Welcome Message

Dear Colleagues,

Conference Series extends its welcome to **Tropical Medicine and Infectious Diseases** during **August 26-27, 2020** at **Singapore** with the theme "**Tackling Challenges and Future aspects on Tropical Medicine and Infectious Diseases**". Conference Series through its Open Access Initiative is committed to make genuine and reliable contributions to the Breast Cancer Survivors.

Conference Series Organizes 1000+ Conferences Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 100000 eminent personalities, reputed scientists as editorial board members.

Tropical Medicine 2020 Conference will focus on educational research directed toward its impact on Breast Cancer outcomes, through oral and poster presentations, educational workshop sessions, and influential plenary presentations. **Tropical Medicine 2020** is a perfect platform to find out how Breast Cancer innovations are helpful in the treatment of various Breast Cancer issues. Conference will focus on the following topics during presentations of the two-day event, which reflect current education, research, developments and innovations internationally in the field of Oncology.

Conference Highlights

- Tropical Medicine and Immunization Vaccination
- Neglected Tropical Diseases
- Most Common NTDs Causes and Treatments
- Infection Control And Public Health Awareness
- HIV/AIDS and Sexually Transmitted Infections
- Nosocomial Infections & Control
- Infectious Diseases
- Pediatric Infectious Diseases
- Global Markets on Infectious Diseases
- Immunology of Infections
- Neuro Infectious Diseases
- Tropical Medicine and Global Health
- Parasitology
- Tropical Diseases and Cardio Vascular Medicine
- Veterinary Infectious Diseases
- Bacterial Infectious Diseases
- Fungal Infectious Diseases
- Blood infectious Diseases
- Advancements in Vaccines and Therapeutics
- Molecular Diagnosis and Treatment of Infectious Diseases
- Antimicrobials/Antibiotics/Antibacterial
- Infectious Diseases Epidemiology
- Viral Infectious Diseases
- Ebola and Zika Viral Infections
- Tropical Neurology
- Dental and Oral Infectious Diseases

Abstract Information: Oral / Poster Presentation Guidelines

Oral Presentations are generally split into TWO categories, as follows:

1. Plenary Lectures

- Each Plenary lecture is 25 minutes in length and comprises one presentation. We recommend you plan to present for approximately 20 minutes with 5 minutes for questions/discussion.
- Where Plenary Lectures are presented as debates, each of two speakers should plan to present for 20 minutes, allowing five minutes for closing questions and conclusions. We recommend that invited speakers communicate in advance of the Moderator so that presentations may be coordinated.

2. Oral Sessions

- Each Oral Session is 60 minutes in length and comprises two presentations, of 30 minutes each. We recommend that you plan to present for approximately 15 minutes, allowing time for questions/ discussion at the end of the presentation.
- Please prepare you presentation in 16:9 format (screen are in format 16:9). We recommend you to save your PowerPoint presentation using PPT(X) format instead of PPS.
- A technician is available in every session room to provide assistance when needed. Due to the online presentation system, all speakers are kindly requested to use provided PC onsite. Please be present in the session room 15 minutes prior the start of your session and follow the instructions from the Chairs and/or technician.
- During your presentation a remote control will be available for controlling your presentation. Please observe the time allotted to you as you will not be permitted to speak for longer time.
- At the end of the Congress, all presentations will be deleted from the presentation system and computers on-site.

Speaker Preview Room

All speakers are asked to upload their presentation at the Speaker Preview Room (located in the Registration area) at least one hour before the beginning of the session or the day before in case of a morning session.

Poster Guidelines

- The poster exhibition will be an integral part of Tropical Medicine 2020.
- The poster exhibition will be located on the exhibition area of the congress center. The area will be clearly signposted from the registration area.

Technical Instructions:

- Posters must be prepared in Portrait style.
- Please DO NOT prepare a landscape poster
- The dimensions should be 100 cm high by 70 cm wide
- Posters should be attached to the boards with stickers, which you will be supplied to the organizers.
- Poster session schedule Posters will be displayed and presented in session.

Please plan to be at your poster and available to answer questions from delegates at the time of your assigned poster session. Posters will be displayed according to the POSTER numbers given by the organizers and will be grouped by sub topic.

Young Researchers Forum

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

Young Researcher Sessions are organized at the Tropical Medicine 2020, to provide a unique platform for Young Researchers/Investigators for presenting latest research projects with an in-depth analysis. Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event. Participants should be below the age of 33 years. All submissions must be in English.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.
