About Germany

Germany is a Western European country with a landscape of forests, rivers, mountain ranges and North Sea beaches. It has over 2 millennia of history. Berlin, its capital, is home to art and nightlife scenes, the Brandenburg Gate and many sites relating to WWII. Munich is known for its Oktoberfest and beer halls, including the 16th-century Hofbräuhaus. Frankfurt, with its skyscrapers, houses the European Central Bank.

All in all, there are more than 2000 hospitals in Germany. About half the hospitals in Germany are public, with about 30 of them being university clinics. One third of the clinics are private but non-profit, while the other hospitals in Germany are for-profit clinics. Their numbers are increasing..
