INVITATION

Dear Attendees,

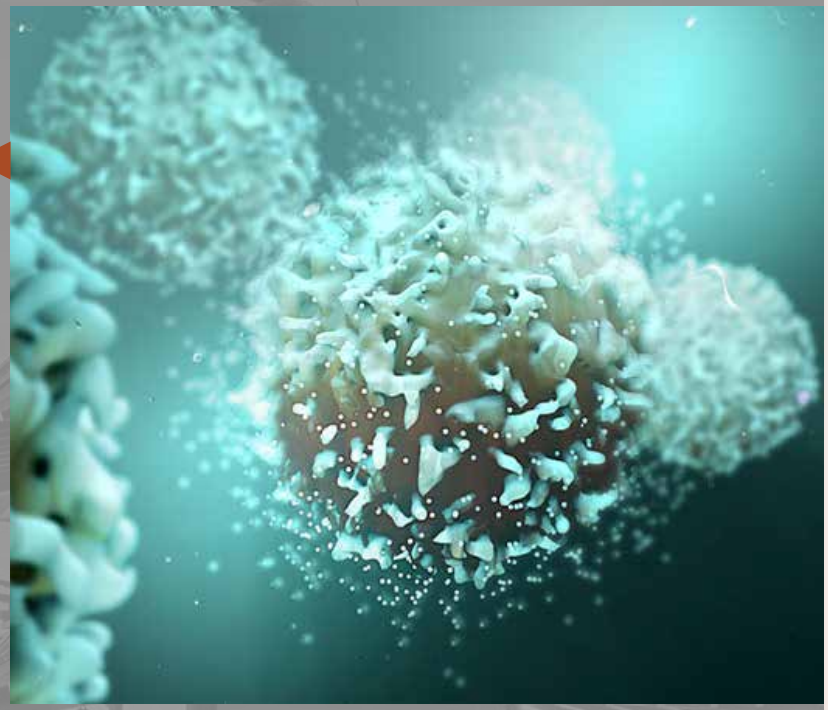

We are glad to announce the **34th World Congress on Vaccines and Immunization** to be held in **Osaka, Japan** on **June 23-24, 2020** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Vaccines Congress 2020** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Vaccine and immuniology. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. 34th World Congress on Vaccines and Immunization amid June 23-24, 2020 at Osaka, Japan. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Vaccines Congress 2020

Organizing Committee

Vaccines Congress 2020

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

The Congress will highlight the discussion around the theme "Investigating, progressive and novel strategies in vaccines and immunization" by bridging the gaps between the intellectuals from across the globe to enlighten their research and findings at Vaccines Congress 2020. The highlights of the conference includes Dermatology, Clinical Dermatology, Pediatric Dermatology, Dermatological Diseases, Psoriasis, Hyperpigmentation and Vitiligo, Leprosy, Skin Cancer, Mohs Surgery, Dermatological Techniques, Alopecia and Scalp Problems and many more.

Vaccines Congress 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Dermatology , present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Dermatology
- Discuss and apply recent research findings related to Dermatology and Skin Diseases.
- Reflect on the place of critical distance in Dermatology Research.

Who should attend?

- Directors of Vaccine and related Programs or Associations, Heads, Deans and Professors of vaccinology and related departments, Scientists and Researchers, Doctors, Vaccines Associations and Organizations, Laboratory members and Students working in the field of vaccines, Students

Conference Sessions

- Vaccine & Immunization
- Pathology and Immunology
- Immunological Disorders
- Human Vaccines-infectious & non- infectious
- Clinical Immunology and Allergy
- Infection and Immunity
- Immunology and Immune System
- Viral Immunology: Emerging and Re-emerging Diseases
- Paediatric Immunology
- Vaccines Against Drugs
- OncoImmunology
- Immunoinformatics
- Veterinary Vaccine
- Vaccine Safety and Efficacy
- Immunotoxicology
- Parasite Immunology
- Immunogenicity and Immune Tolerance

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT OSAKA

OSAKA is the most unique city in Japan, Located at a latitude of 34’35’ 46’degrees north and a longitude of 135 23' 36’degrees east. Osaka is roughly in the middle of Japan about 500km of the west in Tokyo) for 1400 years, Osaka has been a gathering place. The city has long conducted business not only nationwide but also with China and the Korean Peninsula, playing an important role as a centre of trade and cultural exchange. The Osaka regions continued to play an important role in Japan's development. Osaka’s development into a major city began in the mid-sixteenth century, a time of great social instability and frequent internal warfare. Local feudal lords acted autonomously, unrestrained by a weak central government.

The best time to travel to Osaka in Japan The months May, June, July, September and October have nice weather with a good average temperature. On average, and the warmest month are July and Augusta lot of rain (rainy season) falls in the months: March, April, May, June, July, August, September and October. Warmest month is August. Coolest month is January. June is the wettest month. This month should be avoided if you don't like too much rain. December is the driest month

The city's transport network is very well developed. Subways make it possible to reach anywhere in the city with in about 30 minutes. Osaka is about 30 minutes by train from Kyoto and Nara with their many cultural and historical sights, and Kobe with their exotic and fashionable atmosphere. A canonical view of Japanese culture developed during the Meiji era (1868-1912) in which Kyoto and Nara were given the status of sources and centres of traditional culture, while Tokyo and Osaka became the essence of modern society.
