Neglected Tropical Diseases Congress: The Future Challenges

October 15-17, 2018 | Abu Dhabi, UAE

TENTATIVE PROGRAM

Conferences Series llc LTD

47 Churchfield Road
London W3 6AY, UK

Tropical Diseases 2018

EVENT PROGRAM

October 15, 2018

Opening Ceremony	08:30-09:00
Keynote Sessions	09:00-10:30
Panel Discussion	10:30-10:40
Emerging Neglected Tropical Diseases	11:00-13:00
Lunch Break	13:00-14:00
Global NTD Epidemiology and Challenges	14:00-16:00
Workshop	16:00-18:00

Note: Event Program is subjected to change with final allotment of Speaker slots

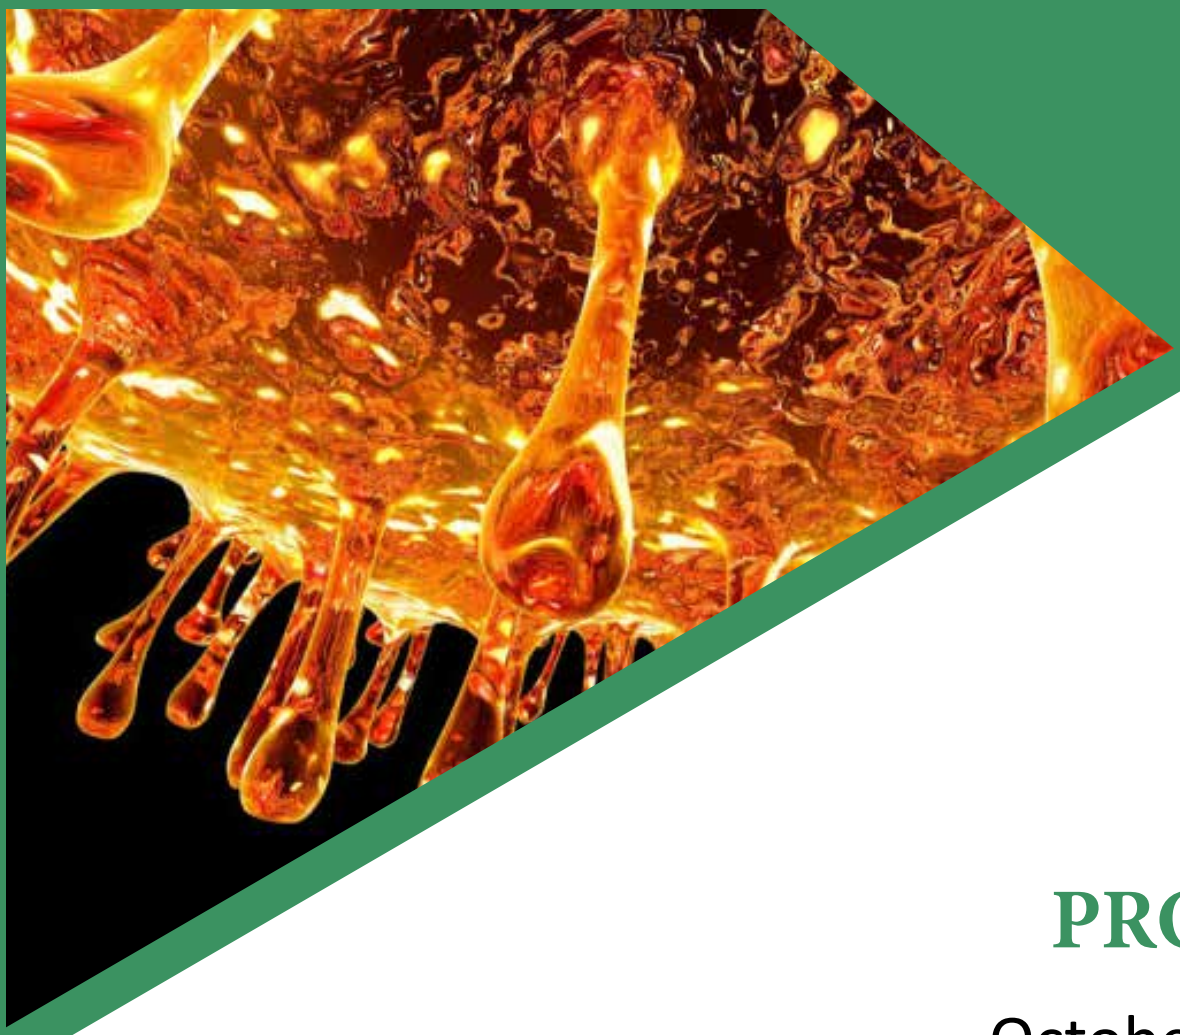

EVENT PROGRAM

October 16, 2018

Keynote Sessions	09:00-10:30
Tropical Bacterial Diseases,Tropical Viral Diseases,Tropical Protozoan $ Parasitic Diseases	11:00-13:00
Lunch Break	13:00-14:00
Tropical Zoonotic Diseases, Rare Diseases	14:00-15:30
Poster Presentations	16:00-17:00
Young Research Forum	17:00-18:00

Note: Event Program is subjected to change with final allotment of Speaker slots

EVENT PROGRAM

October 17, 2018

Keynote Sessions	09:00-10:30
Neglected Tropical Diseases in Clinical Research, Orphan Drugs, Anti-Microbial Resistance in NTDs	11:00-13:00
Lunch Break	13:00-14:00
Workshop	14:00-15:00
Special Session	15:00-16:00
Networking	16:00-18:00

Note: Event Program is subjected to change with final allotment of Speaker slots

SCIENTIFIC SESSIONS

Emerging Neglected Tropical Diseases

Global NTD Epidemiology and Challenges
Tropical Bacterial Diseases
Tropical Viral Diseases
Tropical Protozoan Diseases

Tropical Parasitic Diseases
Tropical Zoonotic Diseases
Rare Diseases
Orphan Drugs
Neglected Tropical Diseases in Clinical Research

Vaccines for Tropical Diseases
POC Treatment in NTD
Water, Sanitation and Hygiene
Socio-economic impact of NTD
Current Advancements in NTD
Anti-Microbial Resistance in NTDs

Organizing Committee Member

Rubén Bueno Marí

Dr. Rubén Bueno-Marí finished his Ph.D. in 2010 in the University of Valencia (Spain) and obtained the Special Doctorate Award in the field of Natural Sciences two years later. He is an active member of several scientific associations at national and international level, highlighting his role as current President Elect of the European Mosquito Control Association (EMCA). He is an expert advisor of the Iberoamerican Society of Scientific Information (SIIC) and has published more than 60 scientific publications in journals related with the fields of medical and veterinary entomology, applied zoology, parasitology and public health.

