Invitation

Greetings,

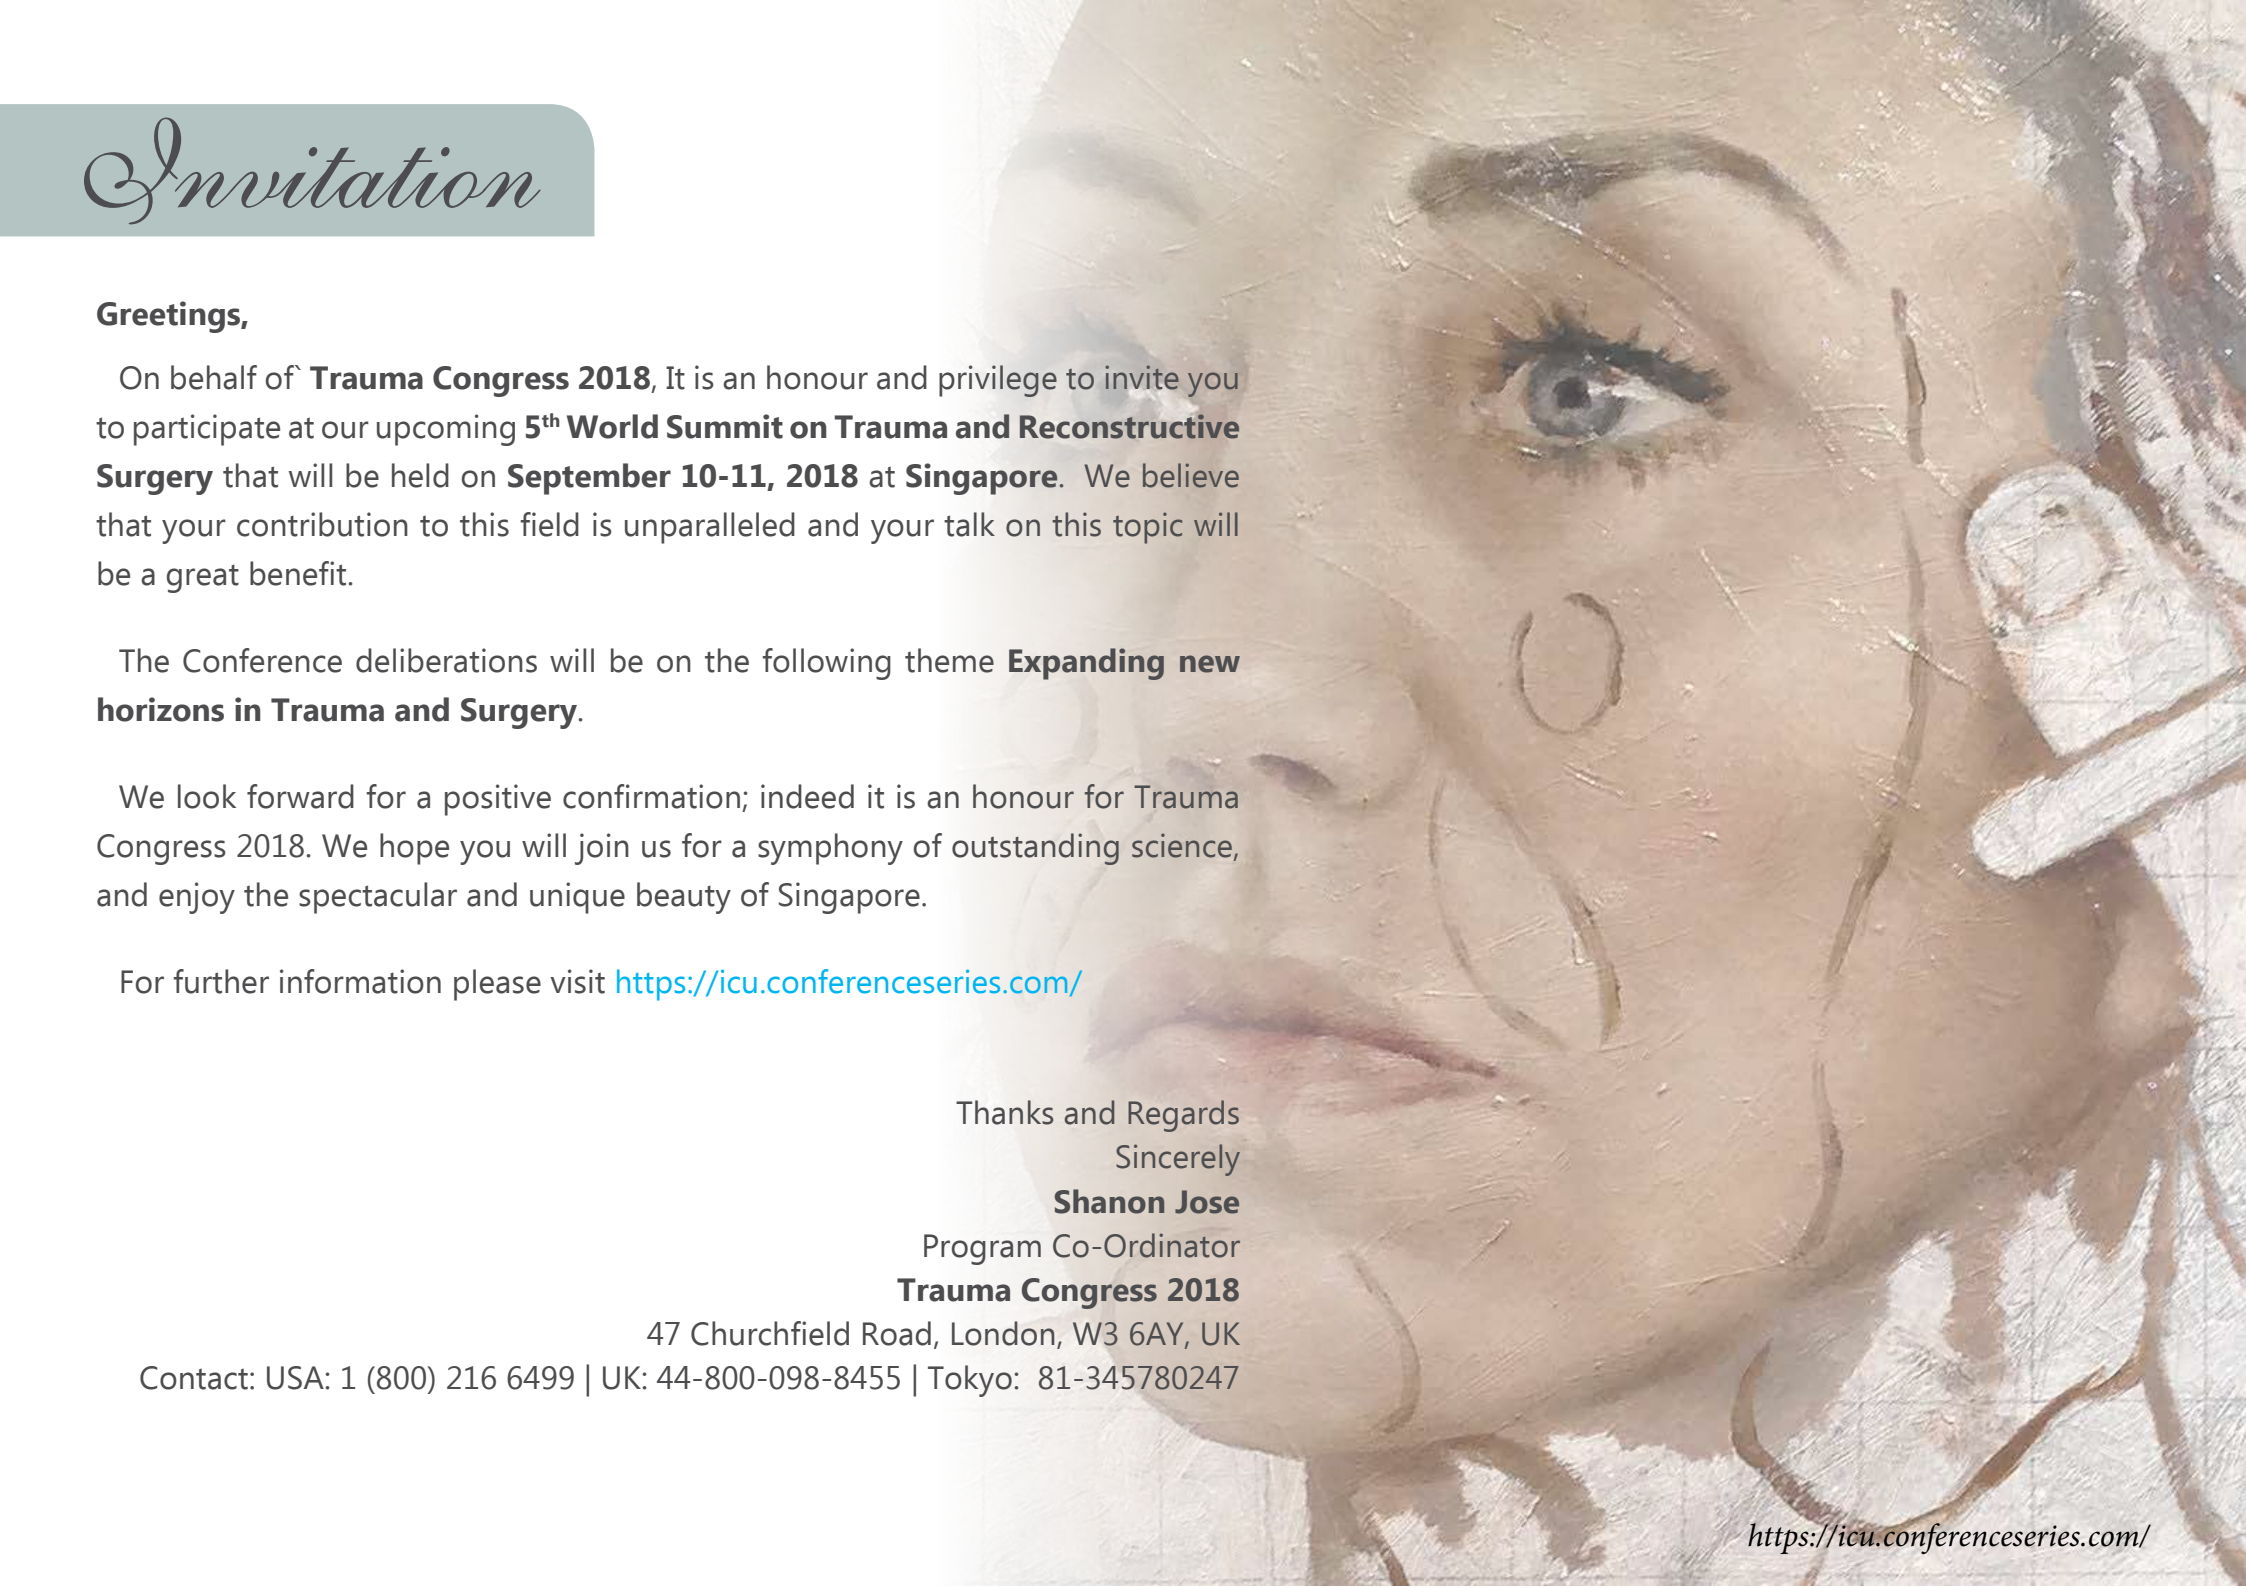

On behalf of` **Trauma Congress 2018**, It is an honour and privilege to invite you to participate at our upcoming **5th World Summit on Trauma and Reconstructive Surgery** that will be held on **September 10-11, 2018** at **Singapore**. We believe that your contribution to this field is unparalleled and your talk on this topic will be a great benefit.

The Conference deliberations will be on the following theme **Expanding new horizons in Trauma and Surgery**.

We look forward for a positive confirmation; indeed it is an honour for Trauma Congress 2018. We hope you will join us for a symphony of outstanding science, and enjoy the spectacular and unique beauty of Singapore.

For further information please visit https://icu.conferenceseries.com/

Thanks and Regards
Sincerely
Shanon Jose
Program Co-Ordinator
Trauma Congress 2018
47 Churchfield Road, London, W3 6AY, UK
Contact: USA: 1 (800) 216 6499 | UK: 44-800-098-8455 | Tokyo: 81-345780247

