Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement

- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

About London

London is the capital and most crowded city of England and the United Kingdom. Remaining on the River Thames in the south east of the island of Great Britain, London has been a noteworthy settlement for two centuries. It was established – most likely proximate to an as of now subsisting Celtic Briton town or settlement – around the year 43 by the Romans, who assigned it Londinium. London's age-old centre, the City of London, to a great extent holds its 1.12-square-mile (2.9 km2) medieval limits. Since at any rate the nineteenth century, "London" has furthermore alluded to the city around this centre, truly part between Middlesex, Essex, Surrey, Kent, and Hertfordshire, which today to a great extent makes up More prevalent London, represented by the Mayor of London and the London Assembly.

London is the leading global city in arts, commerce, finance, fashion, education technology, healthcare, media, transport, tourism, research, and development. London is the global centre for Higher Education and research. According to QS World University Ranking, it has the highest number of international students. It is world's second most Economical powerful city and has the fifth- or sixth-largest metropolitan area GDP in the world. London is the world's leading investment destination, which hosts more number of international retailers and ultrahigh-net-worth individuals. It has world's largest city Airport System measured by passenger traffic.

The presence of universities, hospitals, labs and other professional services, together with key installations of the U.K. make it favourite destination for scientific meetings.

Venue Address:

London, UK