SESSION TALKS

Title: Seroprevalence of arbovirus antibodies, French Guiana, 2017
C. Flamand, Institut Pasteur in French Guiana, France

Title: Exploration of the impact of climate change on schistosomiasis transmission dynamics
Tayo Alex Adekiya,Department of Biochemistry and Microbiology, South Africa

Title: Prevalence and risk factors associated to P. falciparum infection in symptomatic and asymptomatic individuals in parts of kaduna metropolis, kaduna state, Nigeria
Karderam Bukar Dikwa,Department of Microbiology, Nigeria

Title: Travel Clinic and vaccination -Bahrain experience
Manaf Al Qahtani, Bahrain Medical Society , Bahrain

Title: Persister phenotype diversity in P. aeruginosa populations from airways of patients with cystic fibrosis
Biljana Mojsoska, Denmark

Title: In-silico design of a multi-antigenic, multi-stage and multi-epitope vaccine candidate against onchocerciasis and related filarial diseases: adding immunoinformatics to immunomics
Robert Adamu Shey,Universite Libre de Bruxelles, Belgium

Title: Perceptions and behaviors associated with emerging arboviruses in French Guiana
Camille Fritzell,Pasteur Institute of French Guiana, France

Organizing Committee Member

Abdulrahman Mohamad

Dr. Abdulrahman Mohamad is a senior consultant physician in infectious diseases, graduated from faculty of medicine 1996, and holds his master degree from Ein-Shams school of medicine, EGYPT his areas of expertise are clinical pathology , immunology and microbiology, the university is considered the top in Egypt in such specialties, he joined many hospitals as a lab director and when he saw that infectious diseases became a monster terrifying people all over the world , he directed his knowledge and skills to fight them, in the way to achieve that he got his American board of infection control and epidemiology from CBIC to complete his mission in fighting emerging infectious diseases and became the first consultant In a very well-known group of hospitals in the middle east.