Title: Application of adipofascial flap in repairing heat-press injury
Hongjun Zhai, China Medical University, China
Title: Maintenance of Balanced Traction Care Chart to Minimise Complications of Femoral Fracture in Children
Sowrav Barman, Blackpool Victoria Hospital, United Kingdom
Speaker Slot Available
Speaker Slot Available

City Attractions

Glimpses of Past Conference

Venue

Singapore has evolved into one of Southeast Asia's most enjoyable cities. From its past as a colonial outpost, the capital has transformed into a soulful, diverse and rich city known for its fashion emporiums, dozens of parks, architectural legacy and absorbing cultural life. The food alone is enough to make Singapore a premier destination, but the city also draws visitors with its stylish nightlife, distinct neighbourhoods, adventure activities, natural beauty and vibrant energy. The lively neighbourhood provides a glimpse into the city's history with its faithful restoration of temples, shops and residences. Traditional businesses thrive, selling everything from incense to silk garments and herbal remedies. It is easy to lose yourself in the bustling alleyways, but that is part of the Chinatown experience.

Singapore has been set aside for parks and natural reserves. The network of natural reserves, parks, park connectors, natural ways, tree-lined roads and other natural areas have enhanced the sense of green space in the city which will keep you busy for weeks. Singapore has a tropical rainforest climate with no distinctive seasons, uniform temperature, pressure, high humidity and abundant rainfall. Sentosa, Singapore Flyer, Universal Studios Singapore, Night Safari Singapore, Singapore Botanic Gardens, Jurong Bird Park, Singapore Zoo, Sri Mariamman Temple, Pulau Hantu famous for its rich coral reefs and Peranakan Museum are some of the points of interest in Singapore. A splendid location, life expectancy, quality of life, personal safety and housing that is unsurpassed for its livability makes Singapore a city to visit and remember.
