (CED). CED is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Why to attend the conference

The organizing committee is preparing up for an interesting and informative conference program including plenary lectures, congress, workshops on a variety of topics, poster presentations and various programs for participants from all over the world. Injury and Critical Care registries are potential information of part of the data required for reaching comprehensive public health surveillance of injuries and all aspects of injury prevention. This conference collects, stores, and retrieves the data describing the etiological factors, diagnoses, treatment and clinical outcomes of individuals who meet specified case criteria. This meeting gives worldwide stage for current research on practical exposure techniques and guidelines for management and early control of injuries.