SESSION TALKS

Title: Survey of Schistosomma species in Snail Intermediate Hosts of Schistosomiasis in some Water Bodies in Abuja, Federal Capital Tertitory, Nigeria.
Egbe Nkechi Eucharia , Nigerian Defence Academy, Nigeria

Title: Flu Pathogenesis Proteolytic Theory And Its Role In The Improvement of Flu's Treatment
Valentina Divocha, Lugansk State Medical University, Rubezhnoe, Ukraine

Title: Cervical cancer risk from the use of 'insunko' vaginal herb: A sexual discrimination
Maybin Kalubula, Chinese Academy of Sciences, China

Title: Development of new and effective anti-schistosomal drugs using antimicrobial peptides as lead compounds: a Computer-aided Drug Design study
Raphael Taiwo Aruleba , Department of Biochemistry and Microbiology, South Africa

Title: Epidemic Flu Viruses
Giulio Tarro, Beaumont Bonelli for cancer research, Italy

Title: Sero-prevalence of Human and Bovine Brucellosis, and Molecular Detection of Brucella species in cattle in three selected pastoral districts of Borena zone, Southern Ethiopia.
Wubishet Zewdie, Yabello Regional Veterinary Laboratory, Ethiopia

Title: The Prevalence of placental malaria in pregnant women in Asaba municipal, Delta state
C.O.Anorue , Federal University, Nigeria

Organizing Committee Member

Ghada Al Qassim

Dr. Ghada Al Qassim is a consultant pediatric emergency medicine and a chairperson of emergency medicine department, Royal Medical Services, Kingdom of Bahrain. She was the first Bahraini female graduate with pediatric emergency fellowship from Saudi Council for Health Specialties (SCHS). Dr Al Qassim is currently the president of Bahrain Medical Society (BMS). She is also the first general secretary of the Gulf Federation of Emergency Medicine (GFEM). She is a senior clinical lecturer & examiner in Pediatric Emergency Medicine at the Royal College of Surgeons in Ireland, Bahrain. Also a member in Bahrain National Ambulance Committee.

SESSION TALKS

Title: A community-wide epidemiological assessment of Schistosomiasis and Soil-Transmitted Helminthiasis (STHs) in Barombi crater lakes, South-West Cameroon, augmented with local malacological surveillance
Dieudonné Roland Eloundou Ombed, Centre of Schistosomiasis and Parasitology, Cameroon

Title: The challenge of Emerging and Re-Emerging Infectious Diseases
Manaf Al Qahtani, Bahrain Medical Society , Bahrain

Title: Additional (4th) Option for Malaria Elimination Activities
Dessalegn Temesgen Leye , Addis Ababa Science & Technology University , Ethiopia

Title: Epidemiology of Kaposi's sarcoma and the impact of HIV on the 1970 – 1979 generation in Zambia
Maybin Kalubula, Chinese Academy of Sciences, China

Title: Which diagnostic to use and why? New insights into intestinal schistosomiasis along the shoreline of Lake Albert, Uganda
Hajri Al-Shehria, Liverpool School of Tropical Medicine, UK

Title: Clastogenic effects of Trypanosoma brucei brucei and Trypanosoma evansi mixed infection in bone marrow of Wistar rats
Aliyu Muhammad, Ahmadu Bello University Zaria, Nigeria

Title: Global TB Control with special emphasis on Drug Resistant TB in India
Digambar Behera, WHO Collaborating Centre for Research & Capacity Building in Chronic Respiratory Diseases, India

Title: Prevalence and Antimicrobial Resistance of Pathogenic Bacteria Isolated from Cuticles of Blattella germanica and Periplaneta americana in Gizan City, Saudi Arabia
Elsiddig Noureldin, Saudi Arabia
