Accommodation

A large number of rooms have been reserved. Discounted room rates for Trauma Congress -2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Trauma and Reconstructive Surgery.

About Singapore

Singapore has evolved into one of Southeast Asia's most enjoyable cities. From its past as a colonial outpost, the capital has transformed into a soulful, diverse and rich city known for its fashion emporiums, dozens of parks, architectural legacy and absorbing cultural life. The food alone is enough to make Singapore a premier destination, but the city also draws visitors with its stylish nightlife, distinct neighbourhoods, adventure activities, natural beauty and vibrant energy. The lively neighbourhood provides a glimpse into the city's history with its faithful restoration of temples, shops and residences. Traditional businesses thrive, selling everything from incense to silk garments and herbal remedies. It is easy to lose yourself in the bustling alleyways, but that is part of the Chinatown experience.
