# Invitation…

**Dear Colleagues,**

It is a great pleasure and an honor to extend to you a warm invitation to attend the 34th **World Congress on Vaccines and Immunization**, to be held **June 23-24, 2020** in **Osaka, Japan**. We sincerely welcome all the eminent researchers, students, Pediatricians, Scholars, Surgeons and delegates to take part in this upcoming conference to witness invaluable scientific discussions and contribute to the future revolutions in the field of Vaccine and immuniology. **Vaccines Congress 2020** will be sorted out around the theme "Investigating, progressive and novel strategies in vaccines and immunization".

# Why to Attend???

With individuals from around the globe concentrated on finding out about Vaccine/ Immunology and its advances in new vaccines 2020; this is your best chance to achieve the biggest collection of members from the Immunology/Vaccine people group. Lead introductions, circulate data, meet with present and potential researchers, make a sprinkle with new immunizations improvements, and get name acknowledgment at this occasion. Widely acclaimed speakers, the latest systems, improvements, and the most up to date refreshes in Immunology/Vaccine are signs of this gathering.

# Conference Sessions:

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, constructive, experimental or theoretical work in all areas of Cardiology and Healthcare are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

- Vaccines
- Pediatric Vaccines
- HIV Vaccines
- Tuberculosis Vaccines
- Combination and Conjugate Vaccines
- DNA and Synthetic Vaccines
- Childhood and Maternal Vaccines
- Cancer and Autoimmunity
- Autoimmune Diseases
- Molecular Immunology
- Translational Immunology
- Thyroid Autoimmunity
- Prediction, Monitoring and Prevention
- Vaccines Production and Development
- Tumor Immunogenicity
- Protein Based Vaccines
- Plant Derived Vaccines

## Vaccines Congress 2020

- Opportunity to attend the presentations delivered by eminent scientists and business professionals from all over the world.

- Selected contributions will be published in following reputed high impact factor Journals.

  ☞ Journal of Clinical & Cellular Immunology
  ☞ Journal of Immunobiology
  ☞ Journal of Immunological Techniques & Infectious Diseases

# Program at Glance

| June 23, 2020 | |
|---|---|
| Time | Session |
| 08:30 - 09:30 | Registrations |
| 09:30 -11:30 | Keynote Forums |

# City Attractions

# Venue :

## Sydney, Australia

OSAKA is the most unique city in Japan, Located at a latitude of 34’35’□46’degrees north and a longitude of 135□23’□36’degrees east. Osaka is roughly in the middle of Japan□about 500km of the west in Tokyo) for 1400 years, Osaka has been a gathering place. The city has long conducted business not only nationwide but also with China and the Korean Peninsula, playing an important role as a centre of trade and cultural exchange. The Osaka regions continued to play an important role in Japan’s development. Osaka’s development into a major city began in the mid-sixteenth century, a time of great social instability and frequent internal warfare. Local feudal lords acted autonomously, unrestrained by a weak central government.

The best time to travel to Osaka in Japan The months May, June, July, September and October have nice weather with a good average temperature. On average, and the warmest month are July and Augusta lot of rain (rainy season) falls in the months: March, April, May, June, July, August, September and October. Warmest month is August. Coolest month is January. June is the wettest month. This month should be avoided if you don’t like too much rain. December is the driest month
